- 1.2 Every vendor under this contract is a foreign resident for the purposes of this special condition unless the vendor gives the purchaser a clearance certificate issued by the Commissioner under section 14-220 (1) of Schedule 1 to the Taxation Administration Act 1953 (Cth). The specified period in the clearance certificate must include the actual date of settlement.

3. SITING & SETBACKS

3.1 Exemption from the need for the Consent and Report of the relevant Council

The restriction in the Plan which incorporates this MCP exempts a proposed Dwelling design from requiring the consent and report of the relevant council with regard to a design which does not comply with the Building Regulations in respect of the following:

- (a) minimum Street Setback (regulation 409);
- (b) building height (regulation 410);
- (c) side and rear Setbacks (regulation 414);
- (d) walls on boundaries (regulation 415);
- (e) solar access to existing north facing windows (regulation 417);
- (f) overshadowing of recreational private open space (regulation 418);
- (g) overlooking (regulation 419); and
- (h) Fences on street alignments (regulation 427).

3.2 Building Envelopes

- (a) Any Dwelling on a Lot must not be contained outside the Approved Building Envelopes and must not be defined otherwise than by the associated Building Envelope Profile and written notes contained therein, except for the Allowable Encroachments.

AA1703

18/04/2011 \$52.60 MCP

- (b) The siting of a Dwelling within the Approved Building Envelope and the Building Envelope Profile is subject to any further restriction or modification imposed by this MCP or any other applicable Control.
- (c) No exemption from the need for consent and report of the relevant council in respect of Building Regulations 414, 415, 417, 418 and 419 applies in respect of an Edge Boundary. The siting requirements of a Building in respect of an Edge Boundary must accord with Building Regulations 414, 415, 417, 418 and 419 unless consent and report of the relevant council has been obtained in accordance with the Building Regulations. In terms of this MCP, exemptions relating to minimum Street Setback (regulation 409), building height (regulation 410) and fences on street alignments regulation 427) still apply in respect of an Edge Lot.

3.3 Minimum Street Setback

- (a) Any Dwelling on a Lot which has an area of less than 300 square metres must be set back from the Primary Frontage by a minimum distance of 3.0 metres.
- (b) Any Dwelling on a Lot which has an area of between 300 square metres and 450 square metres (inclusive) must be set back from the Primary Frontage by a minimum distance of 4.0 metres, unless that Primary Frontage abuts the Golf Course.
- (c) Any Dwelling on a Lot which has an area of between 451 square metres and 600 square metres (inclusive) must be set back from the Primary Frontage by a minimum distance of 4.5 metres, unless that Primary Frontage abuts the Golf Course.
- (d) Any Dwelling on a Lot which has an area equal to or greater than 601 square metres must be set back from the Primary Frontage by a minimum distance of 5.0 metres, unless that Primary Frontage abuts the Golf Course.
- (e) Any Dwelling on a Lot which is a Corner Lot must be set back from the Secondary Frontage by at least 2.0 metres.
- (f) Any Dwelling on a Lot that has a Primary Frontage abutting the Golf Course must be set back from that Primary Frontage by a minimum distance of 3.0 metres.
- (g) Any Dwelling on a Dual Frontage Lot need not be set back from its Rear Boundary, unless otherwise stated in the Building Envelope Plan.

3.4 Exceptions to Setbacks

- (a) A deck may encroach into the Setback from a Side or Rear Boundary of a Lot up to 2 metres.
- (b) Despite any other provision in this MCP or the Building Regulations, an Allowable Encroachment must not exceed 4 metres in height.

3.5 Garages

- (a) If a Garage or Carport is located facing the Primary Frontage or has a rear wall facing a Side Boundary, either the side or rear wall of that Garage or Carport (as applicable) must be built within 150 millimetres of a Side Boundary.
- (b) If a Garage or Carport is located facing the Secondary Frontage of a Corner Lot, then unless otherwise indicated on the Building Envelope Plan, that Garage or Carport:

AA1703

18/04/2011 \$52.60 MCP

- (i) must have a Setback of at least 5.0 metres from the Secondary Frontage; and
 - (ii) be built within 150 millimetres of the Rear Boundary.
- (c) A Garage or Carport on a Dual Frontage Lot must:
- (i) be located facing the Rear Boundary; or
 - (ii) at the rear of the Dual Frontage Lot,
and be:
 - (iii) set back from the Rear Boundary by at least 5.0 metres; and
 - (iv) built within 150 millimetres of a Side Boundary.

