(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

- Preliminary
- Part A – Parties and land
- Part B – Purchaser's cooling off rights and proceeding with the purchase
- Part C – Statement with respect to required particulars
- Part D – Certificate with respect to prescribed inquiries by registered agent
- Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired. If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

- (b) an amount paid for an option to purchase the land.

If you wish to proceed with the purchase—

- (4) For a brief description of some of the matters that need to be considered before purchasing a community lot, see Division 3 of this Schedule.

**SCHEDULE - DIVISION 3****COMMUNITY LOTS AND STRATA UNITS****Matters to be considered in purchasing a community lot or strata unit**

The property you are buying is on strata or community title. There are **special obligations and restrictions** that go with this kind of title. Make sure you understand these. If unsure, seek legal advice before signing a contract. For example:

Governance

You will automatically become a member of the **body corporate**, which includes all owners and has the job of maintaining the common property and enforcing the rules. Decisions, such as the amount you must pay in levies, will be made by vote of the body corporate. You will need to take part in meetings if you wish to have a say. If outvoted, you will have to live with decisions that you might not agree with.

If you are buying into a mixed use development (one that includes commercial as well as residential lots), owners of some types of lots may be in a position to outvote owners of other types of lots. Make sure you fully understand your voting rights, see later.

Use of your property

You, and anyone who visits or occupies your property, will be bound by rules in the form of **articles or by-laws**. These can restrict the use of the property, for example, they can deal with keeping pets, car parking, noise, rubbish disposal, short-term letting, upkeep of buildings and so on. Make sure that you have read the articles or by-laws before you decide whether this property will suit you.

Depending on the rules, you might not be permitted to make changes to the exterior of your unit, such as installing a television aerial or an air-conditioner, building a pergola, attaching external blinds etc without the permission of the body corporate. A meeting may be needed before permission can be granted. Permission may be refused. Note that the articles or by-laws **could change** between now and when you become the owner: the body corporate might vote to change them. Also, if you are buying before the community plan is registered, then any by-laws you have been shown are just a draft.

Are you buying a debt?

If there are unpaid contributions owing on this property, you can be made to pay them. You are entitled to **know the financial state of the body corporate** and you should make sure you see its records before deciding whether to buy. As a prospective owner, you can write to the body corporate requiring to see the records, including minutes of meetings, details of assets and liabilities, contributions payable, outstanding or planned expenses and insurance policies. There is a fee. To make a request, write to the secretary or management committee of the body corporate.

Expenses

The body corporate can **require you to maintain your property**, even if you do not agree, or can carry out maintenance and bill you for it.

The body corporate can **require you to contribute** to the cost of upkeep of the common property, even if you do not agree. Consider what future maintenance or repairs might be needed on the property in the long term.

Guarantee

As an owner, you are a **guarantor** of the liabilities of the body corporate. If it does not pay its debts, you can be called on to do so. Make sure you know what the liabilities are before you decide to buy. Ask the body corporate for copies of the financial records.

Contracts

The body corporate can make contracts. For example, it may engage a body corporate manager to do some or all of its work. It may contract with traders for maintenance work. It might engage a caretaker to look after the property. It might make any other kind of contract to buy services or products for the body corporate. Find out **what contracts the body corporate is committed to and the cost**.

The body corporate will have to raise funds from the owners to pay the money due under these contracts. As a guarantor, you could be liable if the body corporate owes money under a contract.

Buying off the plan

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

Mixed use developments - voting rights

You may be buying into a group that is run by several different community corporations. This is common in mixed use developments, for example, where a group of apartments is combined with a hotel or a group of shops. If there is more than 1 corporation, then you should not expect that all lot owners in the group will have equal voting rights. The corporations may be structured so that, even though there are more apartments than shops in the group, the shop owners can outvote the apartment owners on some matters. Make enquiries so that you understand how many corporations there are and what voting rights you will have.

Buyers information notice

Prescribed notice to be given to purchaser

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services (CBS) recommends you check the website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing** and **appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (e.g. electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

Note: Building Indemnity insurance is not required for –

- (a) Domestic building work for which approval under the *Building Act 1971* or a development authorisation under the *Development Act 1993* was not required; or
- (b) Minor domestic building work (*see section 3 of the Building Work Contractors Act 1995*); or
- (c) Domestic building work commenced before 1 May, 1987; or
- (d) Building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* applies under the *Building Work Contractors Regulations 1996*; or
- (e) Building work in respect of which an exemption from the application of division 3 of Part 5 of the *Building Work Contractors Act 1995* has been granted by the Minister under section 45 of that Act.

Does the council hold details of any development approvals relating to –

- (a) commercial or industrial activity at the land; or
- (b) A change in the use of the land or part of the land (within the meaning of the *Development Act 1993*)?

No

Note:

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It is should be noted that –

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Basis of Preparation

The Body Corporate agent has prepared the financial statements on the basis that the Body Corporate is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared to meet the information needs of members.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the Body Corporate agent has determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the prior period unless otherwise stated.

Basis of Accounting

The financial statements have been prepared on a cash basis where income is recorded when received and expenditure is recorded when paid and are based on historical costs.

Cash and cash equivalents

Cash and cash equivalents comprise deposits held on call with banks and other short-term highly liquid investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Goods and Services Tax

Income, expenditure and assets of the Corporation are recognised net of the amount of Goods and Services Tax (GST), except where the GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST payable to, or recoverable from, the ATO represents the unpaid portion of the aggregate of GST on income received and expenditure paid and is presented as the GST Control Account on the Statement of Assets and Liabilities.

Income Tax

Income tax is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, during the financial year.

Only the non-member income of the Corporation is assessable for income tax purposes, as member income is excluded under the principle of mutuality.

The income tax expense recorded in the Statement of Income and Expenditure represent amounts that have been paid to, or recovered from, the ATO.

The financial report has been prepared in accordance with the cash basis of accounting as described in the summary of significant accounting policies. No assets or liabilities are recorded other than cash and bank balances.

In our opinion, the financial report presents fairly, in all material respects, the financial position of STRATA CORPORATION 740 INC as at 31 December 2025, and of its financial performance for the year then ended in accordance with the accounting policies described in the summary of significant accounting policies and the *Community Titles Act 1996 (SA)*

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

Without modifying our opinion, we draw attention to the basis of accounting, which is the cash basis of accounting. The financial report is prepared to provide information to the MEMBERS of STRATA CORPORATION 740 INC and, as a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibility of Management for the Financial Report

Management is responsible for the preparation of the financial report that gives a true and fair view and have determined that the cash basis of accounting is appropriate to meet the needs of members. Management's responsibility also includes such internal control as management determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF STRATA CORPORATION 740 INC**

In preparing the financial report, management are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

Management is responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

If the Body Corporate decides, by act or omission to engage a contractor who is not accredited with Whittles, the Body Corporate acts as the Person Conducting a Business or Undertaking, in regard to the common property for the purposes of occupational health and safety legislation. This means, that if the contractor engaged by the Body Corporate does not have the necessary accreditation, an injured party may seek damages from the Body Corporate.

The Corporate Manager will only request quotations from, and instruct works to be undertaken on behalf of the Body Corporate, by accredited contractors. However, non-accredited contractor's invoices will be processed for payment only when instructed to do so by the Body Corporate Chairperson or a person authorised by the Body Corporate to do so.

The *Work Health and Safety Act 2012*, recognises that a Body Corporate's common property is a workplace, as such the Body Corporate is responsible for ensuring the workplace is free from hazard, as far as reasonably practicable. Many different areas are subject to annual compliance and the Body Corporate Manager may review at the meeting all Body Corporate obligations and where necessary, update any compliance reports required to be held on file.

All legislative compliance reports will be reviewed promptly as required and any maintenance attended to in accordance with Australian Standards or Industry best practice using qualified and reputable practitioners. To ensure that the Body Corporate obligations are met and maintained during the year, the Compliance Register will be updated throughout the year.

Item 6**Accredited Contractors (Advice)**

To ensure compliance with work health and safety requirements to protect both contractors and Body Corporate's, Whittles only engage accredited contractors who comply with state and territory legislation. If the Body Corporate decides, by act or omission to engage a contractor who is not accredited with Whittles, the Body Corporate acts as the Person Conducting a Business or Undertaking, in regard to the common property for the purposes of occupational health and safety legislation. This means, that if the contractor engaged by the Body Corporate does not have the necessary accreditation, an injured party may seek damages from the Body Corporate.

