Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

N/A

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.

Newer freestanding townhouse in a neighbouring suburb offering double car garage, however, this property may have attracted Owners Corporation Fees.

Agent Comments

Most comparable sale by far, however it passed in at auction with zero bids and was subsequently negotiated with one party only. The sale was also subject to finance for over 14 days. I don't believe a single-party negotiated sale is a true indication of market price.

A good example of a modern day version of the similar product in a larger footprint and accommodation in a nearby suburb