3.6 Side and Rear Setbacks

- (a) Except for Allowable Encroachments, a Dwelling on a Conventional Lot or a Corner Lot which is not a Golf Lot or a Dual Frontage Lot must be set back from the boundaries of the Lot as follows:
 - (i) subject to clause 3.6(d), from its Side Boundary by at least the distance referred to on the Building Envelope Plan;
 - (ii) from its Rear Boundary by at least 2.0 metres, unless otherwise stated in the Building Envelope Plan; and
 - (iii) if the Lot is a Corner Lot, from its Secondary Frontage by at least 2.0 metres.
- (b) Except for Allowable Encroachments, a Dwelling on a Golf Lot must be set back from the boundaries of the Lot as follows:
 - (i) subject to clause 3.6(d), from its Side Boundary by at least the distance referred to on the Building Envelope Plan;
 - (ii) from its Rear Boundary by at least 3.0 metres, unless otherwise stated in the Building Envelope Plan; and
 - (iii) if the Lot is a Corner Lot, from its Secondary Frontage by at least 2.0 metres, unless otherwise stated in the Building Envelope Plan.
- (c) Except for Allowable Encroachments, a Dwelling on a Dual Frontage Lot:
 - (i) subject to clause 3.6(d), must be set back from its Side Boundary by at least the distance referred to on the Building Envelope Plan;

 - (iii) if the Dual Frontage Lot is a Corner Lot, must be set back from its Secondary Frontage by at least 2.0 metres.
- (d) For the avoidance of doubt, a Dwelling, Garage or Carport may be constructed in the Building to Boundary Zone. However, a Dwelling, Garage or Carport may only be constructed in the

AA1703

18/04/2011 \$52.60 MCP

Building to Boundary Zone on one Side Boundary and must not be constructed within 1 metre of the other Side Boundary.

3.7 Building Height

- (a) Subject to clause 3.7(b), the Height of a Building shall only be limited by any Height restriction defined in the associated Building Envelope Profile.
- (b) The Height of a Building within the Single Storey Zone must not exceed 4 metres.

3.8 Walls on Boundaries

- (a) This clause 3.8 applies to construction of:
 - (i) a wall within 150mm of a Side Boundary of a Lot; or
 - (ii) any part of a Carport constructed within 150mm of a Side Boundary of a Lot and which is open on the side facing the boundary or boundaries.
- (b) The Height of the wall or Carport shall only be limited by any Height restriction defined in the associated Building Envelope Profile.

3.9 Solar access to existing north facing windows

Regulation 417 of the Building Regulations does not apply to a Building constructed on a Lot, provided that Building is located entirely within an Approved Building Envelope (except for Allowable Encroachments or as otherwise provided in this MCP).

3.10 Overshadowing of recreational private open space

Regulation 418 of the Building Regulations does not apply to a Building constructed on a Lot, provided that Building is located entirely within an Approved Building Envelope and the applicable Building Envelope Profile (except for Allowable Encroachments or as otherwise provided in this MCP).

3.11 Overlooking

Except as otherwise provided in this MCP or in the Design and Siting Guidelines and Restrictions, a Building may be constructed, but a habitable room window may not be located anywhere within an Overlooking Zone.

4. FENCING

- (a) Except with the consent of MDR and subject to clauses 4(b) and 4(c), no Fence shall be constructed along any boundary abutting a Street, except in relation to the Rear Boundary of a Dual Frontage Lot.
- (b) Subject to the approval of MDR, retaining walls or courtyard defining walls may be built within the area between the Primary Frontage and the front of the Dwelling.
- (c) Where a Lot is a Corner Lot:
 - (i) a Fence may be constructed along a Frontage which is not the Primary Frontage as long as it does not exceed 1.8 metres in Height; and

AA1703

18/04/2011 \$52.60 MCP

- (ii) a Fence may be constructed within 9 metres of a point of intersection of street alignments exceeding a Height of 1 metre provided that Fence:
 - (A) is not constructed along the Primary Frontage, except in accordance with clause 4(a);
 - (B) does not exceed 1.8m; and
 - (B) except in the case of a Fence constructed in accordance with clause 4(a), remains at least 1 metre behind the front façade of any Dwelling constructed on the Lot and returns to abut the Dwelling.