The Corporate Manager will only request quotations from, and instruct works to be undertaken on behalf of the Body Corporate, by accredited contractors. However, non-accredited contractor's invoices will be processed for payment only when instructed to do so by the Body Corporate Chairperson or a person authorised by the Body Corporate to do so.

Item 7**Annual Compliance Register (Advice)**

The *Work Health and Safety Act 2012*, recognises that a Body Corporate's common property is a workplace, as such the Body Corporate is responsible for ensuring the workplace is free from hazard, as far as reasonably practicable. Whittles has established a register to ensure owners are fully aware of their legislative and reporting requirements for the Body Corporate. Many different areas are subject to annual compliance and the Body Corporate Manager may review at the meeting all Body Corporate obligations and where necessary, update any compliance reports required to be held on file.

All legislative compliance reports will be reviewed promptly as required and any maintenance attended to in accordance with Australian Standards or Industry best practice using qualified and reputable practitioners. To ensure that the Body Corporate obligations are met and maintained during the year, the Compliance Register will be updated throughout the year.

Item 3		
Purpose		
To determine the future use of the land in front of Units 1 & 6.		

Item 4		
Background		
<p>As owners are all aware, a Licence to Occupy this land was granted at the 1987 AGM to the then owners of Units 1 & 6. A copy of the full resolution wording has been attached to this meeting notice for reference.</p> <p>The below extract is taken from SA Legal Services Commission booklet: Strata Titles: A Legal Guide (December 2021)</p> <p>Pg 29- Common Questions - Exclusive use of common property Q: ONE OF THE OWNERS IN THE BLOCK WAS GRANTED 'EXCLUSIVE USE' OF A LARGE PART OF THE COMMON PROPERTY BY THE CORPORATION SOME YEARS AGO. WE FEEL THAT THIS IS AN UNFAIR SITUATION. HOW CAN WE REGAIN THIS COMMON PROPERTY FOR USE BY ALL OWNERS?</p> <p>A: The Corporation can agree, by unanimous resolution, to grant exclusive use of the common property for a set period. A unanimous resolution is also required to revoke the exclusive use or for it to continue past the agreed date. If the exclusive use is not limited by time, it was an invalid resolution, as the Act requires any unanimous resolution allowing a unit owner exclusive use of a part or common property to be for a specified time.</p> <p>Section 26 (4) Strata Titles Act 1988— General powers: For the purpose of carrying out its functions, a strata corporation may—</p> <p>(4) The strata corporation may, if authorised to do so by unanimous resolution of the corporation, grant to a unit holder an exclusive right to occupy part of the common property for a specified period.</p> <p>As per the notice issued on 7/11/22 the Management Committee wish to call this meeting to discuss and vote on the future use of the land (common property) in front of Units 1 and 6.</p> <p>The following proposals have been submitted for all owners' consideration:</p>		

5 OPTION 1		
To Provide Visitor Parking AND License to Occupy Remaining Portion of Common Property as per proposal submitted by Units 3, 5, 6, 7 & 10.		

Motion 5.1		
Motion for Providing Visitor Parking	Ordinary Resolution	

That the Corporation engages professionals to convert a portion of the common property in front of both Units 1 & 6, into 2 visitor car parking spaces each side in accordance with the written proposal attached to this meeting notice.

Step one is to remove the brush fencing along the main driveway, and replace it with new, (and to code) fencing that is set back to accommodate visitor cars.

An indicative quote has been arranged by Avance Construction and is attached to this meeting notice.

Passed by Simple Majority

Notes

The Presiding Officer addressed members present and explained the reason's behind the proposal which has been submitted. Members discussed at length the proposal submitted by the owners of units 3, 5, 6, 7 & 10. Concern was raised regarding the condition of the entire driveway, funding for the works to be undertaken and also how the car parks will be monitored/policed to ensure they are not used as permanent car parking spaces. It was agreed that in order for any works to be undertaken it would require for funds to be either raised by Special Levy or accumulated via ongoing contribution payments. As only one indicative quote has been sourced at this time members agreed that further quotes are to be obtained with the view to present them at the upcoming AGM so that a decision regarding funding of the works and selection of a suitable contractor can be made.

Motion 5.2

Motion for Remaining Portion of Common Property

Unanimous Resolution

That the Corporation grant those persons who at the date of this meeting are registered as proprietors of Units 1 & 6 defined on the strata plan be jointly granted a licence to occupy the remaining land directly in front of the respective units for a period of five years following the completion of the works to install visitor parking.

(i) The licence hereby granted shall not be deemed to be transferable to any other person or persons unless consent to such transfer shall be first had and obtained by unanimous resolution of the strata corporation;

(ii) The registered proprietors of Units 1 & 6 shall be jointly and severally liable to meet all costs of and incidental to the installation of and future maintenance of any fences and gates to a standard acceptable to the strata corporation;

Subsequent to the meeting, the Presiding Officer discussed with the Corporation Manager to have the contractors that are re quoting on the driveway to also provide a quote and advice on including the additional car parking spaces at the front of the property. BUILDING REPORT

Address: 36 Jetty Road
Brighton

Report No: BR18070
Date: April, 2018
Inspector: David Frampton

For: Strata Corporation 740 Inc.
C/- Whittles

SCOPE OF REPORT

Magryn & Associates have been engaged to inspect the roof structure both externally and internally of units 1 to 10, at 36 Jetty Road Brighton.

The report deals with the unit complex generally, with some specific comments relating to each unit.

This report is to:

- Note the present condition and adequacy of the roof framework, members and connections.
- Note the present condition of roof tiles, cappings, flashings.
- Report on any defects and any unsafe conditions at the time of the investigation.
- Note relevant site information.
- Discuss probable causes.
- Recommend appropriate remedial works or further investigations if necessary.

Units 1-10 at 36 Jetty Road Brighton.

GENERAL

The unit complex is a group of 10 single storey units at 36 Jetty Road, Brighton.

They are of solid masonry construction with a pitched (approx. 20 degrees) cement tiled roof and would have been constructed in the late 1960's. The units are separated by masonry fire walls to the underside of the roof tiles.

The site is generally flat and faces south onto Jetty Road.

The inspection carried out was visual only and no fittings or fixtures were removed.

SITE INSPECTION

Roof Structure (all units)

The roof is a coupled roof with two rows of underpurlins to each side and is constructed of Oregon sawn timber, typical of the late 1960's.

The rafters were at 600mm centres and were supported by underpurlins which were strutted with both fan, and single perpendicular struts. The struts bear on the internal masonry walls.

Typical roof structure with two rows of underpurlins supporting the rafters.

Principle original roof members:

- Rafters 115mm x 36mm @ 600mm centres.
- Hip and valley rafters 192mm x 36mm.
- Underpurlins 175mm x 75mm, 140mm x 75mm, 125mm x 75mm
- Strutting 75mm x 75mm
- Tile battens 50mm x 25mm Hardwood @ 300 centres.
- Ceiling joists 95mm x 36mm @ 600mm centres.

All roof members were checked and found to be in generally reasonable condition with some minor cracking. Instances of the underpurlins not being supported at the required span or at the valley/hip rafter locations were consistent defects within the roof framing.

The roofs also contain angled struts which had not been fitted with blocks to prevent movement along the underpurlin.

All underpurlin connections to the hip and valley rafters were not fitted with the required spacer block and metal ties.

Connections were nailed only which was the practise at the time of construction. These were checked and found to be secure, except where otherwise noted.

The roof area above the garages under the main roofs were enclosed with firewalls in the roof space. No manholes have been installed in the garages to access these roof spaces and the roofs above the garages were not inspected.

All underpurlins and ridge beams run through the firewalls into the adjacent units.

Unit 1

This unit had the additional roof structures of hip and valley rafters on the southern end.

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- The underpurlins have not been supported at the hip and valley rafters. This has placed additional loads onto the hip and valley rafters and caused them to sag.
- The lap joint to the lower underpurlin on the western side has sagged and was not adequately supported.
- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.
- Cracked rafter located to the western side, 4 metres from the south.

Sagging lap joint to the western underpurlin.

Fan strut with one vertical leg and one angled leg.

