Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are no directly comparable sales available for this property due to its unique architectural design, substantial accommodation and extensive features, including six bedrooms, five bathrooms, a swimming pool and six-car garaging on an allotment exceeding 720m². The property's distinctive nature and the emerging development activity within the surrounding area further limit the availability of comparable sales.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