5. GENERAL

- (a) In the case of a conflict between the Plan and these written notations, the specifications in these written notations prevail.
- (b) Buildings must not cover a registered easement unless:
 - (i) provided for by the easement; or
 - (ii) the consent of all parties who enjoy or whose land enjoys the benefit of the easement is obtained.
- (c) The Beveridge Joint Venture and the MDR may, in their absolute discretion, authorise in writing the siting of a Building which does not comply with the restriction created by the Plan which incorporates this MCP, provided that such siting complies with the requirements of the Building Regulations and/or is subject to the report and consent of the relevant reporting authority in terms of the Building Regulations. Approvals by the Beveridge Joint Venture and the MDR in accordance with this clause may be provided in circumstances where the Beveridge Joint Venture and the MDR consider, in their absolute discretion, that the siting is desirable in terms of achieving a better planning outcome in terms of the Design and Siting Guidelines and Restrictions than may otherwise be achieved and will not result in any significant detriment to abutting owners and occupiers, but may also be given in other circumstances.
- (d) Formal application for a Building Permit must not be made until the design and siting of a Dwelling to be built on any Lot on the Plan is approved by the MDR, which approval may be:
 - (i) given or refused in the MDR's absolute discretion;
 - (ii) refused even if the design and siting of a Dwelling to be built on any Lot on the Plan is in accordance with the Design and Siting Guidelines and Restrictions.

In these conditions the terms,

- (a) 'You' and 'Your' refer to the owner of a property connected (or about to be connected) to Yarra Valley Water assets
- (b) 'We', 'Us' and 'Our' refer to Yarra Valley Water.

Section 145 of the Water Act 1989 details the legislative rights and responsibilities of both the applicant and Yarra Valley Water in relation to connection, alteration or removal and discharging to the works of Yarra Valley Water. These Conditions of Connection set out the terms and conditions to be satisfied for connecting a property to sewer, potable and recycled water.

These conditions are binding on successor-in-title of the person who applied for that consent, under section 145 of the Water Act 1989. If you are not the owner of the property, please provide a copy of this letter to the owner.

The Conditions of Connection must be handed to the Licensed Plumber. Any work which these Conditions of Connection require you to undertake must be done by a Licensed Plumber, engaged by you, at your cost. It is the Licensed Plumber's responsibility to ensure that the plumbing and drainage work is completed in accordance with the relevant plumbing regulations and to the satisfaction of the Plumbing Industry Commission.

Any sewer connection branch and the connecting works must be installed so that they comply, in all respects, with the:

- Plumbing Regulations 1998 (Vic);
 - Water Industry Regulations 2006 (Vic);
 - Building Act 1993 (Vic);
 - Relevant AS/NZS series of standards applicable to sewer connection branch and connecting works from time to time,
- and any other technical requirements which we reasonably specify.

If your property is subject to flooding you should contact Melbourne Water to confirm any actual recorded flood level and assess this information for any impact to the proposed development.

It is the responsibility of the person performing any excavation in a road reserve to obtain a Road Opening Permit from the relevant Authority before any excavation work commences. All traffic management requirements contained in the permit must be complied with.

WATER

General water supply(s) are to be installed as referenced in the table of approval details of this document as required services. The table includes water main and connection details. In a mandated recycled water area recycling connections also apply and are referenced in the same table.

The pressure in this area is above 500kPa or will increase above 500kPa in the future. A Pressure Limiting Valve (PLV) must be fitted by the Licensed Plumber at the time of connection.

For 20mm and 25mm services and all services where a manifold is to be installed, the service pipe, including a meter assembly with a temporary spacer pipe and any relevant backflow device must be installed by the plumber, prior to the time of the tapping or meter installation. Meters are installed by Yarra Valley Waters plumbing contractor. For 32mm and larger services, the meter will be delivered to you and must be installed on the property prior to the tapping. The service pipe must also be installed prior to the tapping. All manifolds are to be located below ground and must be left exposed for Yarra Valley Water's plumbing contractor to inspect prior to installation of the meters. Failure to comply will result in the tapping being cancelled. A rebooking fee will be applicable when rebooking the tapping.