The lower underpurlins in the south-western corner are not supported at the hip rafter and were sagging.

The lower underpurlins to the hip & valley rafters were not adequately supported.

Unit 2

This unit had the additional roof structures of hip and valley rafters on the south-western corner.

This unit had a partially blocked manhole and the roof structure could only be observed from a ladder within the manhole.

Defects noted:

- The roof was in reasonable condition however, the lower underpurlin in the south-western corner was not supported at the required centres and sagging 20mm between supports.

The lower underpurlins in the south-western corner was sagging.

Unit 3

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.

- The single angle strut to the upper underpurlin on the eastern side is not a recognised structural member in accordance with the timber framing code. The strut would impose a lateral load onto the fire wall.
- The upper underpurlin to the south-western side has been constructed of 2/75mmx75mm sections horizontally laminated. This is not a recognised structural member in accordance with the timber framing code. The extent of support this section offers to the rafters is not known, however, the underpurlin appears to be performing adequately.

Underpurlin constructed from 2/75mm x 75mm timber.

Single angle strut imbedded into the firewall.

Unit 4

No access could be obtained

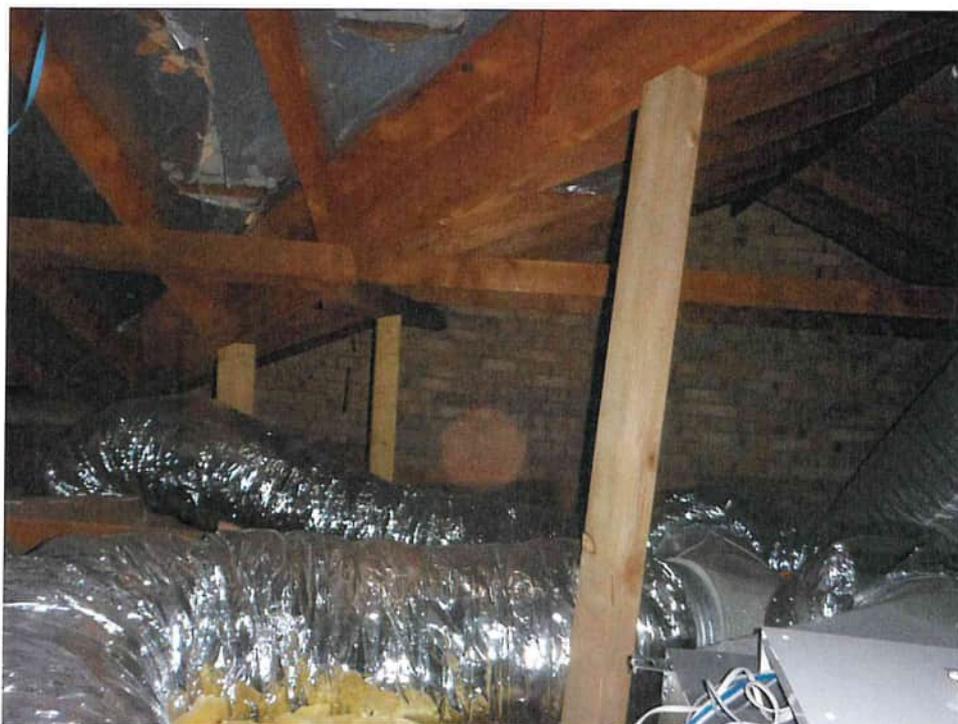

Unit 5.

This unit had the additional roof structures of hip and valley rafters on the southern and eastern sides.

The roof has been previous repaired with the insertion of additional vertical struts to the existing hip and valley rafters.

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- The underpurlins have not been supported at the hip rafters. This has placed additional loads onto the hip rafters and caused them to sag.
- Fan struts have been constructed with a vertical leg and no opposing angled member this may impose a lateral load onto the supporting wall.

Additional propping to the valley and hip rafters in the south-eastern corner of unit 5.

The lower underpurlins in south-eastern & north-western corners were sagging.

Unit 6

This unit has the additional roof structures of hip and valley rafters on the southern end.

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- The underpurlins have not been supported at the hip and valley rafters. This has placed additional loads onto the hip and valley rafters and caused them to sag.
- The lap joint to the lower underpurlin on the western side has sagged.

- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.
- The valley rafter has been fabricated out of two timber sections nail laminated horizontally. This is not a recognised structural member in accordance with the timber framing code .The lamination has failed at the top end.
- The upper underpurlin to the south-western side has been constructed of 2/75mmx75mm sections horizontally laminated. This is not a recognised structural member in accordance with the timber framing code. The extent of support this section offers to the rafters is not known, however, the underpurlin appears to be performing adequately.

The valley rafter lamination has failed in the south-western corner of unit 6.

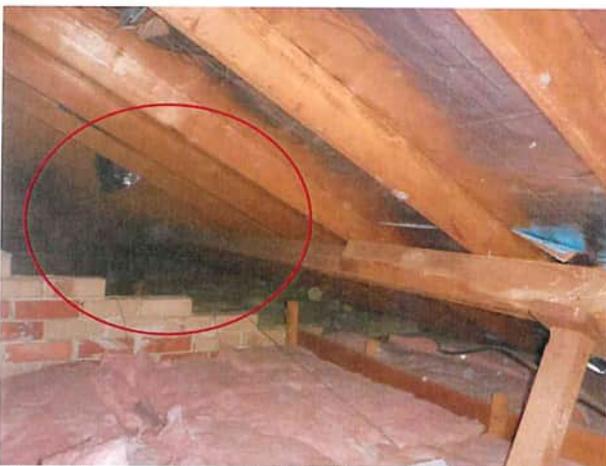

Unit 7

This unit had the additional roof structures of hip and valley rafters on the south-eastern corner.

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- The firewall in the roof space between unit 7 & 8 has not been built to the underside of the roof on the eastern side of the unit. The underpurlin was not supported at this location and was significantly overspan.

- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.
- The single angle strut to the upper underpurlin on the eastern side is not a recognised structural member in accordance with the timber framing code. The strut would impose a lateral load onto the fire wall.
- The underpurlins have not been supported at the hip and valley rafter. This has placed additional loads onto the hip and valley rafters and caused them to sag.
- The underpurlins have been square cut at the connection to the hip and valley rafter, this connection is not adequate.

Firewall has not been built to the underside of the roof tiles.

The underpurlin has been cut square at the hip rafter.

Unit 8

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- The firewall in the roof space between unit 7 and 8 has not been completed on the eastern side. The underpurlin is not supported at this location and is significantly overspan.
- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.
- The single angle strut to the upper underpurlin on the eastern side is not a recognised structural member in accordance with the timber framing code. The strut would impose a lateral load onto the fire wall.

Fire wall has not been built to the underside of the roof tiles.

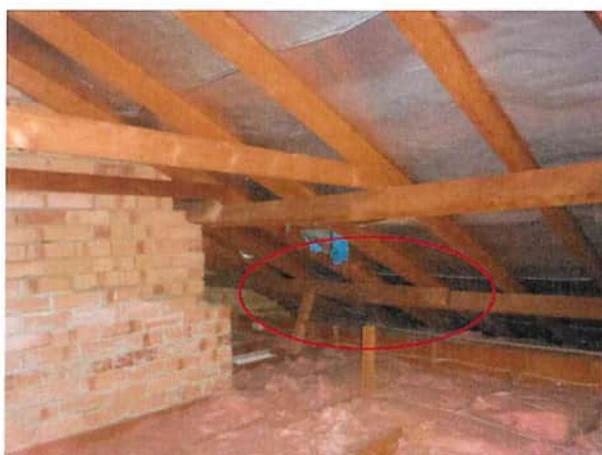

Single angled strut imbedded into the firewall.

Unit 9

Defects noted:

- The roof was in reasonable condition however, the lower underpurlins of the roof were not adequately supported and sagging between supports.
- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.
- The single angle strut to the upper underpurlin on the eastern side is not a recognised structural member in accordance with the timber framing code. The strut would impose a lateral load onto the firewall.
- The lower underpurlin lap joint on the north-eastern corner of the roof is not adequately supported.
- The rafter above the HWS has been cut and was not adequately joined.

Underpurlin lap joint is not supported.

Cut rafter has not been adequately joined.

Unit 10

This unit had the additional roof structures of hip and valley rafters on the northern and western sides.

