- 4.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgement can no longer be conducted electronically.

- 4.7 The parties must do everything reasonably necessary to effect settlement:

- 5.2 This general condition 15B applies if the purchaser is required to pay the Commissioner an \*amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) because the property is \*new residential premises or \*potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 15B is to be taken as relieving the vendor from compliance with section 14-255.
- 5.3 The amount is to be deducted from the vendor's entitlement to the contract \*consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of

Schedule 1 to the *Taxation Administration Act 1953* (Cth). The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.

5.4 The purchaser must:

- (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
- (b) ensure that the representative does so.

5.5 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests relating to the payment of the amount to the commissioner and instructions that the representative must:

- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition on settlement of the sale of the property;

- (c) otherwise comply, or ensure compliance, with this general condition;

despite:

- (d) any contrary instructions, other than from both the purchaser and the vendor; and
- (e) any other provision in this contract to the contrary.

5.6 The representative is taken to have complied with the requirements of general condition 15B.5 if:

- (a) settlement is conducted through the electronic conveyancing system operated by Property Exchange Australia Ltd or any other electronic conveyancing system agreed by the parties; and
- (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.

5.7 The purchaser may at settlement give the vendor a bank cheque for the amount in accordance with section 16-30 (3) of Schedule 1 to the *Taxation Administration Act 1953* (Cth), but only if:

- (a) so agreed by the vendor in writing; and
- (b) the settlement is not conducted through an electronic settlement system described in general condition 15B.6.

However, if the purchaser gives the bank cheque in accordance with this general condition 15B.7, the vendor must:

- (c) immediately after settlement provide the bank cheque to the Commissioner to pay the amount in relation to the supply; and
- (d) give the purchaser a receipt for the bank cheque which identifies the transaction and includes particulars of the bank cheque, at the same time the purchaser gives the vendor the bank cheque.

5.8 The vendor must provide the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) at least 14 days before the due date for settlement.

5.9 A party must provide the other party with such information as the other party requires to:

- (a) decide if an amount is required to be paid or the quantum of it, or
- (b) comply with the purchaser's obligation to pay the amount,

in accordance with section 14-250 of Schedule 1 of the *Taxation Administration Act 1953* (Cth). The information must be provided within 5 business days of a written request. The party providing the information warrants that it is true and correct.

5.10 The vendor warrants that:

- (a) at settlement, the property is not new residential premises or potential residential land in either case falling within the parameters of section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) if the vendor gives the purchaser a written notice under section 14-255 to the effect that the purchaser will not be required to make a payment under section 14-250 in respect of the supply, or fails to give a written notice as required by and within the time specified in section 14-255; and
- (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) is the correct amount required to be paid under section 14-250 of the legislation.

5.11 The purchaser is responsible for any penalties or interest payable to the commissioner on account of non-payment or late

payment of the amount, except to the extent that:

- (a) the penalties or interest arise from the vendor's failure, including breach of a warranty in general condition 15B.10; or
- (b) the purchaser's reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250 (1) of Schedule 1 to the *Taxation Administration Act 1953* (Cth)

The vendor is responsible for any penalties or interest payable to the commissioner on account of non-payment or late payment of the amount if either exception applies.

- 15.6 The vendor may claim on the deposit bond without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the issuer satisfies the obligations of the purchaser under general

condition 15.5 to the extent of the payment.

15.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract, except as provided in general condition 15.6.

15.8 This general condition is subject to general condition 14.2 [deposit].

#### 16. BANK GUARANTEE

16.1 This general condition only applies if the applicable box in the particulars of sale is checked.

16.2 In this general condition:

- (a) "bank guarantee" means an unconditional and irrevocable guarantee or undertaking by a bank in a form satisfactory to the vendor to pay on demand any amount under this contract agreed in writing, and
- (b) "bank" means an authorised deposit-taking institution under the Banking Act 1959 (Cth).

16.3 The purchaser may deliver a bank guarantee to the vendor's legal practitioner or conveyancer.

16.4 The purchaser must pay the amount secured by the bank guarantee to the vendor's legal practitioner or conveyancer on the first to occur of:

- (a) settlement;
- (b) the date that is 45 days before the bank guarantee expires;
- (c) the date on which this contract ends in accordance with general condition 35.2 [default not remedied] following breach by the purchaser; and
- (d) the date on which the vendor ends this contract by accepting repudiation of it by the purchaser.

16.5 The vendor must return the bank guarantee document to the purchaser when the purchaser pays the amount secured by the bank guarantee in accordance with general condition 16.4.

16.6 The vendor may claim on the bank guarantee without prior notice if the purchaser defaults under this contract or repudiates this contract and the contract is ended. The amount paid by the bank satisfies the obligations of the purchaser under general condition 16.4 to the extent of the payment.

16.7 Nothing in this general condition limits the rights of the vendor if the purchaser defaults under this contract or repudiates this contract except as provided in general condition 16.6.

16.8 This general condition is subject to general condition 14.2 [deposit].

#### 17. SETTLEMENT

17.1 At settlement:

- (a) the purchaser must pay the balance; and
- (b) the vendor must:
  - (i) do all things necessary to enable the purchaser to become the registered proprietor of the land; and
  - (ii) give either vacant possession or receipt of rents and profits in accordance with the particulars of sale.