All tapplings, pluggings and metering products must be arranged by contacting the easyACCESS outlet where the application was made.

Work is to be carried out in accordance with the Water Metering & Servicing Guidelines available on our website.

All meters are supplied by Yarra Valley Water after payment of the relevant fees.

If the tapping and/or plugging is required to be performed outside of business hours, either at your request or as determined by Yarra Valley Water's plumbing contractor, an additional after hours fee will apply.

Meters are not permitted to be installed inside units/dwellings. In all situations where the meter is deemed inaccessible, either by your advice, or as determined by Yarra Valley Water plumbing contractor, remote read meters must be fitted at your cost. Remote read meters must be installed in the following circumstances: high rise developments; any water meter which is located where Yarra Valley Water will have to enter a building to read the meter; where access to the meter will be restricted by gates/fences. If you are aware that remote read meters will be required, please inform the easyACCESS staff at the time of booking.

For all tapplings and/or pluggings, it is the responsibility of the person performing the excavation to obtain a Road Opening Permit from the local municipal authority before any excavation work commences. All traffic management requirements contained in the Road Opening permit must be complied with. The excavation must expose the main at the tapping/plugging point and be made safe prior to the tapping / plugging appointment time. If you choose to have Yarra Valley Water's plumbing contractor carry out the excavation, Yarra Valley Water will organize the necessary permit at an additional cost on a per road opening basis.

Failure to comply with any of these requirements will result in the booking being cancelled and a rebooking fee will apply.

Yarra Valley Water's plumbing contractor can be contacted on 1300 724 858.

The dry tapping will be completed within 4 working days of your booking. Please note that if the location of the dry tapping is not suitable, a plug and retap will be required and a fee will apply. Should you wish to reschedule the booking, Yarra Valley Water's plumbing contractor can be contacted on 1300 724 858. If you wish to cancel the booking you will need to return to the easyACCESS store where the booking was made (if applicable) to seek a refund. A cancellation fee may apply.

REMOVAL OF WATER METERS

Only Yarra Valley Water's plumbing contractor is permitted to remove water meters.

If redevelopment of the site is occurring and the meter is no longer required, a plugging of the service must be arranged and the meter will be collected by our contractor at the time of the plugging.

Notes to Certificate - Land Tax

Certificate No: 80742626

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
 - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
 - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
 - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
 - the date on which the land became tax reform scheme land;
 - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
 - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification

must be given to the Commissioner within 30 days of the change of use.

Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to www.sro.vic.gov.au/CIPT.
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
 - the request is within 90 days of the original Certificate's issue date, and
 - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Windfall Gains Tax

Certificate No: 80742626

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:
 - Windfall gains tax that is due and unpaid, including any penalty tax and interest
 - Windfall gains tax that is deferred, including any accrued deferral interest
 - Windfall gains tax that has been assessed but is not yet due
 - Windfall gains tax that has not yet been assessed (i.e. a WGT event has occurred that rezones the land but any windfall gains tax on the land is yet to be assessed)
 - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser by the Commissioner is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.
5. If the certificate states that a windfall gains tax is yet to be assessed, note 4 does not apply.
6. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. This prohibition does not apply to a contract of sale entered into before 1 January 2024, or a contract of sale of land entered into on or after 1 January 2024 pursuant to the exercise of an option granted before 1 January 2024.

General information

9. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.
10. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.
11. Where a windfall gains tax liability has been deferred, interest accrues daily on the deferred liability. The deferred interest shown overleaf is the amount of interest accrued to the date of issue of the certificate.

8. General Business

8.1 Rules and Mandalay Design Guidelines Enforcement

Discussion was had about the Rules of the Owners Corporation and that TK has recently been advised that some of them are not enforceable. TK is waiting on clarification from the solicitor as to which ones are enforceable. For those that are not enforceable by the OC, it is expected that at least some of them will be enforceable by some other entity. TK advised that they are administrators and while they will assist in the enforcement of rules where possible, each owners also has a responsibility to try and resolve issues and for those issues that are civil, council or Vic Roads issues, that the more people that report them to the relevant authority, the more chance there is that something will be done about the issue.