The roof has been previously repaired with the insertion of additional vertical struts to the existing hip and valley rafters.

- The roof was generally in poor condition and the underpurlins were not adequately supported and sagging between supports.
- The underpurlins have not been supported at the hip rafters and the valley rafter has cracked. A previous repair work has been done to the valley/hip rafters, this repair will require additional work. As Oregon timber has been used in this repair, it is considered the repair would be at least 30 years old.
- Fan struts have been constructed with a vertical leg and no opposing angled member. This may impose a lateral load onto the supporting wall.

The valley rafter was cracked and has been repaired. Additional struts have been installed to support the hip rafter.

Lower underpurlins have no support at the hip rafter in the north-western corner.

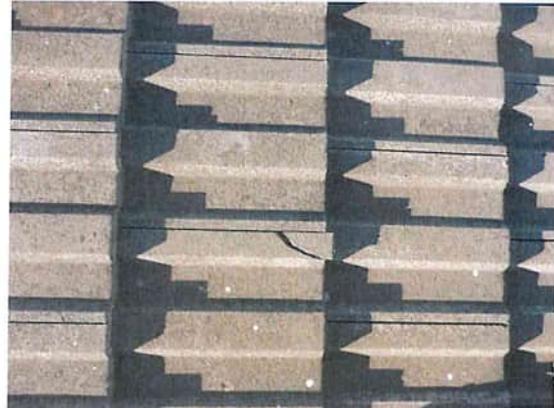

Roof Cladding

The roof tiling was in good condition with some minor cracking in the mortar to the ridge and hip capping.

Three cracked tiles were noted at the time of inspection.

Cracked and broken mortar to the ridge capping.

Cracked tile.

DISCUSSION

Roof Structure

The roof frame was constructed approximately 45 years ago and is not compliant with current Australian Standards.

Three systemic construction faults do occur through the roof structures in the different units:

- The fan struts were not constructed in accordance with normal construction practise with only one side being angled. This may impose a lateral load on the supporting walls.
- The underpurlin connections to the hip and valley rafters were not fitted with the required spacer block and metal ties.
- The lower underpurlins were not supported adequately and have imposed additional loads onto the hips and valley rafters.

It is possible to only replace or install additional support to the defective roof members.

New strutting beams will need to be fitted into the roof to reduce the span of the sagging underpurlins and support them from further sagging.

Drawings detailing the required strutting beams have been provided with this report.

However, upgrading the roof structure to the current Australian Standards in conjunction with new roof cladding should also be considered to ensure longevity of the roof structure.

Since no alterations to the roof structure are proposed, we believe there is no Building Code of Australia requirement to upgrade the framing to the current Australian Standards.

Firewall

The ridge beams and underpurlins penetrate and are supported by the firewalls separating the units. This was a common practise at the time of construction.

However, this does provide a path for a fire to burn through the firewall into the adjacent unit reducing the effectiveness of the firewall.

The roof members can be supported on the side of the firewall allowing for the timber crossing the wall to be cut away and the cavity to be bricked up.

The firewall on the eastern side of the garage to units 7 & 8 appears to have never been completed at the time of construction. This wall was only built to ceiling level for a distance of approximately 2 metres.

Since no alterations to the roof structure are proposed, we believe there is no Building Code of Australia requirement to upgrade the firewall to the current Australian Standards.

Garages under main roof

The perimeter walls to the garages have been built to the underside of the roof presumably to fire separate the garages from the adjacent units.

No separate manhole had been constructed in the garages, so access to the roof space above the garages was not possible.

The garages were only 3 metres wide which is within the spanning capacity of the underpurlins observed within the roof space. It is not considered necessary to break into the garage roofs to inspect these areas as no observable sagging of the roof tiles was noted.

RECOMMENDED WORKS

As discussed above, it is recommended to provide additional support to the roof framing of the original building. This requires supplementing the existing roof framework with new strutting beams as per drawings 18070.1-9.

Strutting beams

- Insert new strutting beams as per the attached drawings 18070.1-9.

- Install vertical strut with 70mm x 70mm MPG10 from the strutting beams to the underpurlins to prevent further sagging of the underpurlins (the roof is to be supported in its current position and not lifted).
- Installation and all connections are to be in accordance with AS1684.2-2010 – Residential timber-framed construction.

Underpurlin connections to hip and valley rafters

- Insert 90mm x 35mm MGP10 block between the underpurlins under the hip and valley rafters. Re-nail and fit metal ties in accordance with AS1684.2-2010 – Residential timber-framed construction.

Angled struts against firewalls

- Secure timber chook with 4/3.15mm x 75mm nails to the underside of the underpurlin and abutting the angled strut.

Unit 1 underpurlin lap joint

- Install strutting beam under and parallel to the underpurlins and support in the underpurlins current position as per drawing 18070.1

Unit 6 delaminated valley rafter

- Repair by inserting sections of 140mm x 35mm MPG10 spanning along the length of the separated sections extending 300mm past the delamination. Nail laminate to existing valley rafter in accordance with AS1684.2-2010 – Residential timber-framed construction.

Unit 7 and 8 firewall and underpurlin support

- Cut the underpurlin to allow the current firewall to be bricked up to the underside of the roof tiles.
- Fit new 600mm long, 120mm x 35mm MPG10 block to the side of the firewall and under existing underpurlin as a new support timber.
- Drill and set the new support block with 2/M12mm threaded studs into the brickwork with Hilti Hit-HY 170 chemical anchors.

Unit 9 underpurlin lap joint

- Install strutting beam under and parallel to the underpurlins and support in the underpurlins current position as per drawing 18070.9.

Unit 9 cut rafter

- Repair by inserting a section of 120mm x 35mm MPG10 spanning from underpurlin to ridge and nail laminating to existing rafter in accordance with AS1684.2-2010 – Residential timber-framed construction.

Unit 10 split valley rafter

- Remove existing cleats and repair by inserting a sections of 140mm x 35mm MPG10 spanning along the length of the crack and extending 300mm beyond. Nail laminating to the existing valley rafter in accordance with AS1684.2-2010 – Residential timber-framed construction.

Roof tiles

- Replace or seal with Duraflex sealant any broken roof tiles.
- Remove existing broken mortar to hip/ridge capping and repoint.

NOTES:

- All work performed on site shall comply with WHS requirements current at the time of the works.
- Installation and all connections are to be in accordance with AS1684.2-2010 – Residential timber-framed construction.
- Thoroughfares are to be kept safe and accessible for unit owners/tenants, and clear of all building plant outside of working hours.
- All products specified for the repair works are to be used strictly in accordance with manufacturer's specifications and no substitutions shall be made without the written approval of the undersigned.

Dear Committee Members,

Thank you for appointing our company to conduct your Sinking Fund Budget.

Based on our survey of your property, we have determined that the Strata Corporation will need to increase its contributions in order to cover its forecast maintenance fund expenses. We strongly recommend that the levies be set at the level shown in this plan.

This budget should be updated regularly to account for actual changes in construction and maintenance costs, unanticipated changes in the property's condition over time, changes in legal requirements and any discrepancies between the forecast and actual maintenance fund balances. Regular updates also create peace of mind and assist the Strata Corporation to manage the risk of litigation from individual owners (current and future) for breaches of its duty to maintain the common property by providing reasonable, up-to-date estimates of the cost of necessary maintenance work and repairs.

15 Year Cash Flow Tracking Sheet

The table below shows the cash flow starting with the anticipated 'Opening Balance' at the start of the first financial year which you provided to us. We then add the 'Total Levy Contributions' for the year and any 'Interest' on balances greater than \$10,000. Any 'Anticipated Expenses' are then allowed for leaving a 'Closing Balance' for the year which in turn becomes the 'Opening Balance' for the following year. In summary:
 Opening Balance + Total Levy Contributions + Interest – Anticipated Expenses = Closing Balance

15 Year Cash Flow Graph

The graph below tracks the 'Contributions' (the amount collected in levies), the projected 'Closing balance' of the sinking fund and the likely 'Expenses' for each year of this forecast. The three lines in the graph are:
 Contributions line - Total sinking fund contributions per year.
 Expenses line – Total anticipated expenses in each year.
 Closing balance line – Shows the amount left in the fund bank account at the end of the year after all anticipated expenses have been allowed for.

