## **For your information:**

### **Section 187 certificate update request free of charge (One Update):**

Penalties and interest, property charges, payments or dishonoured payments can impact account balances daily.

To assist with financial adjustments as close as practicable to the date of settlement, your Section 187 certificate will now be valid for 90 days. Within this period we will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: The above 90 day extension is applicable only to Section 187 certificates. Section 7 certificates still remain valid for a 30 day period only.

### **BPAY biller code added to searches to enable electronic settlement of funds**

Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to us electronically. Please note that this is our preferred method payment and we request that you cease the use of cheques to affect settlement.

### **How to advise us of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office (LTO), we are advocating that the Purchaser's Conveyancer to advise the change of ownership by following the below:

If you are using e-conveyancing to affect a sale, please only issue advice to us if the mail service address is different to what was lodged via the transfer at the LTO. We update ownership details including the mailing address in accordance with the advice provided by the Valuer General. We have amended this change to align with SA Water practices and to provide an improved customer experience overall.

If lodging in person at the LTO – Please send the change of ownership advice to us via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au).

Electronic settlement of funds is still preferred.

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment ( For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

3. That no undue delay will be permitted by the Owner to occur in the commencement or in the completion of any work approved by the Trusts and no variation to such work as approved will be permitted other than in accordance with the terms of any subsequent written approval of the Trusts given before such variation was commenced.

4. That the Owner will not obstruct or do anything which would prevent or hinder the Trusts its servants agents or contractors from entering the said land for the purpose of remedying any breach by the Owner of its obligations under this Encumbrance of which breach at least 14 days' notice in writing has been given to the Owner and which breach has not then been remedied.

5. That the Owner will pay to the Trusts on demand all costs (including legal costs) and expenses incurred by the Trusts its servants agents or contractors in respect of any breach by the Owner of its obligations under this Encumbrance and any action taken to remedy the same. All such costs and expenses may be recovered in any court of competent jurisdiction in addition to all other powers and rights available to the Trusts hereunder.

6. That the said land will not be divided.

7. That the Owner will not permit the said land to remain vacant for more than twelve (12) months from the date hereof or such further date as the Trusts may advise the Owner by which date the Owner will have commenced to construct a residence on the said land in accordance with plans and specifications approved by the Trusts, in default of which the Trusts shall have the option to repurchase the said land by notice in writing to the Owner at the price paid by the Owner to the Trusts, such option to be exercised by notice posted to the Owner within 3 calendar months of the expiry of the period mentioned at the beginning of this clause.

8. That the Owner will not cause or permit the said land to be resold or advertised for sale unless a residence has been constructed thereon or unless the Trusts have consented in writing to such resale and/or advertising.

AND the Owner acknowledges for himself and his successors in title that the foregoing covenants are entered into and undertaken for the purposes of the Trusts' scheme of development for the lands comprised in the Development Zone and that the Trusts have declared and undertaken that they have required and will require from each purchaser of the lands comprised in the Development Zone as a condition of its sale of those lands a Memorandum of Encumbrance in substantially similar form to this instrument and containing the same or substantially similar covenants and other stipulations.

## PROVIDED ALWAYS THAT

2. The Trusts may from time to time in their absolute discretion modify waive or release any of the covenants and other stipulations expressed or implied in any Memorandum of Encumbrance or other instrument whatsoever relating to any other land in the Development Zone and whether the same were entered into or imposed before or at the same time as or after the date hereof and no such modification or waiver or release shall release the Owner or his successors in title from the covenants and other stipulations herein contained and implied.

3. The Trusts may at any time in their absolute discretion discharge all the Memoranda of Encumbrance over all the land in the Development Zone or transfer such Memoranda to such body as they in their absolute discretion deem fit.

In this instrument:—