17.2 Settlement must be conducted between the hours of 10.00 am and 4.00 pm unless the parties agree otherwise.

17.3 The purchaser must pay all money other than the deposit in accordance with a written direction of the vendor or the vendor's legal practitioner or conveyancer.

#### 18. ELECTRONIC SETTLEMENT

18.1 Settlement and lodgment of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the Electronic Conveyancing National Law. This general condition 18 has priority over any other provision of this contract to the extent of any inconsistency.

18.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgment can no longer be conducted electronically. General condition 18 ceases to apply from when such a notice is given.

18.3 Each party must:

- (a) be, or engage a representative who is, a subscriber for the purposes of the Electronic Conveyancing National Law,
- (b) ensure that all other persons for whom that party is responsible and who are associated with this transaction are, or engage, a subscriber for the purposes of the Electronic Conveyancing National Law, and
- (c) conduct the transaction in accordance with the Electronic Conveyancing National Law.

18.4 The vendor must open the electronic workspace ("workspace") as soon as reasonably practicable and nominate a date and time for settlement. The inclusion of a specific date and time for settlement in a workspace is not of itself a promise to settle on that date or at that time. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.

18.5 This general condition 18.5 applies if there is more than one electronic lodgment network operator in respect of the transaction. In this general condition 18.5 "the transaction" means this sale and purchase and any associated transaction involving any of the same subscribers.

To the extent that any interoperability rules governing the relationship between electronic lodgment network operators do not provide otherwise:

- (a) the electronic lodgment network operator to conduct all the financial and lodgment aspects of the transaction after the workspace locks must be one which is willing and able to conduct such aspects of the transaction in accordance with the instructions of all the subscribers in the workspaces of all the electronic lodgment network operators after the workspace locks;
- (b) if two or more electronic lodgment network operators meet that description, one may be selected by purchaser's incoming

mortgagee having the highest priority but if there is no mortgagee of the purchaser, the vendor must make the selection.

- 18.6 Settlement occurs when the workspace records that:
- (a) there has been an exchange of funds or value between the exchange settlement account or accounts in the Reserve Bank of Australia of the relevant financial institutions or their financial settlement agents in accordance with the instructions of the parties; or
  - (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgment.
- 18.7 The parties must do everything reasonably necessary to effect settlement:
- (a) electronically on the next business day, or
  - (b) at the option of either party, otherwise than electronically as soon as possible –
- if, after the locking of the workspace at the nominated settlement time, settlement in accordance with general condition 18.6 has not occurred by 4.00 pm, or 6.00 pm if the nominated time for settlement is after 4.00 pm.
- 18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment
- 18.9 The vendor must before settlement:
- (a) deliver any keys, security devices and codes ("keys") to the estate agent named in the contract,
  - (b) direct the estate agent to give the keys to the purchaser or the purchaser's nominee on notification of settlement by the vendor, the vendor's subscriber or the electronic lodgment network operator;
  - (c) deliver all other physical documents and items (other than the goods sold by the contract) to which the purchaser is entitled at settlement, and any keys if not delivered to the estate agent, to the vendor's subscriber or, if there is no vendor's subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor's address set out in the contract, and

give, or direct its subscriber to give, all those documents and items and any such keys to the purchaser or the purchaser's nominee on notification by the electronic lodgment network operator of settlement.

- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser.
- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on:
- (a) the vendor warrants that the property is land on which a farming business has been carried on for the period of 5 years preceding the date of supply; and
  - (b) the purchaser warrants that the purchaser intends that a farming business will be carried on after settlement on the property.
- 19.5 If the particulars of sale specify that the supply made under this contract is a 'going concern':

  - (c) the vendor warrants that the vendor will carry on the going concern until the date of supply
- 19.6 If the particulars of sale specify that the supply made under this contract is a 'margin scheme' supply, the parties agree that the margin scheme applies to this contract.
- 19.7 In this general condition:
- (a) 'GST Act' means *A New Tax System (Goods and Services Tax) Act 1999* (Cth); and
  - (b) 'GST' includes penalties and interest.

## 20. LOAN

- 20.1 If the particulars of sale specify that this contract is subject to a loan being approved, this contract is subject to the lender approving the loan on the security of the property by the approval date or any later date allowed by the vendor.

- 20.2 The purchaser may end the contract if the loan is not approved by the approval date, but only if the purchaser:
- (a) immediately applied for the loan; and
  - (b) did everything reasonably required to obtain approval of the loan; and
  - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and
  - (d) is not in default under any other condition of this contract when the notice is given.
- 20.3 All money must be immediately refunded to the purchaser if the contract is ended.

## 21. BUILDING REPORT

- 21.1 This general condition only applies if the applicable box in the particulars of sale is checked.
- 21.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser:
- (a) obtains a written report from a registered building practitioner or architect which discloses a current defect in a structure on the land and designates it as a major building defect;
  - (b) gives the vendor a copy of the report and a written notice ending this contract; and
  - (c) is not then in default.
- 21.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 21.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.

  - (b) gives the vendor a copy of the report and a written notice ending this contract; and
  - (c) is not then in default.
- 22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 22.5 The pest control operator may inspect the property at any reasonable time for the purpose of preparing the report.