Anticipated Expenditures Table Year 1 - 15

This table shows when expenses will occur in the next 15 years. From left to right the columns are:-

'Expenditure Items' - lists the different areas and items of expenditure.

'Current Cost' - shows the current maintenance expenditure costs in today's dollars.

'Year 1' to **'Year 15'** - shows the costs in the year in which they occur including the 'Assumed Rate of Inflation' compounded annually until the cost is due.

At the bottom on each column there are three lines. Firstly, a **'Grand Total (Inc. GST)'** followed by a line calculating the **'Contingency Allowance (Inc. GST)'** for unforeseen and minor expenses and finally **'Total Expenses (Inc. GST)'** for that year. Please note: This page rounds figures to the nearest whole dollar.

Inspector's Report for Strata Corporation 00740

1. Actual Painting quotations can vary to our Painting Cost Estimates due to colour selection changes (ie: changing from light to dark or dark to light that may require multiple coats). Often over product specification that includes either an impact membrane or 3 coat systems can add up to 15-20% to the painting per square metre rate.
2. We have recommended that the balance of the Sinking Fund be allowed to increase over the length of this report, leading to a significant balance in the later years. It is necessary to allow a larger balance over time to offset the effects of inflation on building material and labour costs and to ensure that adequate funds are available to provide for major works, which frequently become necessary as the building ages but which cannot be reliably forecast this far in advance. Based on historical data and current trends, we anticipate that building construction and maintenance costs will increase by fifty percent every fifteen years. This recommendation will be reviewed each time this report is updated, in light of price levels and the state of the building at the time of each update.
3. **IMPORTANT NOTES ABOUT PAINTING:** Painting a building serves two main purposes: improving the appearance of the building; and protecting the painted surface. From a maintenance point of view, this second purpose is more important. By sealing the surface, paint protects the building from damage caused by water, salt or air pollutants. Although most paints will hold their appearance for at least ten years, before cracking or peeling occurs, they become porous and lose their protective abilities well before this point. As such, we recommend that surfaces are repainted more frequently.

High-quality elastomeric paints, when properly applied, can achieve longer-lasting results, however the higher cost of this paint, lower spread rates and higher labour costs associated with this work tends to increase painting cost by approximately 50%, and so has not been included in this forecast.

Washing or pressure cleaning a painted surface can significantly diminish its function as a protective coating. If the surface is not repainted after the timeframe recommended above it will become more vulnerable to water, salt and/or pollutants. The resulting damage can considerably increase the cost of surface preparation before future repainting and, in extreme cases lead to concrete cancer, requiring major repairs.

4. An allowance has been made for the cleaning and maintenance of the driveway. Cleaning may be carried out using high pressure water or a chemical wash, however the Strata Corporation should take care to abide by water-use restrictions when doing so.

The resulting damage can considerably increase the cost of surface preparation before future repainting and, in extreme cases lead to concrete cancer, requiring major repairs.

6. The painting cost estimates are as accurate as possible. However, due to privacy considerations, access restrictions to some areas and the varied nature of the property, it is recommended that the Strata Corporation obtain quotes for painting work well in advance of when the work is to be carried out to allow for any shortfall or excess in funds.
7. The maintenance of fences between properties is regulated under the Fences Act 1975, which states that each adjoining owner shall pay half the cost of maintain an adequate fence. As such, we have applied a fifty percent rate to all maintenance work on these fences in this report.
8. An allowance has been made for the cleaning and maintenance of the driveway. Cleaning may be carried out using high pressure water or a chemical wash, however the Strata Corporation should take care to abide by water-use restrictions when doing so.
9. As the property is in a salt air environment it is most important that the Strata Corporation closely monitor the state of repair of the building. Even limited exposure to salt air can shorten the effective lives of many items and can lead to unpredictable wear and tear on a wide range of surfaces and materials. Any signs of corrosion or deterioration should be assessed for repair as swiftly as possible, and repairs undertaken accordingly.
10. We have recommended that the balance of the Sinking Fund be allowed to increase over the length of this report, leading to a significant balance in the later years. It is necessary to allow a larger balance over time to offset the effects of inflation on building material and labour costs and also to ensure that adequate funds are available to provide for major works (which frequently become necessary as the building ages but which cannot be reliably forecast this far in advance). This recommendation will be reviewed each time this report is updated, in light of price levels and the state of the building at the time of each update.
11. Monies were budgeted for the maintenance and replacement of window parts on the complex.
12. The tiled roof needs regular maintenance and the ridge caps need re-pointing.

Report Notes

Sinking Fund Budget (SA)

This budget satisfies the current requirements of Section 26 and 27 of the Strata Titles Act 1988 (SA). The legislation states:-

25—Functions

The functions of the strata corporation are as follows:

(a) to administer and maintain the common property for the benefit of the unit holders and, to such extent as may be appropriate, other members of the strata community;

27—Power to raise money

(1) A strata corporation may raise such funds (including reserve funds for future expenditure of a capital nature) as it thinks necessary.

(2) For the purpose of raising funds the strata corporation may, by resolution, levy contributions against all unit holders.

(3) The contributions—

(a) will be proportional to the unit entitlements of the various units; or

(b) will be determined on such other basis as the strata corporation decides by unanimous resolution.

THIS REPORT DEALS WITH THE SINKING FUND BUDGET.

Figures used and updates - The figures used in the forecast are typical for this type of building and normal usage. The Strata Corporation has some discretion in the timing of most maintenance items. The purpose of this forecast is to ensure monies are available when required to cover foreseeable expenses.

Contingency - A contingency has been allowed for any unforeseen expenses. Please refer to the second page of the report.

Interest, Taxation and Inflation - The standard interest rate used by Solutions in Engineering is based on the Reserve Bank of Australia's (RBA) historical series for Cash Management and Online Savings Account interest rates for the past previous fifteen years. The company tax rate is applied to interest income unless Solutions in Engineering is advised that the Strata Corporation is exempt from tax on external income. The standard inflation rate used by Solutions in Engineering is based upon the entire RBA historical series for Construction, Manufacturing and Property Services inflation, commencing March 1999. While historical figures are not an accurate predictor of specific future outcomes, over the life of this report (fifteen years), interest rates and inflation should approach long-term averages. Changes in economic conditions may affect the accuracy of these figures. This report should be updated at regular intervals to ensure that any such changes are taken into account.

Administration Budget - Items of a recurrent nature that are covered by the administration budget such as maintenance contract for lifts, fire protection equipment, air conditioners, cleaning and gardening are not included. Neither are items of a minor recurrent nature with varying life spans such as light bulbs and exit light battery packs.

Safety - The inspection does not cover safety issues.

Lifts - Due to the many types of lift contracts covering varying parts and aspects of lift maintenance, no allowance is made unless instructed by the Strata Corporation Committee/Representative.

Fire Maintenance – We have assumed that the Fire Maintenance Contractor has covered the Fire Maintenance Items; no allowance is made unless instructed by the Strata Corporation Committee/Representative.

Items with Indefinite Lives - There is no allowance for replacement of items that, if properly maintained, should last indefinitely, (unless otherwise requested by the Strata Corporation); for example: sanitary fittings and lift carriage interiors. This forecast deals only with estimating the timing of physical obsolescence.

Improvements - The Strata Corporation may resolve to undertake improvements not related to normal maintenance. No allowance has been made for these items unless instructed.

Defects - No allowance has been made for correction of defects resulting from faulty construction except where nominated in the report. The inspectors report summarises only issues observed during our inspection and is not a structural report.

Ongoing Maintenance Programs - The lives of some items overall may have been extended indefinitely due to the use of an ongoing maintenance program. When there is any doubt in our minds about how and when an item may need replacement or maintenance, we give control to the Strata Corporation. With allowances for ongoing maintenance programs, allow funds to be available for maintenance, gradual replacement or in some cases accumulation of funds for total replacement in the long term. The lives of some items can vary considerably, especially with issues such as:

- Usage.
- Accidental damage to floor tiles, which may or may not be still available or in stock.
- Fences can be maintained and replaced gradually or all at once.
- Metal and Aluminium Balustrades can last anywhere between 10 and 50 years, depending on the original quality, coatings (painting) and maintenance.
- Concrete driveways that have been cracked but are still perfectly sound and serviceable.
- Pumps and Fans can last indefinitely or wear out relatively quickly. This often depends on the quality of internal construction and finish.