Resolution: It was resolved for TK to follow up with the solicitor and advise the COM for direction as to what to communicate to owners. It was further resolved that if it is found that none of the rules are enforceable for TK to seek legal opinion as to whether there is any recourse on the Developer for the rules that were written and the expectation of what the estate will look like.

Action By: TK

8.2 Security and Neighbourhood watch

Discussion was had about making the estate safer and of each owners responsibility to report all issues that are on council property to the council or the police if appropriate as the OC has no jurisdiction over council property.

Resolution: It was resolved that consideration be given to setting up the neighbourhood watch again now that more of the estate has been established and setting up sub-committees.

Action By: COM

8.3 Solar Update

Discussion was had about the recently held solar information sessions. Discussion has been had about further sessions for those that were not able to attend the previous sessions, and possible initiatives that might be available.

Resolution: It was resolved for TK to advise if further sessions will be held and any initiatives available to be sent to owners when the details are known.

Action By: COM/TK

WELCOME

Welcome to the picturesque Club Mandalay, the heart of the Club Mandalay Estate. The Golf Course and Clubhouse precinct has been designed to optimise the Club Mandalay experience at every turn and to make Club Mandalay a most desirable place to live.

The Clubhouse

The Clubhouse is open seven days per week. It is envisaged that initially the restaurant will be open for breakfast on the weekends. Lunch will be available daily and dinner Friday and Saturday night. Patronage of the bar and restaurant will be monitored closely and operating times will be adjusted to best satisfy demand.

The food and beverage facilities include a fully licenced bar, café, restaurant and function facilities.

Our team of qualified chefs are already delivering a fresh, innovative and well priced range of menus that will include special events such birthdays and celebrations.

The café offers freshly made coffee daily as well as a selection of cakes, pastries and pre-made sandwiches, wraps and salads.

Golf

The Championship Golf Course has been designed to offer an appropriate challenge for every level of golfer. The Par 72 course comprises 4 par 3's, 4 par 5's and 10 par 4's in two loops of nine holes starting and finishing at the clubhouse in the traditional manner, with a variety of hole lengths making for an interesting journey. Bunkers, although not vast in area or in number, provide a sufficient challenge to the golfer without being heartbreakingly difficult. The greens are generous in size and subtle in nature giving rise to a variety of pin positions. The fairways are gently undulating providing drainage runoff to landscape areas, while numerous landscaped wetlands scattered around the course will clean the run off and provide a welcome refuge for a variety of aquatic species and bird life.

Please be advised that the By-Laws and Rules may change from time to time without prior notification, or distribution. Please refer to www.clubmandalay.com.au for the most up to date version.

We look forward to seeing you out and about the Mandalay Community.

c) Bunkers – Raking Bunkers

Always enter and exit a bunker from the lowest point.

Having hit your ball out of the bunker you must rake the bunker to ensure it is fair for the next person. Begin by raking over the signs of play from the sand, the area where your club made contact with the sand, and your footprints. Pull the tines of the rake toward you as you begin moving back to the rim of the bunker. Ensure that you don't pull too much sand toward you. The idea is to restore an even surface to the sand without displacing too much sand. If you are pulling too much sand toward you, try pushing the tines outward a few times, too. All the while, you should be progressing back to the edge of the bunker.

When you are finished, the sand's surface should be evened out, with no signs of divots or footprints, and no excess sand having been pulled toward the bunker's edge. There will be little furrows left from the tines of the rake. To complete the raking, step out of the bunker and make your final few passes over the sand with the rake. Gently throw the rake into the middle of the bunker with the rake pointing its head in the direction of play.

The Club will not ignore any complaint. In any proven instance of harassment or victimisation, disciplinary action will be taken. This may include warnings, other actions, suspension or expulsion of Member access.

LEGAL IMPLICATIONS

It is the responsibility of all Members to comply with, and ensure, that their Guests comply with, all laws and regulations relating to harassment and victimisation.

2. WALKING TRAILS

Walking Trails have been designed to flow around the Golf Course to ensure safety for those who wish to walk around the Golf Course. Every effort has been made to ensure that the position of the Walking Trails do not impede the enjoyment of the golf. However, common sense must be adopted by both players and walkers.