## 23. ADJUSTMENTS

- 23.1 All periodic outgoings payable by the vendor, and any rent and other income received in respect of the property must be apportioned between the parties on the settlement date and any adjustments paid and received as appropriate.

- 24.4 The amount is to be deducted from the vendor's entitlement to the contract consideration. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.

- 24.5 The purchaser must:
- (a) The engage a legal practitioner or conveyancer (“representative”) to conduct all the legal aspects of settlement, including the performance of the purchaser’s obligations under the legislation and this general condition; and

  - (e) any other provision in this contract to the contrary.
- 24.7 The representative is taken to have complied with the requirements of general condition 24.6 if:

- 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an \*amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) because the property is \*new residential premises or \*potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.
- 25.5 The amount is to be deducted from the vendor’s entitlement to the contract \*consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14- 255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). - (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) is the correct amount required to be paid under section 14-250 of the legislation

25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that:

- (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11; or

## What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](https://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

### Urban living

#### ***Moving to the inner city?***

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

#### ***Is the property subject to an owners corporation?***

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

### Growth areas

#### ***Are you moving to a growth area?***

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

### Flood and fire risk

#### ***Does this property experience flooding or bushfire?***

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

## Rural properties

### ***Moving to the country?***

If you are looking at property in a rural zone, consider:

Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.

Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.

Do you understand your obligations to manage weeds and pest animals?

### ***Can you build new dwellings?***

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

### ***Is there any earth resource activity such as mining in the area?***

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

## Soil and groundwater contamination

### ***Has previous land use affected the soil or groundwater?***

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

## Land boundaries

### ***Do you know the exact boundary of the property?***

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

## Planning controls

### ***Can you change how the property is used, or the buildings on it?***

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

### ***Are there any proposed or granted planning permits?***

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

## Safety

### ***Is the building safe to live in?***

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

## Building permits

### ***Have any buildings or retaining walls on the property been altered, or do you plan to alter them?***

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

### ***Are any recent building or renovation works covered by insurance?***

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

## Utilities and essential services

### ***Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?***

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

## Buyers' rights

### ***Do you know your rights when buying a property?***

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

Directions to clear properties under Darebin City Council General Local Law 2007, Part Two, Section 17, may be issued to owners of properties within the Municipality at all times throughout the year. This property may not be eligible to receive a Parking Permit for on street parking. Darebin Council introduced a Policy to manage on-street parking that came into effect on 20 December 2004. For properties developed before 2004, the number of permits a property is eligible for varies. Most new developments since then are NOT eligible for parking permits and would need to park on their property, and/or in line with any on-street parking restrictions.

The Policy is subject to Council review from time to time, and Council advises property purchasers to check the Policy. For further information please contact Customer Service on (03) 8470 8888 or visit [www.darebin.vic.gov.au](http://www.darebin.vic.gov.au) to view a copy of Council's Policy.

It is recommended that applicants re-apply to ascertain correct amounts. Legal Charges are subject to variation as Council's Solicitors may advise our office of additional costs after a certificate has been issued.

**Vendor Conveyancer note:** If the vendor makes a payment after final figures are issued and puts the property in credit, it will be up to the vendor to contact Council to request a refund, this must be done prior to the end of that financial period as any credits from 1 July will be applied against the new year rates and become non-refundable.

# Notes to Certificate - Land Tax

Certificate No: 93751260

## Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

## Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
  - Land tax that has been assessed but is not yet due,
  - Land tax for the current tax year that has not yet been assessed, and
  - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

## Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

## Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge and Vacant Residential Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

## Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

## Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax including vacant residential land tax, interest and penalty tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

## General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
  - The request is within 90 days of the original Certificate's issue date, and
  - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

# Notes to Certificate - Commercial and Industrial Property Tax

Certificate No: 93751260

## Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

## Amount shown on Certificate

2. The Certificate shows any commercial and industrial property tax (including interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue.

## Australian Valuation Property Classification Code (AVPCC)

3. The Certificate may show one or more AVPCC in respect of land described in the Certificate. The AVPCC shown on the Certificate is the AVPCC allocated to the land in the most recent of the following valuation(s) of the land under the *Valuation of Land Act 1960*:
  - a general valuation of the land;
  - a supplementary valuation of the land returned after the general valuation.
4. The AVPCC(s) shown in respect of land described on the Certificate can be relevant to determine if the land has a qualifying use, within the meaning given by section 4 of the *Commercial and Industrial Property Tax Reform Act 2024* (CIPT Act). Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
  - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
  - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
  - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

## Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
  - the date on which the land became tax reform scheme land;
  - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
  - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

## Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification

must be given to the Commissioner within 30 days of the change of use.

## Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

## Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

## Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

## Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

## General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to [www.sro.vic.gov.au/CIPT](http://www.sro.vic.gov.au/CIPT).
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
  - the request is within 90 days of the original Certificate's issue date, and
  - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

## Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

## Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:
  - Windfall gains tax that is due and unpaid, including any penalty tax and interest
  - Windfall gains tax that is deferred, including any accrued deferral interest
  - Windfall gains tax that has been assessed but is not yet due
  - Windfall gains tax that has not yet been assessed (i.e. a WGT event has occurred that rezones the land but any windfall gains tax on the land is yet to be assessed)
  - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

## Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

## Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser by the Commissioner is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.

## Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. ## **Conditions of Connection Details**

### **GENERAL**

In these conditions the terms,

- (a) 'You' and 'Your' refer to the owner of a property connected (or about to be connected) to Yarra Valley Water assets
- (b) 'We', 'Us' and 'Our' refer to Yarra Valley Water.

Section 145 of the Water Act 1989 details the legislative rights and responsibilities of both the applicant and Yarra Valley Water in relation to connection, alteration or removal and discharging to the works of Yarra Valley Water. These Conditions of Connection set out the terms and conditions to be satisfied for connecting a property to sewer, potable and recycled water.

These conditions are binding on successor-in-title of the person who applied for that consent, under section 145 of the Water Act 1989. If you are not the owner of the property, please provide a copy of this letter to the owner.

The Conditions of Connection must be handed to the Licensed Plumber. Any work which these Conditions of Connection require you to undertake, must be done by a Licensed Plumber, engaged by you, at your cost.

It is the Licensed Plumber's responsibility to ensure that the plumbing and drainage work is completed in accordance with the relevant plumbing regulations and to the satisfaction of the Victorian Building Authority – Plumbing.

Any sewer connection branch and the connecting works must be installed so that they comply, in all respects, with the:

- Plumbing Regulations 1998 (Vic);
  - Water Industry Regulations 2006 (Vic);
  - Building Act 1993 (Vic);
  - Relevant AS/NZS series of standards applicable to sewer connection branch and connecting works from time to time,
- and any other technical requirements which we reasonably specify.

It is the responsibility of the person performing any excavation in a road reserve to obtain a Road Opening Permit from the relevant Authority before any excavation work commences. All traffic management requirements contained in the permit must be complied with.

### **WATER**

General water supply(s) are to be installed as referenced in the table of approval details of this document as required services. The table includes water main and connection details. In a mandated recycled water area recycling connections also apply and are referenced in the same table.

The existing service is to be disconnected and the main plugged. The meter must be returned to Yarra Valley Water. Please make sure the meter is available for our contractor to collect at the time of

disconnection. If the meter is not available for collection, the tapping may be cancelled and a rebooking fee will apply. Please note: if the plugging is for a new estate connection that has not been metered yet, there is no requirement to return the meter(s).

Water supply(s) services that are to be removed are listed in the Conditions of Connection. In a mandated recycled water area the recycled water service(s) must also be removed and are referenced in the same table.

All water provided to the property must be metered. This development must be serviced via a manifold as shown on the Yarra Valley Water website ([www.yvw.com.au](http://www.yvw.com.au)) to ensure the installations meet the required standard. No main meter is required to be installed at this development however individual meters off the manifold must be fitted for each lot at the time of the tapping. If you are installing shared facilities within the development such as a swimming pool or a communal laundry then a separate meter is required off the manifold for the shared facilities. For vacant lot subdivisions serviced via a manifold a garden tap is required to be installed within the boundary of each lot. Tap audits will be carried out to verify each lot has been provided with a water service.

For 20mm and 25mm services and all services where a manifold is to be installed, the service pipe, including a meter assembly with a temporary spacer pipe and any relevant backflow device must be installed by the plumber, prior to the time of the tapping or meter installation. Meters are installed by Yarra Valley Waters plumbing contractor. For 32mm and larger services, the meter will be delivered to you and must be installed on the property prior to the tapping. The service pipe must also be installed prior to the tapping. All manifolds are to be located below ground and must be left exposed for Yarra Valley Water's plumbing contractor to inspect prior to installation of the meters. Failure to comply will result in the tapping being cancelled. A rebooking fee will be applicable when rebooking the tapping.

All tapplings, pluggings and metering products can be arranged using easyACCESS. Work must be carried out in accordance with the Water Metering & Servicing Guidelines (see our website). Once all fees have been paid and you are ready to book your plumbing products, please contact Yarra Valley Waters contractor Mondo on 1300 735 328. A phone call is not required if products are New Estate Connections or Combo Drinking Water & Recycled Water. Please allow a minimum of 10 business days' notice when contacting Mondo.

All meters are supplied by Yarra Valley Water after payment of the relevant fees.

If the tapping and/or plugging is required to be performed outside of business hours, either at your request or as determined by Yarra Valley Water's plumbing contractor, an additional after hours fee will apply.

Meters are not permitted to be installed inside units/dwellings. In all situations where the meter is deemed inaccessible, either by your advice, or as determined by Yarra Valley Water plumbing contractor, remote read meters must be fitted at your cost. Remote read meters must be installed in the following circumstances: high rise developments; any water meter which is located where Yarra Valley Water will have to enter a building to read the meter; where access to the meter will be restricted by gates/fences. If you are aware that remote read meters will be required, please inform the easyACCESS staff at the time of booking.

For all tapplings and/or pluggings, it is the responsibility of the person performing the excavation to obtain a Road Opening Permit from the local municipal authority before any excavation work commences. All traffic management requirements contained in the Road Opening permit must be complied with. The excavation must expose the main at the tapping/plugging point and be made safe prior to the tapping / plugging appointment time. If you choose to have Yarra Valley Waters plumbing contractor carry out the excavation, Yarra Valley Water will organize the necessary permit at an additional cost on a per road opening basis.