Updates - The forecast is made with the best available data at this time. The forecast should be upgraded at regular intervals. We recommend a minimum of bi-annual updates.

Supply terms and conditions - All services provided by Solutions in Engineering are supplied on the basis of Supply Terms and Conditions which are available from our Office and from our website www.solutionsinengineering.com

Their founders bring four decades of experience across six different countries and have assembled some of the leading strata insurance experts in this country. What You should read

This Product Disclosure Statement (PDS) is an important document to help You understand this insurance, and Your rights and obligations under it. Please read it carefully before making a decision to purchase this Policy to ensure it provides the cover You need.

You should also carefully read:

- the Policy Wording that commences on page 12. It tells You about:
 - what makes up the insurance (i.e. Your contract with Us which We call a Policy);
 - important definitions that set out what We mean by certain words;
 - the cover We can provide under Sections 1 to 11;
 - what Excesses You may have to pay (see 'Payment of Excesses' below);
 - when You are not insured (see General Exclusions and other exclusions under Sections 1 to 11);
 - what You and We need to do in relation to claims (see "Claims procedures" in the Policy Wording and "Claims - basis of settlement" in Sections 1, 7, 8 and 10);
 - Your and Our cancellation rights (see "Cancelling Your Policy" in the Policy Wording).
- the relevant proposal form You, if so requested, need to complete to apply for cover;
- any Schedule (see definition under General Definitions in the Policy Wording) when it is issued to You; and
- any other documents (for example Supplementary PDSs or Endorsements) We may give You at or prior to Your entry into the Policy or when required or permitted by law that vary Our standard terms of cover set out in this document.

Summary of cover, significant benefits and risks

This Policy includes 11 separate Sections which allow You to select covers, and within each Section there are options which You can also select, subject to Strata Community Insurance agreeing to provide those covers.

The following is a summary only and as such does not form part of the terms of Your insurance. The examples detailed herein are some of the benefits and risks but You do need to read the Policy Wording which details the terms, conditions and exclusions of this insurance to make sure it matches Your expectations.

Claims Made Notice

Section 6 of the Policy operates on a 'claims made and notified' basis. This means that, subject to the provisions of **Section 6**, where You give notice in writing to Us of any facts that might give rise to a claim against You as soon as reasonably practicable after You become aware of those facts but before the expiry of the Period of Insurance, You may have rights under Section 40(3) of the *Insurance Contracts Act 1984* (Cth) to be indemnified in respect of any claim subsequently made against You arising from those facts notwithstanding that the claim is made after the expiry of the Period of Insurance.

Any such rights arise under the legislation only, in that the terms of the Policy and the effect of the Section, subject to the continuous cover special conditions, is that You are not covered for claims made against You after the expiry of the Period of Insurance.

What You are covered for / not covered for

Section 1 - Insured Property

Section 1 covers Loss or Damage to Your Insured Property (Building and Common Area Contents) which occurs during the Period of Insurance and includes additional covers up to specified limits, for example:

Under Part A -

Under Part C -

- up to \$1,500 a Lot for emergency accommodation incurred by Lot Owners and/or Tenants if their Lot becomes unfit for its intended purpose by an insured Event;
- up to \$2,000 a Lot for Lot Owners' contributions, levies, maintenance and other fees if their Lot becomes unfit for its intended purpose by an insured Event;

- up to \$1,000 a Lot for the cost of boarding pets following insured damage.

Some Events We do not cover include:

- *Loss or Damage caused by Flood unless You take Optional Cover;*
- *by the sea, high water or tidal wave other than if caused by a Tsunami;*
- *Loss or Damage caused by the invasion of tree or plant roots or the cost of cleaning pipes or drains they block;*
- *Loss or Damage to Your Building directly resulting from alterations, additions or renovations where the value of such work exceeds \$500,000 unless We have otherwise agreed before the commencement of such work.*

Section 2 - Liability to others

Section 2 covers Your legal liability to others for accidental death, bodily injury, or Loss or Damage to property that happens during the Period of Insurance.

Section 3 - Voluntary Workers

Section 3 provides benefits that are payable to a Voluntary Worker who sustains bodily injury while engaged in voluntary work or duties for Your Strata Community. These benefits include:

- \$200,000 for death, or loss of the use of two hands, two feet or two eyes;
- \$100,000 for loss of the use of one hand, one foot or one eye;
- up to \$2,000 a week for lost income if totally disabled from engaging in his/her usual employment or business;
- up to \$1,000 a week for lost income if partially disabled from engaging in his/her usual employment or business;
- up to \$500 a week for domestic assistance if totally disabled from engaging in his/her usual employment or business or usual household duties.

Some Events We do not cover include:

- *weekly benefits to Voluntary Workers not in receipt of wages, salaries or other remuneration from their own personal exertion;*
- *weekly benefits in excess of 104 weeks for lost income or 10 weeks for domestic assistance;*
- *a Voluntary Worker under the age of 12 years;*
- *intentional self-injury or suicide or any attempt thereat.*

Section 4 - Workers compensation

Section 4 covers Your legal liability to employees under workers compensation legislation if Your Insured Property is situated in NSW, VIC, NT, ACT, TAS and WA. No workers compensation cover is provided in Queensland or South Australia.

Section 5 - Fidelity guarantee

Section 5 provides cover against the fraudulent misappropriation of Your Funds.

Section 6 - Office bearers liability

Section 6 covers the legal liability of Strata Community office holders and committee members for any wrongful act they commit. This Section is issued on a claims made basis which means it responds to claims first made against You during the Period of Insurance and notified to Us during that same period.

Section 7 - Machinery breakdown

Section 7 provides cover against the breakdown of electrical, electronic and mechanical plant.

Section 8 - Catastrophe insurance

Section 8 covers the unforeseen increase in the Replacement cost of Your Building following the happening of a catastrophe from an event for which the Insurance Council of Australia issues a catastrophe code.

Other benefits include:

- extended period of cover for loss of Rent;
- extended period of cover and escalation in the cost of Temporary Accommodation;
- removal and storage of Your undamaged Insured Property;
- cost of evacuation for resident Lot Owners.

We do not cover Loss or Damage from any Event which is not claimable under Section 1.

Section 9 - Government audit costs and legal expenses

Section 9 provides cover for:

Part A - the cost of professional fees if You are audited by the Australian Tax Office or another government organisation;

Part B - the cost of appealing against common property health and safety breaches;

Part C - the cost of defending specific litigation (see pages 46-49) brought against You other than as covered under Sections 2 and 6. A special Excess and contribution payment applies to Part C and You should refer to the examples contained on page 47.

Section 10 – Lot Owners' fixtures and fittings

Lot Owners occasionally replace existing or install additional fixtures and fittings in their Lot without Your Strata Community knowledge.

When this occurs the cost of these improvements may not be included when arriving at the building replacement cost, thus increasing the possibility of under-insurance in the event of a major loss.

This Section 10 covers the Replacement cost of such installations following Loss or Damage covered under **Section 1**. There is a limit to the amount We pay (up to 10% of the Sum Insured) and the cover is also subject to the terms, conditions and exclusions of **Section 1** and the General Exclusions.

Section 11 - Loss of Lot market value

Section 11 covers the reduction in the market value of a Lot or Lots following a total loss or constructive total loss, or partial loss of Your Insured Property when permission to rebuild is limited or restricted by any Public or Statutory Authority that results in all or some Lot titles being terminated.

Please read the appropriate Sections in the Policy Wording for full details of the terms, conditions, exclusions and limits that apply to all sections and how We settle claims.

Other important information

Some other important things to remember are:

- Keep records such as receipts, invoices or other evidence of ownership and value of property that You insure as proof of ownership and value should You have to make a claim.
- When Your Insured Property is a total loss and We have paid out the total Sum Insured, the cover under **Section 1** ceases. If You rebuild or replace Your Insured Property, You will need to take out new cover and pay the applicable Premium.
- Pay Your Premium on time because if it is not paid by the due date or Your payment is dishonoured, Your Policy may be cancelled in accordance with the process set out in the "Cancelling Your Policy" section. Strata Community Insurance will give You written notice of cancellation.
- Throughout the Period of Insurance and when renewing Your insurance with Us You must advise if circumstances relevant to Your Policy have changed where You know, or ought reasonably to have known, that the change is relevant to Our decision to insure You and the terms on which We will insure You. Strata Community Insurance will notify You in writing of any proposed effect a change may have on Your existing insurance or its renewal. We may cancel Your Policy if there is a change and We can't reach an agreement with You on altered terms and conditions or Premium, or We are no longer prepared to insure You because there has been a material change to the risk.

