## **For your information:**

### **Section 187 certificate update request free of charge (One Update):**

Penalties and interest, property charges, payments or dishonoured payments can impact account balances daily.

To assist with financial adjustments as close as practicable to the date of settlement, your Section 187 certificate will now be valid for 90 days. Within this period we will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: The above 90 day extension is applicable only to Section 187 certificates. Section 7 certificates still remain valid for a 30 day period only.

### **BPAY biller code added to searches to enable electronic settlement of funds**

Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to us electronically. Please note that this is our preferred method payment and we request that you cease the use of cheques to affect settlement.

### **How to advise us of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office (LTO), we are advocating that the Purchaser's Conveyancer to advise the change of ownership by following the below:

If you are using e-conveyancing to affect a sale, please only issue advice to us if the mail service address is different to what was lodged via the transfer at the LTO. We update ownership details including the mailing address in accordance with the advice provided by the Valuer General. We have amended this change to align with SA Water practices and to provide an improved customer experience overall.

If lodging in person at the LTO – Please send the change of ownership advice to us via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au).

Electronic settlement of funds is still preferred.

#### *Further information held by council*

Does the council hold details of any development approvals relating to:

NO

- (a) commercial or industrial activity at the land; or  
 (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

#### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

### **General**

#### *Easement*

YES

Does a Council drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Council will endeavour to provide one months’ notice for any planned work that requires access to the easement.

In an emergency Council will require immediate access to the easement;

Approved encroachments do not diminish Council’s rights to the easement and may be removed (if required) at the owners cost;

Reinstatement of an approved encroachment at the owners cost may be approved or may require modification;

Unapproved encroachments or property improvements in, on or above the easement that do not meet relevant