Failure to comply with any of these requirements will result in the booking being cancelled and a rebooking fee will apply.

Yarra Valley Waters plumbing contractor can be contacted on 1300 735 328

The plumber is required to tag all risers (meters) and the corresponding unit with the relevant unit number in order to allow tap audits to be carried out by Yarra Valley Water's contractor.

Whether you have elected your plumber or Yarra Valley Water to carry out the excavation, please contact Yarra Valley Waters Plumbing Contractor Mondo on 1300 735 328 to schedule a date and time. Prior to our Plumbing Contractor attending on site to carry out the scheduled work you will be required to clearly mark your preferred location for the service. If the preferred location is not marked, the work will not be undertaken and you will incur a wasted site visit fee. Please note; bookings can take up to three (3) business days to generate after payment is made.

Should you wish to reschedule the booking, Yarra Valley Water's plumbing contractor can be contacted on 1300 735 328. If you cancel or reschedule a booking within 24 hours of the scheduled date / time a wasted site visit fee will apply. If you wish to cancel the booking you will need to contact Yarra Valley Water (if applicable), to seek a refund. A cancellation fee may apply.

### **METER ASSEMBLIES & POSITIONING**

It is the responsibility of the private plumber to ensure that containment, zone and individual backflow prevention is provided.

Water meter assemblies:

- a) Must be within 2 metres of the title boundary that abuts the water main
- b) Must be fitted at right angles to the water main, in line with the tapping
- c) Must be fully supported with minimum ground clearance of 150mm and should not be >300mm from the finished ground level to the base of the assembly
- d) Must not be encased in concrete surrounds
- e) Must be readily accessible for reading, maintenance and replacement. If Yarra Valley Water deem meters to be inaccessible, remote meters may be required at additional cost to the customer
- f) Can be installed in utility rooms or meter cabinets located within a common access area and must be readily accessible, subject to Yarra Valley Water's approval

If meters need to be moved >600mm a plugging and re-tapping must be booked and the relevant fee paid.

Meters which are in a public space such as a reserve or school must be protected by an appropriate cage to prevent tampering.

Meters are not permitted to be installed in pits unless prior approval has been given by Yarra Valley Water.

Meter assemblies must adhere to the meter installation diagrams available on the Yarra Valley Water website ([www.yvw.com.au](http://www.yvw.com.au)) to ensure the installations meet the required standard.

## **REMOVAL OF WATER METERS**

Only Yarra Valley Water's plumbing contractor is permitted to remove water meters.

If redevelopment of the site is occurring and the meter is no longer required, a plugging of the service must be arranged and the meter will be collected by our contractor at the time of the plugging.

## **DAMAGED OR STOLEN METERS**

If the builder/plumber damage a meter or meter assembly, it is the responsibility of the builder/plumber to rectify these assets back to the same condition as at time of installation by Yarra Valley Water.

- Failure to do so will result in Yarra Valley Water making the necessary amendments and recovering these costs from the property owner.
- Repeat offences may result in the services being plugged and re-booking fees will apply to have the services reinstated

Stolen meters are to be reported to Yarra Valley Water faults and emergencies:

- Call **13 2762** (24 hrs).
- Replacement of stolen meters can take up to 10 days. If replacement is required more urgently, please advise the operator at the time of the call.
- Until the meter is replaced no connections between the supply and the dwelling are to be reinstated. No straight pieces or alternative connections are allowed to be installed.

Meter assemblies must adhere to Yarra Valley Water's metering technical drawings which can be found at [www.yvw.com.au/help-advice/develop-build/plumbers/water-metering-and-servicing](http://www.yvw.com.au/help-advice/develop-build/plumbers/water-metering-and-servicing)

The installation of pumps on any water service to boost pressure or fill storage tanks directly from a water main is prohibited. Pumps may only be installed on the outlets of storage tanks filled under mains pressure.

## **SEWER**

Where a proposed development is to be constructed boundary to boundary and there is no compliant

location for a sewer connection point within the property, Yarra Valley Water (YVW) approves the connection point of the YVW sewer to be located in a road reserve outside the property and raised to surface with an appropriate approved cover. The sewer connection point must meet the required clearances from proposed structures as per the Build Over Easement Guidelines. Approval may be required for private plumbing located in road reserves by Council or VicRoads. Any unused sewer connection points at the site must be cut and sealed by a YVW accredited live sewer contractor.

Properties being developed that are serviced by a combined drain shared with adjoining properties will require sewer works. Yarra Valley Water's development policy does not permit additional lots to connect to an existing combined drain. The developer must provide separate sewer connection points. This may require either the construction of new sewer connections or a sewer extension which will be at the developer's expense.

If this combined drain development requirement is not met a statement of compliance will not be issued to Council.

Ownership boundaries for the sewer connection point can be found at <https://www.yvw.com.au/faults-works/responsibilities/repair-responsibilities>

Following the completion of a new or altered property sewerage drain, a copy of the updated Property Sewerage Plan must be returned within 7 days to Yarra Valley Water [easyACCESS@yvw.com.au](mailto:easyACCESS@yvw.com.au). Photographs of plans are not acceptable.

The existing sewer branch that is to service the proposed development must meet the requirements stated in WSA 02—2014-3.1 Sewerage Code of Australia, Melbourne Retail Water Agencies Edition - Version 2 - Clause 6.4.

If the existing sewer branch does not comply with these requirements, you will need to undertake additional sewer works which may include a sewer main extension, requiring lodgement of a new application and payment of additional fees.

Note for subdivisional developments where the sewer branch does not comply with these requirements, a statement of compliance will not be issued to Council until corrective action is undertaken and satisfactorily completed.

## **AMENDMENTS**

We may amend these conditions by writing to you. We may do so if we consider that any change, or proposed change, to relevant laws or our regulatory obligations require an amendment to be made.

We may also amend these conditions from time to time if we consider that it is necessary to:

- ensure that we are able to continue to comply with any law relating to health, safety or the environment, or our agreement with our bulk supplier of sewage transfer and treatment services; or
- the health or safety of anyone; or
- any part of the environment; or
- any of our works.

## INDEMNITY

You must indemnify Yarra Valley Water against:

- all damages, losses, penalties, costs and expenses whatsoever, which we suffer or incur; and
- all proceedings, prosecutions or demands brought or made against us by anyone, as a result of you failing to perform any of our obligations under these conditions, except to the extent that the failure has been caused by our negligence.

You must not bring any proceeding or make any demand against us for any damage, loss, cost or expense of any kind whatsoever which you incur, directly or indirectly, as a result of Yarra Valley Water amending these conditions.

You must pay us any costs we reasonably incur in:

- making good any damage to our assets or works directly or indirectly caused by your failure to comply with these conditions; and
- inspecting our assets or works to see if such damage has been caused.

## CONDITIONS OF CONSENT

The following conditions are subject to Sections 136, 268, 269 and 270 of the Water Act 1989 covering conditions of subdivision, new connections and contributions for works.

### **CONDITIONS RELATING TO NEW CONNECTIONS / COMPLETION OF WORKS / ISSUE OF CONSENT**

Approval is subject to the applicant applying for Build Over Easement conditions under Section 148 of the Water Act 1989 prior to works being commenced or subdivision being approved. This requirement and subsequent build over easement conditions will be recorded as an encumbrance against the property. This consent binds the owner(s) of the land and successors in title and is enforceable under Section 148 of the Water Act 1989.

This condition must be met before a Statement of Compliance can be issued.

All developments within our licensed area are subject to the payment of New Customer Contributions as set by the Essential Services Commission. These contributions are necessary as the development work you will be completing places increased demand on our hydraulic services. These funds are then used to further develop the network to meet the needs of the growing urban community. The fees for your development are detailed in the invoice/statement. Further details can be found by visiting the Essential Services Commission website at [www.esc.vic.gov.au](http://www.esc.vic.gov.au).

The New Customer Contribution fees remain valid for 90 days from the date of this letter and are based on the information provided in your application. Further fees may be imposed if it is found that this development involves works other than declared on your application. If there are changes to the details supplied or if the approval period expires, revised conditions of connection and additional fees will be applicable. If this occurs it will be necessary to resubmit a new application.

NOTE: These fees are for the creation of additional lots only and do not include any other works or products which may be required as a result of the development being carried out.

### **SUBDIVISIONAL CONDITIONS**

We advise that should this development proceed to subdivision the plan of subdivision must include an Owners Corporation schedule. Should an Owners Corporation schedule not form part of the plan of subdivision, extensions to our sewer and water mains may be necessary, requiring the lodgement of a new application and payment of additional fees.

Water and sewerage services are required to be extended to each individual lot within the development. The extended sewerage property service drain must adequately control all lots via gravity.

Easements must be created over any existing or proposed Yarra Valley Water assets. Your surveyor will need to ensure that these easements are included on any plan of subdivision.

An encumbrance will be placed on lots in this subdivision advising prospective purchasers that the properties are serviced by shared sewer and/or water connections.

Yarra Valley Water will be unable to give consent to council to issue a Statement of Compliance until fees have been paid and all other conditions have been met.

## CONDITIONS APPLICABLE TO THIS APPLICATION:

Yarra Valley Water ("YVW") grants its consent to the owner to build a structure or place fill on land over an easement in favour of YVW, over an easement for water supply, sewerage or drainage purposes, or over or within 1 metre of YVW works (referred to as "Owner's Works"), subject to the following terms and conditions:

### Standard conditions:

1. A reference in these terms and conditions to YVW includes YVW's employees, agents and contractors.
2. The applicant applying for YVW's consent for the Owner's Works warrants that they made the application as or on behalf of the owner. A reference in these terms and conditions to the owner includes a reference to the applicant or any successors in title to the owner.
3. YVW's conditional consent is to the owner's application and plans for the Owner's Works as previously provided to YVW. The owner must only construct the Owner Works in accordance with YVW's conditions of consent. Any variation to the owner's application and plans or Owners Works requires a new application to YVW which may be approved or rejected in YVW's absolute discretion.
4. The owner is solely responsible for, and indemnifies and releases and will keep indemnified and released YVW from and against all direct and indirect actions, claims, demands, cost or expenses made, sustained, incurred, brought or prosecuted or in any manner based upon, occasioned by, or attributable to any injury to any person (including illness or death) or loss of or damage to any property which may arise from, or as a result of the Owner's Works, including but not limited to being as a result of the design, construction, placement or presence of the Owner's Works.
5. The owner is solely responsible for, and indemnifies and releases and will keep indemnified and released YVW from and against all direct and indirect actions, claims, demands, cost or expenses made, sustained, incurred, brought or prosecuted or in any manner based upon, occasioned by, or attributable to YVW inspecting, constructing, maintaining, repairing or replacing any assets or other property of YVW beneath or in the vicinity of the Owners Works except to the extent caused by negligence of YVW.
6. YVW makes no warranty or representation and excludes all liability of any kind for the accuracy, adequacy or completeness of any plans or other information it has provided on sewer, water and other assets. The plans and any asset information accompanying this letter are issued solely as a guide for the investigation and identification of the assets specified and must not be used for any other purpose, including to identify any property boundaries, dimensions, structures or other assets. The location of all assets must be proven on site prior to the commencement of any works. Due to ongoing potential asset changes the plans or any other information provided should not be reused at a later date and new plans and asset information should be obtained.
7. The owner must complete and ensure the Owner's Works comply with all applicable laws and authorisations.

8. The owner is solely responsible and warrants the structural integrity and sufficiency of the Owner's Works, including any footings, having regard to the presence of YVW's assets and/or easements.
9. The owner permits YVW to enter into and upon the land and structures contained on the land, for the purpose of inspecting, constructing, maintaining, repairing or replacing assets or other property of YVW, and for that purpose to excavate through any part of the Owner's Works. YVW will not repair or reinstate the Owner's Works.
10. YVW's conditions of consent are binding upon all successors in title to the land. The owner must disclose these conditions to all prospective purchasers, mortgagees or other successors in title.
11. A failure to comply with YVW's conditions of consent will invalidate YVW's consent and render the owner liable for penalties pursuant to the Water Act 1989 which may include fines or imprisonment.
12. Should any monies become due to YVW from the owner pursuant to these terms and conditions, the owner must pay such monies within 30 days of receipt of a written notice from YVW.
13. Our imposition of conditions does not affect the rights of any other parties over the area in question.
14. If there are changes or errors in the details supplied, or we determine that inaccurate information has been provided, this consent may be withdrawn by Yarra Valley Water or additional conditions imposed.
15. Multi-unit and single residential, industrial/commercial developments must meet the requirements stated in WSA 02—3.1 Sewerage Code of Australia, Melbourne Retail Water Agencies Edition - Version 2 - Clause 6.4. This may require a sewer branch connection from an existing maintenance structure or a new maintenance structure.

If a new maintenance structure is required you must apply for conditions at Yarra Valley Water, details are available on the Yarra Valley Water website [easyACCESS Land Development Hub](#).

16. These conditions of consent will be disclosed to any person making an application for an information statement in relation to the land pursuant to section 158 of the Water Act 1989.

*Below are some example of what to look for*

# Statement of advice and information for prospective purchasers and lot owners

Schedule 3, Regulation 17, Owners Corporations Regulations 2018

## What is an owners corporation?

The lot you are considering buying is part of an owners corporation. Whenever a plan of subdivision creates common property, an owners corporation is responsible for managing the common property. A purchaser of a lot that is part of an owners corporation automatically becomes a member of the owners corporation when the transfer of that lot to the purchaser has been registered with Land Victoria.

If you buy into an owners corporation, you will be purchasing not only the individual property, but also ownership of, and the right to use, the common property as set out in the plan of subdivision. This common property may include driveways, stairs, paths, passages, lifts, lobbies, common garden areas and other facilities set up for use by owners and occupiers. In order to identify the boundary between the individual lot you are purchasing (for which the owner is solely responsible) and the common property (for which all members of the owners corporation are responsible), you should closely inspect the plan of subdivision.

## How are decisions made by an owners corporation?

As an owner, you will be required to make financial contributions to the owners corporation, in particular for the repair, maintenance and management of the common property. Decisions as to the management of this common property will be the subject of collective decision making. Decisions as to these financial contributions, which may involve significant expenditure, will be decided by a vote.

## Owners corporation rules

The owners corporation rules may deal with matters such as car parking, noise, pets, the appearance or use of lots, behaviour of owners, occupiers or guests and grievance procedures.

You should look at the owners corporation rules to consider any restrictions imposed by the rules.

## Lot entitlement and lot liability

The plan of subdivision will also show your lot entitlement and lot liability. Lot liability represents the share of owners corporation expenses that each lot owner is required to pay.

Lot entitlement is an owner's share of ownership of the common property, which determines voting rights. You should make sure that the allocation of lot liability and entitlement for the lot you are considering buying seems fair and reasonable.

## Further information

If you are interested in finding out more about living in an owners corporation, you can contact Consumer Affairs Victoria. If you require further information about the particular owners corporation you are buying into you can inspect that owners corporation's information register.

## Management of an owners corporation

An owners corporation may be self-managed by the lot owners or professionally managed by an owners corporation manager. If an owners corporation chooses to appoint a professional manager, it must be a manager registered with the Business Licensing Authority (BLA).

If you are uncertain about any aspect of the owners corporation or the documents you have received from the owners corporation, you should seek expert advice.

## MODEL RULES FOR AN OWNERS CORPORATION

### 1. Health, safety and security

#### 1.1 Health, safety and security of lot owners, occupiers of lots and others

A lot owner or occupier must not use the lot, or permit it to be used, so as to cause a hazard to the health, safety and security of an owner, occupier, or user of another lot.

#### 1.2 Storage of flammable liquids and other dangerous substances and materials

### 2. Committees and sub-committees

#### 2.1 Functions, powers and reporting of committees and sub-committees

A committee may appoint members to a sub committee without reference to the owners corporation.

### 3. Management and administration

#### 3.1 Metering of services and apportionment of costs of services

1. The owners corporation must not seek payment or reimbursement for a cost or charge from a lot owner or occupier that is more than the amount that the supplier would have charged the lot owner or occupier for the same goods or services.
2. If a supplier has issued an account to the owners corporation, the owners corporation cannot recover from the lot owner or occupier an amount which includes any amount that is able to be claimed as a concession or rebate by or on behalf of the lot owner or occupier from the relevant supplier.
3. Subrule (2) does not apply if the concession or rebate -
  - (a) must be claimed by the lot owner or occupier and the owners corporation has given the lot owner or occupier an opportunity to claim it and the lot owner or occupier has not done so by the payment date set by the relevant supplier; or
  - (b) is paid directly to the lot owner or occupier as a refund.

### 4. Use of common property

#### 4.2 Vehicles and parking on common property

An owner or occupier of a lot must not, unless in the case of an emergency, park or leave a motor vehicle or other vehicle or permit a motor vehicle or other vehicle—

- (a) to be parked or left in parking spaces situated on common property and allocated for other lots; or
- (b) on the common property so as to obstruct a driveway, pathway, entrance or exit to a lot; or

- (c) in any place other than a parking area situated on common property specified for that purpose by the owners corporation.

#### 4.3 **Damage to common property**

1. An owner or occupier of a lot must not damage or alter the common property without the written approval of the owners corporation.
2. An owner or occupier of a lot must not damage or alter a structure that forms part of the common property without the written approval of the owners corporation.
3. An approval under subrule (1) or (2) may state a period for which the approval is granted, and may specify the works and conditions to which the approval is subject.
4. An owner or person authorised by an owner may install a locking or safety device to protect the lot against intruders, or a screen or barrier to prevent entry of animals or insects, if the device, screen or barrier is soundly built and is consistent with the colour, style and materials of the building.

### 5. **Lots**

#### 5.1 **Change of use of lots**

An owner or occupier of a lot must give written notification to the owners corporation if the owner or occupier changes the existing use of the lot in a way that will affect the insurance premiums for the owners corporation.

##### **Example**

If the change of use results in a hazardous activity being carried out on the lot, or results in the lot being used for commercial or industrial purposes rather than residential purposes.

#### 5.2 **External appearance of lots**

1. An owner or occupier of a lot must obtain the written approval of the owners corporation before making any changes to the external appearance of their lot.
2. An owners corporation cannot unreasonably withhold approval, but may give approval subject to reasonable conditions to protect quiet enjoyment of other lot owners, structural integrity or the value of other lots and/or common property.

#### 5.3 **Requiring notice to the owners corporation of renovations to lots**

An owner or occupier of a lot must notify the owners corporation when undertaking any renovations or other works that may affect the common property and/or other lot owners' or occupiers' enjoyment of the common property.

### 6. **Behaviour of persons**

#### 6.1 **Behaviour of owners, occupiers and invitees on common property**

An owner or occupier of a lot must take all reasonable steps to ensure that guests of the owner or occupier do not behave in a manner likely to unreasonably interfere with the peaceful enjoyment of any other person entitled to use the common property.

#### 6.2 **Noise and other nuisance control**

1. An owner or occupier of a lot, or a guest of an owner or occupier, must not unreasonably create any noise likely to interfere with the peaceful enjoyment of any other person entitled to use the common property.
2. Subrule (1) does not apply to the making of a noise if the owners corporation has given written permission for the noise to be made.

### 7. **Dispute resolution**

1. The grievance procedure set out in this rule applies to disputes involving a lot owner, manager, or an occupier or the owners corporation.
2. The party making the complaint must prepare a written statement in the approved form.
3. If there is a grievance committee of the owners corporation, it must be notified of the dispute by the complainant.
4. If there is no grievance committee, the owners corporation must be notified of any dispute by the complainant, regardless of whether the owners corporation is an immediate party to the dispute.
5. The parties to the dispute must meet and discuss the matter in dispute, along with either the grievance committee or the owners corporation, within 14 working days after the dispute comes to the attention of all the parties.

6. A party to the dispute may appoint a person to act or appear on his or her behalf at the meeting.
7. If the dispute is not resolved, the grievance committee or owners corporation must notify each party of his or her right to take further action under Part 10 of the Owners Corporations Act 2006.
8. This process is separate from and does not limit any further action under Part 10 of the Owners Corporations Act 2006.