Further We may also cancel Your Policy as permitted by law or refuse to pay or reduce the amount We pay under a claim to the extent We are prejudiced by Your non-compliance if You:

- do not comply with the cover conditions as detailed in the Policy Wording;
- do not comply with Your duty of disclosure; or
- make a fraudulent claim.

Monetary limits on cover

We can insure You up to the amount of the Sum Insured or other specified limits for Your Insured Property. These amounts are specified in the relevant clauses in the Policy Wording or on the Schedule.

Covers for Liability to others, Office Bearers Liability, Machinery Breakdown and Government Audit Costs and Legal Expenses insure You up to a set Sum Insured that is shown on the Schedule.

Review Your sums insured regularly

You need to make sure You are happy with the relevant sum(s) insured and limits.

If You do not adequately insure yourself You may have to bear the uninsured proportion of any loss yourself.

For example, if You don't have a sufficient Sum Insured to replace Your Insured Property at new cost You will bear the shortfall. The cost of demolition and removal of debris from the site, and other costs such as the cost of employing an architect or surveyor, the replacement of other structures such as driveways, roadways, kerbing, above and below ground services should all be included in the Sum Insured. If You are unsure whether Your Insured Property is insured for the correct amount, You should seek professional advice.

You should also advise Strata Community Insurance of any changes in the details of the information You have given Us such as alterations or extensions to Your Insured Property. If You do not do so Your insurance may not be sufficient.

Payment of Excesses

Excesses may apply to any claim under this insurance.

An Excess is an amount You may have to pay as a contribution to each claim You make under this insurance policy. The Excesses that are applicable are shown on the Schedule, and/or within the relevant Sections.

An Excess will be applied for each incident where a claim is made.

We will tell You the amount of any Excess when You apply for cover. They may vary according to a number of factors, such as Your risk location and Your insurance history.

Goods and Services Tax (GST) Notice

The Policy Wording part has provisions relating to GST that You should read in full (see Goods and Services Tax on page 15). In summary, they are as follows:

- The amount of Premium payable by You for this Policy includes an amount on account of the GST on the Premium (including any administration fee charged by Strata Community Insurance).
- The Sum Insured and other limits of insurance cover shown on Your Policy documentation are GST inclusive.

- When We pay a claim, Your GST status will determine the maximum amount We pay You.

There may be other taxation implications affecting You, depending upon Your own circumstances. We recommend that You seek professional advice.

Applying for cover

When You apply for cover under this Policy We may, based on the information You provide, be able to offer cover and terms specific to You. Once We have agreed to cover You We will issue You with a Schedule confirming this, including the following information:

- the Sum Insured and Situation of Your Insured Property;
- Excess(es) applicable;
- Premium including taxes and charges and any administration fee charged by Strata Community Insurance.

The cost of this insurance

In order to calculate Your Premium, We take various factors into consideration, including:

- the cover required and sum(s) insured;
- the address of Your Insured Property;
- Your insurance history;
- the security features of Your Insured Property.

The Premium also includes amounts payable in respect of compulsory government charges including Stamp Duty, GST, any Fire Service Levy (where applicable) and Strata Community Insurance's administration fee (see their Financial Services Guide for details).

When You apply for this insurance, You will be advised of the Premium. If You choose to effect cover, the amount will be set out on the Schedule.

Cooling off period

You have twenty-one (21) days after buying or renewing Your Policy to decide if it meets Your needs and You wish to continue with the insurance. If You notify Us in writing within this period that You wish to cancel Your Policy as from its start date, We will refund Your Premium less any government taxes or duties that are non-refundable or remain payable by Us.

This cooling off right does not apply if You have made or are entitled to make a claim.

Even after the cooling off period ends You still have cancellation rights, however We may deduct certain amounts from any refund (see "Cancelling Your Policy" in the Policy Wording).

Your duty of disclosure

Before You enter into a contract of general insurance with Us, You have a duty, under the *Insurance Contracts Act 1984* (Cth), to disclose to Us every matter that You know, or

could reasonably be expected to know, is relevant to Our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to Us before You renew, extend, vary or reinstate a contract of general insurance.

This duty of disclosure applies until the contract is entered into (or renewed, extended, varied or reinstated as applicable).

Your duty however does not require disclosure of any matter:

- that diminishes the risk to be undertaken by Us; or
- that is of common knowledge; or
- that We know or, in the ordinary course of Our business as an insurer, ought to know; or
- as to which compliance with Your duty is waived by Us.

Non-disclosure

If You fail to comply with Your duty of disclosure, We may be entitled to reduce Our liability under the contract in respect of a claim, cancel the contract, or both.

If Your non-disclosure is fraudulent, We may also have the option of avoiding the contract from its beginning.

The General Insurance Code of Practice

The General Insurance Code of Practice was developed by the Insurance Council of Australia to further raise standards of practice and service across the insurance industry.

The Code Governance Committee (CGC) is an independent body that monitors and enforces insurers' compliance with the Code.

You can obtain more information on the Code of Practice and how it assists You by contacting Strata Community Insurance. Contact details are provided on the back cover of this PDS.

For more information on the Code Governance Committee (CGC) go to <https://insurancecode.org.au/>

How to make a claim

You should contact Strata Community Insurance as soon as reasonably possible to advise of any incident that could lead to a claim. If You do not, We may reduce or deny Your claim to the extent We are prejudiced by Your delay.

Having the required documentation and if possible photographs of the items will assist in having Your claim assessed and settled.

In order to be sure that You are covered under this Policy You should always contact Us for approval before You incur costs You wish to claim. If You do not, We will pay for costs incurred up to the amount We would have authorised had You sought approval from Us first.

When You make a claim You must:

- provide details of the incident and when requested complete the claim form We send You;
- allow Us or Strata Community Insurance to inspect Your Insured Property at reasonable times and frequency and take possession of any damaged item for reasonable purposes and in any reasonable manner;
- take all reasonable steps to reduce the Loss or Damage and prevent further Loss or Damage;
- inform the police as soon as reasonably possible following theft, vandalism, malicious damage or misappropriation of money or property;
- take reasonable steps to keep any damaged items. To ensure You are covered, please contact Us or Strata Community Insurance for approval before any disposal; and
- not get repairs done, except for essential temporary repairs, until We or Strata Community Insurance give You authority and subject to Our and Strata Community Insurance's right to choose the repairer or supplier. Please contact Us to confirm approval for these costs.

These are only some of the things that You must do if making a claim. Please refer to "Claims procedures" in the Policy Wording part which sets out claims information and what You must do if making a claim.

Complaints

If You are dissatisfied with Our service in any way, please contact Us and We will attempt to resolve the matter in accordance with our internal dispute resolution procedures.

If We do not make a decision within the period that We tell You We will respond, We will tell You about Your right to lodge a complaint with an external dispute resolution scheme.

If You are not happy with Our response, You can refer Your complaint to AFCA subject to its terms of reference. AFCA provides a free and independent dispute resolution service for consumers who have general insurance disputes falling within its terms.

Financial Claims Scheme

This Policy is a protected policy under the Financial Claims Scheme (FCS), which protects certain insured's and claimants in the event of an insurer becoming insolvent and being unable to meet their obligations under a contract of insurance. In the unlikely event of Us becoming insolvent, a person entitled to claim under the Policy may be entitled to payment under the FCS provided they meet the eligibility criteria.

More information about the FCS may be obtained from the APRA website at <http://www.apra.gov.au> and the APRA hotline on 1300 55 88 49.

Terrorism Insurance Act

We have determined that the Policy (or part of it) is a policy to which the *Terrorism Insurance Act 2003* (Cth) ("Act") may apply. We may elect to reinsure part or all of Our liability under the Act with the Commonwealth Government reinsurer, the Australian Reinsurance Pool Corporation (ARPC).

As a consequence, We may be required to pay a premium to ARPC and that amount (together with the cost of that part of the cover provided by Us and administrative costs associated with the Act) is reflected in the premium charged to You. As with any other part of Our premium, it is subject to government taxes and charges.

Where We determine that the Policy (or part of it) may become a policy to which the Act may apply as a result of indexation of the Sum Insured during the Period of Insurance as provided on page 13 of the PDS, We may also charge You a pro rata premium for the time during the Period of Insurance that the Policy may be a policy to which the Act applies.

Applicable ARPC amounts will be shown separately on the Schedule and are subject to government taxes and charges.

Important information

It is very important that You read the Policy carefully and make sure You are satisfied with this insurance.

What makes up this Policy

This Policy Wording, the Schedule and any Endorsements:

- must be read together as they form Your insurance contract;
- set out what You are insured for and those circumstances where You will not be insured.

Some words and expressions have been given a specific meaning in this Policy and You will find their meaning in the General Definitions and individual Section Special Definitions.

Payment of Premium

Provided We receive the Premium, We will insure You as set out in this Policy and the Schedule.

You may elect to pay Your Premium annually in one payment or by instalments.

Payment by Instalment

When You elect to pay Your Premium by instalments by way of a direct debit from Your credit card or financial institution these payments will be deducted on the date or frequency nominated. You must tell Us, not later than seven (7) days before Your next instalment is due, if these details change.

If Your credit card provider or financial institution dishonours a direct debit payment due to lack of funds in Your account, or any other reason. We may charge You for any direct and indirect costs that We incur arising from Your payment being dishonoured.

You must ensure that Your instalments are paid on time. We will notify You if an instalment has not been paid and We will try to deduct the overdue amount along with Your next regular payment. If the next attempt to deduct the outstanding amount fails, We will cancel Your policy for non-payment. We will send You a notice advising You of cancellation, and cancellation will be effecting 14 days from the date of this notice.

Adjustments on renewal

Notice

At least fourteen (14) days before Your Policy expires, We will send You a renewal Schedule detailing any changes to Your Sums Insured, Premium and charges, and if any, changes to the terms, conditions and Excesses that previously applied.

You should carefully check all these details and promptly advise Strata Community Insurance if You wish to vary any of the limits.

Indexation

If Your Insured Property suffers Loss or Damage during the Period of Insurance We will increase Your Sum Insured under **Section 1 Part A - 1 and 2** by reference to the Cordell Housing Index Price (CHIP) increase since the start date of the current Period of Insurance.

On renewal We will increase Your Sums Insured under **Section 1 Parts A and B** and **Section 8** by reference to the Cordell Housing Index Price (CHIP) increase during Your previous Period of Insurance.

The renewal Schedule We send You will show Your updated Sums Insured and the Premium applicable thereto. You should promptly advise Strata Community Insurance should You wish to vary these updated Sums Insured.

Indexation does not apply:

- i. *if Your Sums Insured under **Section 1 Parts A and B** and **Section 8** exceed \$100,000,000 in total;*
- ii. *to any other policy limit contained in **Sections 1 and 8**.*

Instalment payments

If paying by instalments, We will automatically continue Your cover on the terms contained in the renewal offer We send You. We will, unless You advise Us to the contrary, continue to deduct Your instalment payments during the next Period of Insurance.

If a claim occurs in the previous Period of Insurance and You do not notify Us until after the Premium and other conditions for the next Period of Insurance are determined We may propose an additional Premium in order to maintain cover. We may cancel Your policy if there is a change and We can't reach an agreement with You on altered terms and conditions or premium, or We are no longer prepared to insure You because there has been a material change to the risk. This condition does not affect any other rights that We have, including the rights We have under Your duty of disclosure.

Loyalty discount

Based on Your claims experience and the length of time Your Policy has been continuously insured with Us You may be entitled to a loyalty discount which will apply automatically to the base premium. The amount of Your discount will vary depending on how long You have held a continuously insured claims free Policy with Us. The discount will only apply to the extent any minimum premium is not reached. Your Schedule will show when You qualify for a loyalty discount.

You must disclose all previous claims

You are asked at the time You take out this insurance to give Us full and correct details concerning any:

- renewal or insurance Policy declined, cancelled or refused, or where any Excess was imposed;
- claim refused by an insurer;
- claim made;

in relation to You because any of these may affect the Premium and extent of insurance.

For example We may be entitled to:

- charge You an additional Premium;
- impose (back dated) restrictions declining Your insurance back to when this information should have been advised to Us;
- decline to insure You;
- refuse a claim.

When renewing Your Policy with Us You must also advise Us of any changes to Your claims or insurance history. We will notify You in writing of the effect a change may have on Your renewal.

5. Repairs or Replacement

We have the right to nominate the repairer or supplier to be used. If after We have assessed Your claim, You are required to enter into a contract with a third party to replace or reinstate Loss or Damage to Insured Property that We have agreed to pay You will enter into that agreement with the third party as Our agent unless We otherwise advise in writing.

6. You must assist Us

Where a claim covered under this Policy is also insured elsewhere, We may exercise Our right to seek contribution from the other insurer or insurers.

Acts or omissions of Your Strata Community Manager

We will not deny liability for a claim, or reduce the amount of a claim, if Our right of denial or reduction is solely caused by an act, error or omission of Your Strata Community Manager while acting on Your behalf.

Cancelling Your Policy

- (a) You may cancel all or part of this Policy at any time by giving Us notice in writing.
- (b) We may cancel this Policy on any of the grounds set out in the *Insurance Contracts Act 1984* (Cth) and We will always tell You of this in writing.
- (c) When We have agreed to accept payment of Premium by instalments, You must ensure that they are paid on time. We will notify You if an instalment has not been paid and We will try to deduct the overdue amount along with Your next regular payment. If the next attempt to deduct the outstanding amount fails, We will cancel Your policy for non-payment. We will send You a notice advising You of cancellation, and cancellation will be effecting 14 days from the date of this notice.

Goods and Services Tax (GST) Notice

The amount of Premium payable by You for this Policy includes an amount on account of the Goods and Services Tax (GST) on the Premium.

When We pay a claim, Your GST status will determine the amount We pay.

When You are:

- (a) not registered for GST:
 - We will pay up to the Sum Insured, limit of indemnity or other Policy limit including GST.
- (b) registered for GST:
 - (i) and We have arranged services directly with the service provider, We will pay up to the relevant Sum Insured or other policy limit including GST
 - (ii) when We settle direct with You We will pay up to the

Sum Insured, limit of indemnity or other Policy limit and where You are liable to pay an amount for GST in respect of an acquisition relevant to Your claim We will pay for the GST amount but We will reduce the GST amount We pay by the amount of any Input Tax Credits to which You are or would be entitled.

You must advise Us of Your correct Australian Business Number and Input Tax Credit Entitlement. Any GST liability arising from Your incorrect advice is payable by You.

Where the settlement of Your claim is less than the Sum Insured or the other limits of insurance cover, We will only pay an amount for GST (less Your entitlement for Input Tax Credit) applicable to the settlement. This means that if these amounts are not sufficient to cover Your loss, We will only pay the GST relating to Our settlement of the claim.

GST, Input Tax Credit (ITC), Business Activity Statement (BAS) and Acquisition have the same meaning as given to those expressions in A New Tax System (Goods and Services Tax) Act 1999 and related legislation as amended from time to time.

Input Tax Credit Entitlement is Your entitlement to an Input Tax Credit on Your Premium as a percentage of the total GST on that Premium.

7. Offer of settlement

You must inform Us as soon as reasonably possible if You receive an offer to settle a claim. If You do not, We

may reduce or deny Your claim to the extent We are prejudiced by Your delay.

Further if You refuse a recommendation by the Appointed Representative to settle a claim and elect to continue legal proceedings, Our liability will not exceed the amount of Legal Defence Expenses incurred up to the date of such refusal.

8. Our access to the appointed representative

You will do all things reasonably necessary to allow Us to obtain from the Appointed Representative any information, report documents or advice relating to the claim. However You will not be prejudiced if the Appointed Representative refuses to make such information, report documentation or advice available to Us on the grounds that to do so might prejudice Your interests in any litigation that is involved or may be commenced.

11. Subrogation

In the event of a payment under **Part C** to You or on Your behalf We will, subject to the *Insurance Contracts Act 1984* (Cth), be subrogated to all Your rights of recovery of Legal Defence Expenses against all persons or organisations and You will take reasonable steps to execute and deliver instruments and papers and to do all that is necessary to assist Us in the exercise of such rights.
