## Notices

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment ( For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

(a) commercial or industrial activity at the land; or

(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

1. **Not to use the land other than for residential or other approved purposes**

Subject to clause 6, the land must not be used for any purpose other than:

3. **Design Guidelines**

- 3.1. The Encumbrancee will not act unreasonably in refusing any approval or imposing any condition of approval under clause 2. But a refusal or a condition cannot be deemed unreasonable if -
  - 3.1.1. the proposal as submitted is contrary to any provision in the Design Guidelines; or
  - 3.1.2. a corporate member of the Planning Institute of Australia certifies that the proposed works would have an adverse effect upon the development, appearance, health or amenity of the locality in which the land is situated or upon any part of that locality.

4.1.2. must not permit the dual reticulation network to be removed or disconnected, or to fall into disrepair.

4.2. In this clause, "dual reticulation network" means a water reticulation network which is designed and constructed:

6.1.2. the conditions of any relevant consent or approval given by any Council or other relevant planning authority.

6.2. Any approval granted by the Encumbrancee does not constitute an agreement or representation as to adequacy, suitability or fitness of the proposal, plans or specifications so approved, nor that the Council will grant its approval. The Owner acknowledges that the Owner will not place any reliance on the Encumbrancee's approval, whether for the purposes of planning or zoning laws or otherwise.

7. **No delay**

7.1. The Owner must not permit any undue delay to occur in the commencement or completion of any works approved under clause 2;

7.2. The Owner must not permit the commencement or the completion of the construction of a dwelling (or, if the Encumbrancee has approved a non-residential use, a building consistent with the approved use), approved by the Encumbrancee in accordance with clause 2, on the land to be delayed beyond time limits of:

7.2.1. twelve (12) months (for commencement); and

- 7.3.1. if the land has been designated by the Encumbrancee as a residential allotment, then the time limit for the establishment, to the reasonable satisfaction of the Encumbrancee, of a garden (including landscaping and associated pavements) between the front of the dwelling and the adjacent road boundary is a period of twelve (12) months after the completion of the dwelling;
- 7.3.2. in any other case the time limit for completion of landscaping, to the reasonable satisfaction of the Encumbrancee, on the land is 30 days following the date of occupancy or substantial completion of any building on the land, whichever first occurs (provided that the Owner also must comply with the obligations in clause 2.1.7).

## **8. Option to buy back**

If the construction of a dwelling (or other building as referred to in clause 7.2) approved by the Encumbrancee is not commenced on the land before the expiry of the time limit stated in clause 7.2.1 or, having been commenced, is not completed within the time limit stated in clause 7.2.2 (or within such further times as the Encumbrancee may agree in writing with the Owner), then the following provisions will apply:-

- 8.1 The Encumbrancee may request the Owner to transfer the land to the Encumbrancee or its nominee. The request may be made at any time after the expiry of the time limit, unless by that time the construction of a dwelling has commenced.
- 8.2 The Encumbrancee may, in its sole discretion, determine a price for the transfer of the land (being not less than the gross sale price of the land to the Owner less 10%).
- 8.3 The Owner must, within one calendar month after the date of a request under clause 8.1, transfer an estate in fee simple in the land in accordance with the request, subject only to this encumbrance.
- 8.4 The Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee for the purpose of giving effect to the transfer.
- 8.5 Rates, taxes and all other outgoings relating to of the land will be adjusted to the date of settlement of the transfer. All costs associated with the transfer will be borne by the Encumbrancee or its nominee.
- 8.6 The price fixed by the Encumbrancee will be payable to the Owner on settlement.

## **9. No sale or lease before building is completed**

- 9.1 Subject to clause 16 and this clause, the Owner must not lease, sell, advertise for lease or sale, or transfer the land unless:
  - 9.1.1 a dwelling (or, if the Encumbrance has approved a non-residential use, a building consistent with the approved use), approved by the Encumbrancee under clause 2.1, has been completed upon the land; or
  - 9.1.2 the Encumbrancee has consented in writing to the lease, sale, advertising or transfer.
- 9.2 If a dwelling (or other building referred to in clause 9.1), approved by the Encumbrancee under clause 1.1, has not been completed on the land and the Owner desires to transfer the land, then the following provisions will apply-
  - 9.2.1 The Encumbrancee has the option of re-purchasing the land, subject only to this Encumbrance, for a price fixed by the Encumbrancee in the same manner as set out in clause 8.2.
  - 9.2.2 The Owner must make an offer in writing to the Encumbrancee to sell the land to the Encumbrancee or its nominee for the price fixed by the Encumbrancee. The offer will remain open for acceptance for one calendar month after the date of service of the offer.
  - 9.2.3 If the offer is accepted then –
    - the Owner must sell the land to the Encumbrancee or its nominee upon the terms stated in this clause;
    - settlement will be effected within one calendar month from the date of acceptance;
    - the Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee;

- rates, taxes and all other outgoings relating to the land will be adjusted to the date of settlement;
- all costs associated with the transfer will be borne by the Encumbrancee or its nominee; and
- the price fixed by the Encumbrancee will be payable on settlement.

9.2.4 Until the expiry of the period stated in clause 9.2.2, the Owner must not transfer or agree to transfer the land to any other person (unless in the meantime the Encumbrancee, in writing, unconditionally declines the offer).

9.2.5 This clause does not prevent a transfer of the land, upon the death of the Owner, to a person entitled to land under the will or upon the intestacy of the Owner.

9.3 If a dwelling (or other building as referred to in clause 9.1), approved by the Encumbrancee under clause 2.1 has not been completed on the land and the Owner causes or permits the land to be advertised for sale without first complying with clause 8.2, then the following provisions will apply:-

9.3.1 The Encumbrancee may exercise its option to purchase the land for a price fixed by the Encumbrancee in the same manner as set out in clause 8.2 on the same terms and conditions as set out in clause 9.2.

9.3.2 The option must be exercised by notice in writing served on the Owner within one calendar month of the date on which the Encumbrancee becomes aware that the land has been advertised for sale. (A certificate under the hand of a manager or secretary or other senior officer of the Encumbrancee shall be conclusive evidence of such date).

9.3.3 Settlement must be effected within two calendar months of the exercise of the option.

## **12. Notice to rectify breach**

12.1 The Encumbrancee, or a servant, agent or contractor of the Encumbrancee, may enter the land at any time, (after giving at least 24 hours notice to the Owner), for the purpose of inspecting the land to determine whether any of the Owner's obligations under this instrument has been breached.