Golfers must not play a shot if there is any possibility that a walker may be struck by a golf ball. Golfers must wait for the area to be clear. In the event that a golf ball is struck towards a person who is on the walking track the golfer must yell "FORE" in accordance with normal custom to alert the walker.

EMERGENCY PROCEDURES

1. MEDICAL EMERGENCY

If a medical emergency occurs on the golf course, the first person on the scene should:

Use their mobile phone to call 000 or find another person to locate a mobile phone to call 000 and notify the operator of the circumstances of the emergency. Those at the scene should do all that they can to respond to the instructions that are made by the 000 operator. At the relevant time you should advise the 000 operator that a member of staff will meet the ambulance at the front gate of the Club house car park. You should then contact a staff member on 03 9037 3700 and provide them with the following information:

- Location (Golf hole being played, or specific location in the facility)
- Details of the Emergency
- Confirm that an ambulance has been called and that it will be met at the front gate

The staff member will then arrange for the Emergency Medical Kit including defibrillator to be taken to the scene of the incident as quickly as possible and arrange for another staff member to meet the ambulance and direct them to the scene. The staff member will try to locate any medical practitioner on the golf course and transport them to the incident. The staff member will monitor the incident and commence an incident log in accordance with Club procedures.

2. EMERGENCY FIRST AID KIT

The Club maintains an Emergency first Kit, which is securely stored in locations marked throughout the clubhouse.

3. WEATHER PROCEDURES

The Club has policy guidelines for the suspension/cancellation of golf play on the Golf Course due to dangerous weather conditions. These guidelines can be viewed on the Club Mandalay website.

Statement of advice and information for prospective purchasers and lot owners

Schedule 3, Regulation 17, Owners Corporations Regulations 2018

What is an owners corporation?

The lot you are considering buying is part of an owners corporation. Whenever a plan of subdivision creates common property, an owners corporation is responsible for managing the common property. A purchaser of a lot that is part of an owners corporation automatically becomes a member of the owners corporation when the transfer of that lot to the purchaser has been registered with Land Victoria.

If you buy into an owners corporation, you will be purchasing not only the individual property, but also ownership of, and the right to use, the common property as set out in the plan of subdivision. This common property may include driveways, stairs, paths, passages, lifts, lobbies, common garden areas and other facilities set up for use by owners and occupiers. In order to identify the boundary between the individual lot you are purchasing (for which the owner is solely responsible) and the common property (for which all members of the owners corporation are responsible), you should closely inspect the plan of subdivision.

How are decisions made by an owners corporation?

As an owner, you will be required to make financial contributions to the owners corporation, in particular for the repair, maintenance and management of the common property. Decisions as to the management of this common property will be the subject of collective decision making. Decisions as to these financial contributions, which may involve significant expenditure, will be decided by a vote.

Owners corporation rules

The owners corporation rules may deal with matters such as car parking, noise, pets, the appearance or use of lots, behaviour of owners, occupiers or guests and grievance procedures.

You should look at the owners corporation rules to consider any restrictions imposed by the rules.

Lot entitlement and lot liability

The plan of subdivision will also show your lot entitlement and lot liability. Lot liability represents the share of owners corporation expenses that each lot owner is required to pay.

Lot entitlement is an owner's share of ownership of the common property, which determines voting rights. You should make sure that the allocation of lot liability and entitlement for the lot you are considering buying seems fair and reasonable.

Further information

If you are interested in finding out more about living in an owners corporation, you can contact Consumer Affairs Victoria. If you require further information about the particular owners corporation you are buying into you can inspect that owners corporation's information register.

Management of an owners corporation

An owners corporation may be self-managed by the lot owners or professionally managed by an owners corporation manager. If an owners corporation chooses to appoint a professional manager, it must be a manager registered with the Business Licensing Authority (BLA).

If you are uncertain about any aspect of the owners corporation or the documents you have received from the owners corporation, you should seek expert advice.

Due Diligence Checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting consumer.vic.gov.au/duediligencechecklist.

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?
- Can you build new dwellings?
- Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

consumer.vic.gov.au/duediligencechecklist

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights
