FORM 1 - VENDOR'S STATEMENT

(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A – Parties and land

Part B – Purchaser's cooling off rights and proceeding with the purchase

Part C – Statement with respect to required particulars

Part D – Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary**To the purchaser:**

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired. If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ means the Part, Division, particulars or item may not be applicable.
 If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.
 If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

- (g) the contract also provides for the sale of a business that is not a small business.

2 – Time for Service

The cooling-off notice must be served –

- (b) if this form is served on you after the making of the contract – before the end of the second clear business day from the day on which this form is served.

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing; or
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 – Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than –

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

PROCEEDING WITH THE PURCHASE

If you wish to proceed with the purchase –

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement – it is essential that the necessary arrangements are made to complete the purchase by the agreed date – if you do not do so, you may be in breach of the contract; and

- 4 For a brief description of some of the matters that need to be considered before purchasing a strata unit, see Division 3 of this Schedule.

SCHEDULE – DIVISION 3 – COMMUNITY LOTS AND STRATA UNITS**Matters to be considered in purchasing a community lot or strata unit**

The property you are buying is on strata or community title. There are **special obligations and restrictions** that go with this kind of title. Make sure you understand these. If unsure, seek legal advice before signing a contract. For example:

**Governance**

You will automatically become a member of the **body corporate**, which includes all owners and has the job of maintaining the common property and enforcing the rules. Decisions, such as the amount you must pay in levies, will be made by vote of the body corporate. You will need to take part in meetings if you wish to have a say. If outvoted, you will have to live with decisions that you might not agree with.

If you are buying into a mixed use development (one that includes commercial as well as residential lots), owners of some types of lots may be in a position to outvote owners of other types of lots. Make sure you fully understand your voting rights, see later.

Use of your property

You, and anyone who visits or occupies your property, will be bound by rules in the form of **articles or by-laws**. These can restrict the use of the property, for example, they can deal with keeping pets, car parking, noise, rubbish disposal, short-term letting, upkeep of buildings and so on. Make sure that you have read the articles or by-laws before you decide whether this property will suit you.

Depending on the rules, you might not be permitted to make changes to the exterior of your unit, such as installing a television aerial or an air-conditioner, building a pergola, attaching external blinds etc without the permission of the body corporate. A meeting may be needed before permission can be granted. Permission may be refused. Note that the articles or by-laws could change between now and when you become the owner: the body corporate might vote to change them. Also, if you are buying before the community plan is registered, then any by-laws you have been shown are just a draft.

Are you buying a debt?

If there are unpaid contributions owing on this property, you can be made to pay them. You are entitled to **know the financial state of the body corporate** and you should make sure you see its records before deciding whether to buy. As a prospective owner, you can write to the body corporate requiring to see the records, including minutes of meetings, details of assets and liabilities, contributions payable, outstanding or planned expenses and insurance policies. There is a fee. To make a request, write to the secretary or management committee of the body corporate.

Expenses

The body corporate can require you to **maintain your property**, even if you do not agree, or can carry out maintenance and bill you for it.

The body corporate can **require you to contribute** to the cost of upkeep of the common property, even if you do not agree. Consider what future maintenance or repairs might be needed on the property in the long term.

Guarantee

As an owner, you are a **guarantor** of the liabilities of the body corporate. If it does not pay its debts, you can be called on to do so. Make sure you know what the liabilities are before you decide to buy. Ask the body corporate for copies of the financial records.

Contracts

The body corporate can make contracts. For example, it may engage a body corporate manager to do some or all of its work. It may contract with traders for maintenance work. It might engage a caretaker to look after the property. It might make any other kind of contract to buy services or products for the body corporate. Find out **what contracts the body corporate is committed to and the cost**.

The body corporate will have to raise funds from the owners to pay the money due under these contracts. As a guarantor, you could be liable if the body corporate owes money under a contract.

Buying off the plan

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

Mixed use developments - voting rights

You may be buying into a group that is run by several different community corporations. This is common in mixed use developments, for example, where a group of apartments is combined with a hotel or a group of shops. If there is more than 1 corporation, then you should not expect that all lot owners in the group will have equal voting rights. The corporations may be structured so that, even though there are more apartments than shops in the group, the shop owners can outvote the apartment owners on some matters. Make enquiries so that you understand how many corporations there are and what voting rights you will have.

Buyers information notice

Prescribed notice to be given to purchaser

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services (CBS) recommends you check the website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?

- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?

- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

PREScribed INFORMATION

Particulars relating to Environment Protection

Further information held by councils

Does the council hold details of any development approvals relating to—

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

*YES/NO

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a ***potentially contaminating activity*** has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

- Commencement of Building work (1 business day's notice)

PREScribed INFORMATION

- Completion of Building work (1 business day's notice)
- Completion of Statement of Compliance and other documents required to be provided at the completion of building work (1 business day's notice)

Note regulation 57(7) allows the relevant authority issuing the notice to specify any additional stage of building work for which notice must be given to the council under regulation 93.

Where a building certifier is issuing the building consent the use of this regulation is to inform the council of stages of work when a notification should be provided and an inspection may occur at the council's discretion. If applicable, notifications specified under 57(7) are therefore intended to be in addition to mandatory notifications and any notifications specified by council under 93(1)(b) or (c) when issuing the final Development Approval.

To submit the requested notifications, log in to the SA planning portal and select Submit mandatory building notifications.

STATEMENT OF COMPLIANCE

A Statement of Compliance is required at the completion of all building work, except in respect of a Class 10 building other than a swimming pool or private bushfire shelter.

BUILDING OCCUPATION/COMPLETION

Building Consent Stages 1 and 2

Building work Remove asbestos eaves, verges & facade elements

Building classification 2 - Building containing two or more sole occupancy units

A Certificate of Occupancy Issued under section 152 is required for this building before it can be occupied: No

Note section 152 of the Act and regulation 103, requires a Certificate of Occupancy to be issued before a building can be occupied, except in respect of a Class 10 building under the Building Code (regulation 103(1)).

Note, despite a YES being indicated above, a Certificate of Occupancy is not required for a Class 1a building if this building is completed between 16 December 2021 and 30 June 2022 (inclusive). Completion of a building will be signalled by the receipt of the Statement of Compliance required for that building, or the final Statement of Compliance where multiple statements are required. Note this deferral applies to Class 1a buildings only.

Section 152(2) of the Act states that 'A certificate of occupancy will be issued by council', noting that section 154 allows a building certifier to exercise this power should they elect to, where either: the building is owned occupied by the Crown or an agency or instrumentality of the Crown; or if they issued the building rules consent for that building.

The authority above – either building certifier or council – will therefore be responsible for issuing this Certificate following receipt of the Statement of Compliance and other documentation as required to provide assurance that the building is suitable for occupation.

Note the default authority for issuing this Certificate remains the council, should there be no building certifier or if the certifier elects not to issue this Certificate, noting that a council may still elect not to issue a certificate, if the council is not satisfied the building is suitable for occupation under section 152(6) of the Act.

Motion 2				
Acceptance of Minutes		Ordinary Resolution		
It was resolved that in accordance with s33(4b)(b) of the <i>Strata Titles Act 1988</i> , the minutes of the Annual General Meeting held on 12 NOV 2024 and sent to owners be accepted as a true and correct record of the proceedings of that meeting.				
Motion CARRIED.				
Votes	Yes: 14	No: 0	Abs: 2	Inv: 0

Item 3		
Lift Replacement - Background Information		
<p>The following summary has been prepared by the Corporations Presiding Officer on behalf of the Management Committee:</p> <p><i>The lift at Mackinnon Parade was installed in 1970 and had a partial upgrade about 10 years ago. It has performed well but of late has become less reliable; last year we had two down times, one lasting eight days. The repair parts are becoming hard to find and procure.</i></p> <p><i>The Strata committee engaged a lift specialist company to assess our lift [Whitfield Rose] and their specialist [David McCappin] has visited the building and examined the lift and record of performance several times. His recommendation is to replace the lift. He reported the lift could last another three to five years but fail suddenly causing a much longer down time with assessment, tendering, waiting for delivery then installation could last up to six months.</i></p> <p><i>The Strata Committee to lessen the risk of long delays feel we should be proactive and have a planned lift replacement over the next twelve months. David McCappin organised a tender from the four companies active in Adelaide and they inspected the lift shaft and elevator. Two companies tendered Otis and KONE. Both have a sound reputation and a strong service team in Adelaide. There was several rounds of bargaining.</i></p> <p><i>KONE have quoted \$275,075 +GST and a 7 week program [accelerated] Otis have quoted \$281,470 +GST and a 10 week program [including Saturday shifts]</i></p> <p><i>These quotes include the building works.</i></p> <p><i>New lifts have to comply with new legislated standards and be able to carry a barouche. This means the doors have to be widened from 750 mm to 900mm. Fortunately there are lentils in the lift well already so this can be accommodated.</i></p> <p><i>The Strata Committee recommend the KONE quote because it is slightly cheaper and most important three weeks shorter installation time.</i></p> <p><i>We are aware that there is a potential loss of income from rent and cost of external accommodation for some apartment owners and the shortest installation time is very important.</i></p> <p><i>The Strata has \$400,000 in contingency funds but feels we cannot spend so much of that on the new lift and we recommend a levy on the owners of \$6000 [\$1500 over four quarters] to replenish the sinking funds by \$120,000.</i></p> <p><i>David McCappin from Whitfield Rose will be present to answer questions.</i></p> <p><i>On behalf of the Management Committee for Strata Corporation 208.</i></p>

These alarms are connected in pairs at each floor level above the ground floor and are to be tested by the owners or occupiers three monthly for audible alarm with power on and once a year with power off.

8.3 Each unit is equipped with a fire extinguisher. These are serviced twice a year under contract.

8.4 General instructions for procedures in a fire emergency are provided to each owner or occupier. It is the responsibility of all owners and occupiers to familiarise themselves with these instructions.

8.5 No gas cylinders, explosives or other dangerous substances may be stored in a unit, carport, garage or on the common property.

8.6 No open bar electric radiators, oil burning or kerosene heaters (except wall mounted radiant heaters) may be used in a unit. Closed and protected heaters such as fan heaters or column heaters should be used for the safety of all.

- 9.1.iv external doors are not “propped open” (eg for furniture removal) unless this is done under the close supervision of a resident or the caretaker.
- 9.2 It is vital for the security of all that control be kept over keys which give access to the building. It is the responsibility of owners to ensure that keys are given only to persons having proper reason to have them and only for so long as is necessary. From time to time, the Strata Corporation may change the locks to the external doors of the building, in which case two new keys will be provided to each unit owner.

10. GARBAGE

- 10.1 Occupiers must maintain an adequately covered clean and dry receptacle for garbage in their unit and common property cupboard in their lift foyer.

- 12.1 The Strata Corporation employs or contracts a Caretaker to attend to the caretaking requirements of the common property and occupiers.
- 12.2 No owner or occupier may employ or engage the Caretaker during his normal working hours for any private business nor interfere with the Caretaker performing his duties for the Strata Corporation.

13. TRADESPERSONS

- 13.1 To protect the peace and enjoyment of all occupants, tradespersons and others working in or about a unit are restricted to the hours of 8:00am to 5:00pm Monday to Saturday. Where at all possible, it is preferred that particularly noisy work such as hammering and drilling is avoided in the afternoons.
- 13.2 The Caretaker is to be notified beforehand when tradespersons are expected.

- 13.3 Appropriate preventative measures are to be taken against damage to common property during the passage of goods or materials. Protective floor coverings are available for this purpose and are stored in the ground floor cupboard on the "B" side of the building. Residents should seek the assistance of the Caretaker as necessary.
- 13.4 No goods or articles may be left or stored on any of the common property except
- (a) as provided in Article 14.3
 - (b) in the lift foyer cupboards outside each unit
 - (c) subject to the prior concurrence of the Management Committee, in the ground floor cupboards under the back stairs.
- 13.5 As parking is not permitted in Hudson Street at the rear of the building (as indicated by the solid yellow lines), residents or owners engaging contractors to work in their unit should make prior arrangements for the use of a carport space for the contractor's vehicle and for entry through the rear doors. For major deliveries or furniture removal, access should be through the front door with removalists' vans leaving the space immediately in front of the building for emergency vehicles and passenger pick up/drop off. 1. Introduction

Under instructions from Mathew Altamura of Whittles, we set out in this report our Sinking Fund Budget for the common areas of the subject property.

The purpose of this report is to provide an independent analysis of the Sinking Fund requirements of the Owners Corporation as required by the Community and Strata Titles Act 2012

This report identifies and evaluates the likely funding requirements for items requiring capital expenditure is detected by site inspection, by reference to service contractors, by making an assessment of life expectancy or by feed back from the Owners Corporation. Allowances can be made building for upgrades or refurbishments if advised.

Life expectancies and years to replacement used in this report are intended as a guide for the purposes of determining a reasonable budget allowance for each year covered by this report.

The Owners Corporation may wish to review the following:-

- Seek acknowledgment from the members of the Owners Corporation regarding the state of the building.
- Ascertain the future time objectives for the appearance and repair of the building, which may affect the immediate cash flow requirements.

We advise that the Sinking Fund Budget should be reviewed regularly to update any changes caused by abnormal expenditure, inflation rates, building material availability and the condition of the building.

This report makes no assessment of any safety issues, but allowances can be made for any requirements / upgrades if required.

2. Property Description

Strata Corp. 00208 Inc. is a 10 Storey apartment building constructed in the early 1970's; and contains 20 Lots.

And includes the following

- Enclosed Garages
- Open carports
- Lift
- Fire panel
- Fire hose reels
- Water softener

3. Basis of Report

The Sinking Fund Budget assesses the funding requirement to enable restoration to original standard of the property and items that are the responsibility of the Owners Corporation. Specifically it includes spending of a capital or non-recurrent nature; and the periodic replacement of major items of a capital nature; and other spending that should reasonably be met from capital.

We have assumed the property will be properly maintained to ensure maximum effective life of all components.

No allowance has been made in respect of potential change of use of the building or for obsolescence either functionally or technologically

No allowance has been made for damage caused by termites or other insects, regular maintenance checks should be carried out to detect their presence.

The following items (where applicable) are deemed to be funded from the Administration Budget and do not form part of the Sinking Fund.

- Costs associated with various maintenance agreements (eg. Lifts, mechanical services and fire services)
- Landscaping including garden watering system

The following items (where applicable) have a life span similar to the building structure and have been excluded from the Sinking Fund Budget.

- Electrical distribution gear and circuits (including telephone)
- Water/Fire/Gas supply piping
- Concrete/Bitumen paving (excluding repairs)
- Concrete/Brick walls and structures
- Site drainage (excluding repairs)

The attached figures have been calculated by adopting a current replacement cost of each component and apportioning the cost over the anticipated remaining life of the asset and adding an average annual inflating factor of 3.36% which is based on the average building construction cost inflation rate over the past ten years.

Bank interest accrued on fund monies has not been included in the calculations.

The report is based on financial years. For calculation purposes, the year stated indicates the commencement of the financial year.

This is not a structural report and does not cover expenditure which occurs either directly or indirectly as a result of structural defects.

The cost for replacement includes 10% GST.

4. Sinking Fund Budget

The sinking fund budget outlines our assessment of the funding requirements for items requiring expenditure of a capital or non recurrent nature.

R - Indicates the year in which expense is budgeted to occur.

The number of years until replacement of a Sinking Fund Budget item is an assessment of the date a budgeted event is due to happen. This assessment is based on one or more of the following criteria:

- The current condition of the item
- The suitability of it to carry out its intended function
- The life expectancy of that item
- The current age of the item

The life expectancy of a Sinking Fund Budget item is an allocation of the number of years given to a budget item if it is used for the purpose it was designed and intended.

Refer to the following Sinking Fund Budget.

Averaging of contributions

To avoid the highs and lows of the funding requirements (see the 'Total sinking fund contribution PA' at the bottom of the 'Sinking Fund Budget' table) the funding has been averaged over a period of 15 years and adjusted for inflation.

This Policy includes 11 separate Sections which allow You to select covers, and within each Section there are options which You can also select, subject to Strata Community Insurance agreeing to provide those covers.

The following is a summary only and as such does not form part of the terms of Your insurance. The examples detailed herein are some of the benefits and risks but You do need to read the Policy Wording which details the terms, conditions and exclusions of this insurance to make sure it matches Your expectations.

Claims Made Notice

Section 6 of the Policy operates on a 'claims made and notified' basis. This means that, subject to the provisions of **Section 6**, where You give notice in writing to Us of any facts that might give rise to a claim against You as soon as reasonably practicable after You become aware of those facts but before the expiry of the Period of Insurance, You may have rights under Section 40(3) of the *Insurance Contracts Act 1984* (Cth) to be indemnified in respect of any claim subsequently made against You arising from those facts notwithstanding that the claim is made after the expiry of the Period of Insurance.

Any such rights arise under the legislation only, in that the terms of the Policy and the effect of the Section, subject to the continuous cover special conditions, is that You are not covered for claims made against You after the expiry of the Period of Insurance.

What You are covered for / *not covered for*

Section 1 - Insured Property

Section 1 covers Loss or Damage to Your Insured Property (Building and Common Area Contents) which occurs during the Period of Insurance and includes additional covers up to specified limits, for example:

- up to \$1,500 a Lot for emergency accommodation incurred by Lot Owners and/or Tenants if their Lot becomes unfit for its intended purpose by an insured Event;
- up to \$2,000 a Lot for Lot Owners' contributions, levies, maintenance and other fees if their Lot becomes unfit for its intended purpose by an insured Event;

- up to \$1,000 a Lot for the cost of boarding pets following insured damage.

Some Events We do not cover include:

- *Loss or Damage caused by Flood unless You take Optional Cover;*
- *by the sea, high water or tidal wave other than if caused by a Tsunami;*
- *Loss or Damage caused by the invasion of tree or plant roots or the cost of cleaning pipes or drains they block;*
- *Loss or Damage to Your Building directly resulting from alterations, additions or renovations where the value of such work exceeds \$500,000 unless We have otherwise agreed before the commencement of such work.*

Section 2 - Liability to others

Section 2 covers Your legal liability to others for accidental death, bodily injury, or Loss or Damage to property that happens during the Period of Insurance.

Section 3 - Voluntary Workers

Section 3 provides benefits that are payable to a Voluntary Worker who sustains bodily injury while engaged in voluntary work or duties for Your Strata Community. These benefits include:

- \$200,000 for death, or loss of the use of two hands, two feet or two eyes;

- *weekly benefits in excess of 104 weeks for lost income or 10 weeks for domestic assistance;*
- *a Voluntary Worker under the age of 12 years;*
- *intentional self-injury or suicide or any attempt thereof.*

Section 4 - Workers compensation

Section 4 covers Your legal liability to employees under workers compensation legislation if Your Insured Property is situated in NSW, VIC, NT, ACT, TAS and WA. No workers compensation cover is provided in Queensland or South Australia.

Section 5 - Fidelity guarantee

Section 5 provides cover against the fraudulent misappropriation of Your Funds.

Section 6 - Office bearers liability

Section 6 covers the legal liability of Strata Community office holders and committee members for any wrongful act they commit. This Section is issued on a claims made basis which means it responds to claims first made against You during the Period of Insurance and notified to Us during that same period.

Section 7 - Machinery breakdown

Section 7 provides cover against the breakdown of electrical, electronic and mechanical plant.

Section 8 - Catastrophe insurance

Section 8 covers the unforeseen increase in the Replacement cost of Your Building following the happening of a catastrophe from an event for which the Insurance Council of Australia issues a catastrophe code.

Other benefits include:

- extended period of cover for loss of Rent;
- extended period of cover and escalation in the cost of Temporary Accommodation;
- removal and storage of Your undamaged Insured Property;
- cost of evacuation for resident Lot Owners.

*We do not cover Loss or Damage from any Event which is not claimable under **Section 1**.*

Section 9 - Government audit costs and legal expenses

Section 9 provides cover for:

Part A - the cost of professional fees if You are audited by the Australian Tax Office or another government organisation;

Part B - the cost of appealing against common property health and safety breaches;

Part C - the cost of defending specific litigation (see pages 46-49) brought against You other than as covered under **Sections 2** and **6**. A special Excess and contribution payment applies to **Part C** and You should refer to the examples contained on page 47.

Section 10 – Lot Owners' fixtures and fittings

Lot Owners occasionally replace existing or install additional fixtures and fittings in their Lot without Your Strata Community knowledge.

When this occurs the cost of these improvements may not be included when arriving at the building replacement cost, thus increasing the possibility of under-insurance in the event of a major loss.

This Section 10 covers the Replacement cost of such installations following Loss or Damage covered under **Section 1**. There is a limit to the amount We pay (up to 10% of the Sum Insured) and the cover is also subject to the terms, conditions and exclusions of **Section 1** and the General Exclusions.

Section 11 - Loss of Lot market value

Section 11 covers the reduction in the market value of a Lot or Lots following a total loss or constructive total loss, or partial loss of Your Insured Property when permission to rebuild is limited or restricted by any Public or Statutory Authority that results in all or some Lot titles being terminated.

Please read the appropriate Sections in the Policy Wording for full details of the terms, conditions, exclusions and limits that apply to all sections and how We settle claims.

Other important information

Some other important things to remember are:

- Keep records such as receipts, invoices or other evidence of ownership and value of property that You insure as proof of ownership and value should You have to make a claim.
- When Your Insured Property is a total loss and We have paid out the total Sum Insured, the cover under **Section 1** ceases. If You rebuild or replace Your Insured Property, You will need to take out new cover and pay the applicable Premium.
- Pay Your Premium on time because if it is not paid by the due date or Your payment is dishonoured, Your Policy may be cancelled in accordance with the process set out in the "Cancelling Your Policy" section. Strata Community Insurance will give You written notice of cancellation.
- Throughout the Period of Insurance and when renewing Your insurance with Us You must advise if circumstances relevant to Your Policy have changed where You know, or ought reasonably to have known, that the change is relevant to Our decision to insure You and the terms on which We will insure You. Strata Community Insurance will notify You in writing of any proposed effect a change may have on Your existing insurance or its renewal. We may cancel Your Policy if there is a change and We can't reach an agreement with You on altered terms and conditions or Premium, or We are no longer prepared to insure You because there has been a material change to the risk.

Further We may also cancel Your Policy as permitted by law or refuse to pay or reduce the amount We pay under a claim to the extent We are prejudiced by Your non-compliance if You:

- do not comply with the cover conditions as detailed in the Policy Wording;
- do not comply with Your duty of disclosure; or
- make a fraudulent claim.

Monetary limits on cover

We can insure You up to the amount of the Sum Insured or other specified limits for Your Insured Property. These amounts are specified in the relevant clauses in the Policy Wording or on the Schedule.

Covers for Liability to others, Office Bearers Liability, Machinery Breakdown and Government Audit Costs and Legal Expenses insure You up to a set Sum Insured that is shown on the Schedule.

Review Your sums insured regularly

You need to make sure You are happy with the relevant sum(s) insured and limits.

If You do not adequately insure yourself You may have to bear the uninsured proportion of any loss yourself.

For example, if You don't have a sufficient Sum Insured to replace Your Insured Property at new cost You will bear the shortfall. The cost of demolition and removal of debris from the site, and other costs such as the cost of employing an architect or surveyor, the replacement of other structures such as driveways, roadways, kerbing, above and below ground services should all be included in the Sum Insured. If You are unsure whether Your Insured Property is insured for the correct amount, You should seek professional advice.

You should also advise Strata Community Insurance of any changes in the details of the information You have given Us such as alterations or extensions to Your Insured Property. If You do not do so Your insurance may not be sufficient.

Payment of Excesses

Excesses may apply to any claim under this insurance.

An Excess is an amount You may have to pay as a contribution to each claim You make under this insurance policy. The Excesses that are applicable are shown on the Schedule, and/or within the relevant Sections.

An Excess will be applied for each incident where a claim is made.

We will tell You the amount of any Excess when You apply for cover. They may vary according to a number of factors, such as Your risk location and Your insurance history.

Goods and Services Tax (GST) Notice

The Policy Wording part has provisions relating to GST that You should read in full (see Goods and Services Tax on page 15). In summary, they are as follows:

- The amount of Premium payable by You for this Policy includes an amount on account of the GST on the Premium (including any administration fee charged by Strata Community Insurance).
- The Sum Insured and other limits of insurance cover shown on Your Policy documentation are GST inclusive.

- When We pay a claim, Your GST status will determine the maximum amount We pay You.

There may be other taxation implications affecting You, depending upon Your own circumstances. We recommend that You seek professional advice.

Applying for cover

When You apply for cover under this Policy We may, based on the information You provide, be able to offer cover and terms specific to You. Once We have agreed to cover You We will issue You with a Schedule confirming this, including the following information:

- the Sum Insured and Situation of Your Insured Property;
- Excess(es) applicable;
- Premium including taxes and charges and any administration fee charged by Strata Community Insurance.

The cost of this insurance

In order to calculate Your Premium, We take various factors into consideration, including:

- the cover required and sum(s) insured;
- the address of Your Insured Property;
- Your insurance history;
- the security features of Your Insured Property.

The Premium also includes amounts payable in respect of compulsory government charges including Stamp Duty, GST, any Fire Service Levy (where applicable) and Strata Community Insurance's administration fee (see their Financial Services Guide for details).

When You apply for this insurance, You will be advised of the Premium. If You choose to effect cover, the amount will be set out on the Schedule.

Cooling off period

You have twenty-one (21) days after buying or renewing Your Policy to decide if it meets Your needs and You wish to continue with the insurance. If You notify Us in writing within this period that You wish to cancel Your Policy as from its start date, We will refund Your Premium less any government taxes or duties that are non-refundable or remain payable by Us.

This cooling off right does not apply if You have made or are entitled to make a claim.

Even after the cooling off period ends You still have cancellation rights, however We may deduct certain amounts from any refund (see "Cancelling Your Policy" in the Policy Wording).

Your duty of disclosure

Before You enter into a contract of general insurance with Us, You have a duty, under the *Insurance Contracts Act 1984* (Cth), to disclose to Us every matter that You know, or

could reasonably be expected to know, is relevant to Our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to Us before You renew, extend, vary or reinstate a contract of general insurance.

This duty of disclosure applies until the contract is entered into (or renewed, extended, varied or reinstated as applicable).

Your duty however does not require disclosure of any matter:

- that diminishes the risk to be undertaken by Us; or
- that is of common knowledge; or
- that We know or, in the ordinary course of Our business as an insurer, ought to know; or
- as to which compliance with Your duty is waived by Us.

Non-disclosure

If You fail to comply with Your duty of disclosure, We may be entitled to reduce Our liability under the contract in respect of a claim, cancel the contract, or both.

If Your non-disclosure is fraudulent, We may also have the option of avoiding the contract from its beginning.

The General Insurance Code of Practice

The General Insurance Code of Practice was developed by the Insurance Council of Australia to further raise standards of practice and service across the insurance industry.

The Code Governance Committee (CGC) is an independent body that monitors and enforces insurers' compliance with the Code.

You can obtain more information on the Code of Practice and how it assists You by contacting Strata Community Insurance. Contact details are provided on the back cover of this PDS.

For more information on the Code Governance Committee (CGC) go to <https://insurancecode.org.au/>

How to make a claim

You should contact Strata Community Insurance as soon as reasonably possible to advise of any incident that could lead to a claim. If You do not, We may reduce or deny Your claim to the extent We are prejudiced by Your delay.

Having the required documentation and if possible photographs of the items will assist in having Your claim assessed and settled.

In order to be sure that You are covered under this Policy You should always contact Us for approval before You incur costs You wish to claim. If You do not, We will pay for costs incurred up to the amount We would have authorised had You sought approval from Us first.

When You make a claim You must:

- provide details of the incident and when requested complete the claim form We send You;
- allow Us or Strata Community Insurance to inspect Your Insured Property at reasonable times and frequency and take possession of any damaged item for reasonable purposes and in any reasonable manner;
- take all reasonable steps to reduce the Loss or Damage and prevent further Loss or Damage;
- inform the police as soon as reasonably possible following theft, vandalism, malicious damage or misappropriation of money or property;
- take reasonable steps to keep any damaged items. To ensure You are covered, please contact Us or Strata Community Insurance for approval before any disposal; and
- not get repairs done, except for essential temporary repairs, until We or Strata Community Insurance give You authority and subject to Our and Strata Community Insurance's right to choose the repairer or supplier. Please contact Us to confirm approval for these costs.

These are only some of the things that You must do if making a claim. Please refer to "Claims procedures" in the Policy Wording part which sets out claims information and what You must do if making a claim.

Complaints

If You are dissatisfied with Our service in any way, please contact Us and We will attempt to resolve the matter in accordance with our internal dispute resolution procedures.

Financial Claims Scheme

This Policy is a protected policy under the Financial Claims Scheme (FCS), which protects certain insured's and claimants in the event of an insurer becoming insolvent and being unable to meet their obligations under a contract of insurance. In the unlikely event of Us becoming insolvent, a person entitled to claim under the Policy may be entitled to payment under the FCS provided they meet the eligibility criteria.

More information about the FCS may be obtained from the APRA website at <http://www.apra.gov.au> and the APRA hotline on 1300 55 88 49.

Terrorism Insurance Act

We have determined that the Policy (or part of it) is a policy to which the *Terrorism Insurance Act 2003* (Cth) ("Act") may apply. We may elect to reinsure part or all of Our liability under the Act with the Commonwealth Government reinsurer, the Australian Reinsurance Pool Corporation (ARPC).

As a consequence, We may be required to pay a premium to ARPC and that amount (together with the cost of that part of the cover provided by Us and administrative costs associated with the Act) is reflected in the premium charged to You. As with any other part of Our premium, it is subject to government taxes and charges.

Where We determine that the Policy (or part of it) may become a policy to which the Act may apply as a result of indexation of the Sum Insured during the Period of Insurance as provided on page 13 of the PDS, We may also charge You a pro rata premium for the time during the Period of Insurance that the Policy may be a policy to which the Act applies.

Applicable ARPC amounts will be shown separately on the Schedule and are subject to government taxes and charges.

Policy Wording: Residential Strata Community

Important information

It is very important that You read the Policy carefully and make sure You are satisfied with this insurance.

What makes up this Policy

This Policy Wording, the Schedule and any Endorsements:

- must be read together as they form Your insurance contract;
- set out what You are insured for and those circumstances where You will not be insured.

Some words and expressions have been given a specific meaning in this Policy and You will find their meaning in the General Definitions and individual Section Special Definitions.

Payment of Premium

Provided We receive the Premium, We will insure You as set out in this Policy and the Schedule.

You may elect to pay Your Premium annually in one payment or by instalments.

Payment by Instalment

When You elect to pay Your Premium by instalments by way of a direct debit from Your credit card or financial institution these payments will be deducted on the date or frequency nominated. You must tell Us, not later than seven (7) days before Your next instalment is due, if these details change.

If Your credit card provider or financial institution dishonours a direct debit payment due to lack of funds in Your account, or any other reason. We may charge You for any direct and indirect costs that We incur arising from Your payment being dishonoured.

You must ensure that Your instalments are paid on time. We will notify You if an instalment has not been paid and We will try to deduct the overdue amount along with Your next regular payment. If the next attempt to deduct the outstanding amount fails, We will cancel Your policy for non-payment. We will send You a notice advising You of cancellation, and cancellation will be effecting 14 days from the date of this notice.

Adjustments on renewal

Notice

At least fourteen (14) days before Your Policy expires, We will send You a renewal Schedule detailing any changes to Your Sums Insured, Premium and charges, and if any, changes to the terms, conditions and Excesses that previously applied.

You should carefully check all these details and promptly advise Strata Community Insurance if You wish to vary any of the limits.

Indexation

If Your Insured Property suffers Loss or Damage during the Period of Insurance We will increase Your Sum Insured under **Section 1 Part A - 1** and **2** by reference to the Cordell Housing Index Price (CHIP) increase since the start date of the current Period of Insurance.

On renewal We will increase Your Sums Insured under **Section 1 Parts A and B** and **Section 8** by reference to the Cordell Housing Index Price (CHIP) increase during Your previous Period of Insurance.

The renewal Schedule We send You will show Your updated Sums Insured and the Premium applicable thereto. You should promptly advise Strata Community Insurance should You wish to vary these updated Sums Insured.

Indexation does not apply:

- i. if Your Sums Insured under **Section 1 Parts A and B** and **Section 8** exceed \$100,000,000 in total;
- ii. to any other policy limit contained in **Sections 1 and 8**.

Instalment payments

If paying by instalments, We will automatically continue Your cover on the terms contained in the renewal offer We send You. We will, unless You advise Us to the contrary, continue to deduct Your instalment payments during the next Period of Insurance.

If a claim occurs in the previous Period of Insurance and You do not notify Us until after the Premium and other conditions for the next Period of Insurance are determined We may propose an additional Premium in order to maintain cover. We may cancel Your policy if there is a change and We can't reach an agreement with You on altered terms and conditions or premium, or We are no longer prepared to insure You because there has been a material change to the risk. This condition does not affect any other rights that We have, including the rights We have under Your duty of disclosure.

Loyalty discount

Based on Your claims experience and the length of time Your Policy has been continuously insured with Us You may be entitled to a loyalty discount which will apply automatically to the base premium. The amount of Your discount will vary depending on how long You have held a continuously insured claims free Policy with Us. The discount will only apply to the extent any minimum premium is not reached. Your Schedule will show when You qualify for a loyalty discount.

You must disclose all previous claims

You are asked at the time You take out this insurance to give Us full and correct details concerning any:

- renewal or insurance Policy declined, cancelled or refused, or where any Excess was imposed;
- claim refused by an insurer;
- claim made;

in relation to You because any of these may affect the Premium and extent of insurance.

For example We may be entitled to:

- charge You an additional Premium;
- impose (back dated) restrictions declining Your insurance back to when this information should have been advised to Us;
- decline to insure You;
- refuse a claim.

When renewing Your Policy with Us You must also advise Us of any changes to Your claims or insurance history. We will notify You in writing of the effect a change may have on Your renewal.

5. Repairs or Replacement

We have the right to nominate the repairer or supplier to be used. We may also report any suspected fraudulent act to the Police for further investigation.

8. Claim administration and legal proceedings

When a claim is admitted under this Policy, We have the right at Our discretion to exercise all Your legal rights relating to the claim and to do so in Your name.

We will take full control of the administration, conduct or settlement of the claim including any recovery or defence that We may consider is necessary.

We will act reasonably having regard to Your interests, and will keep You informed if You ask Us to.

9. Salvage value

We are entitled to any salvage value on recovered items and damaged items that have been replaced.

At Our discretion (and if safe to do so), You may reclaim the item if You agree to pay the salvage price.

10. Contribution

Where a claim covered under this Policy is also insured elsewhere, We may exercise Our right to seek contribution from the other insurer or insurers.

Acts or omissions of Your Strata Community Manager

We will not deny liability for a claim, or reduce the amount of a claim, if Our right of denial or reduction is solely caused by an act, error or omission of Your Strata Community Manager while acting on Your behalf.

Cancelling Your Policy

- (a) You may cancel all or part of this Policy at any time by giving Us notice in writing.
- (b) We may cancel this Policy on any of the grounds set out in the *Insurance Contracts Act 1984* (Cth) and We will always tell You of this in writing.
- (c) When We have agreed to accept payment of Premium by instalments, You must ensure that they are paid on time. We will notify You if an instalment has not been paid and We will try to deduct the overdue amount along with Your next regular payment. If the next attempt to deduct the outstanding amount fails, We will cancel Your policy for non-payment. We will send You a notice advising You of cancellation, and cancellation will be effecting 14 days from the date of this notice.

Goods and Services Tax (GST) Notice

The amount of Premium payable by You for this Policy includes an amount on account of the Goods and Services Tax (GST) on the Premium.

When We pay a claim, Your GST status will determine the amount We pay.

When You are:

- (a) not registered for GST:
 - We will pay up to the Sum Insured, limit of indemnity or other Policy limit including GST.
- (b) registered for GST:
 - (i) and We have arranged services directly with the service provider, We will pay up to the relevant Sum Insured or other policy limit including GST
 - (ii) when We settle direct with You We will pay up to the

Sum Insured, limit of indemnity or other Policy limit and where You are liable to pay an amount for GST in respect of an acquisition relevant to Your claim We will pay for the GST amount but We will reduce the GST amount We pay by the amount of any Input Tax Credits to which You are or would be entitled.

You must advise Us of Your correct Australian Business Number and Input Tax Credit Entitlement. Any GST liability arising from Your incorrect advice is payable by You.

Where the settlement of Your claim is less than the Sum Insured or the other limits of insurance cover, We will only pay an amount for GST (less Your entitlement for Input Tax Credit) applicable to the settlement. This means that if these amounts are not sufficient to cover Your loss, We will only pay the GST relating to Our settlement of the claim.

GST, Input Tax Credit (ITC), Business Activity Statement (BAS) and Acquisition have the same meaning as given to those expressions in A New Tax System (Goods and Services Tax) Act 1999 and related legislation as amended from time to time.

Input Tax Credit Entitlement is Your entitlement to an Input Tax Credit on Your Premium as a percentage of the total GST on that Premium.

6 - Accredited Contractors (Advice)

To ensure compliance with work health and safety requirements to protect both contractors and Body Corporate's, Whittles only engage accredited contractors who comply with state and territory legislation. If the Body Corporate decides, by act or omission to engage a contractor who is not accredited with Whittles, the Body Corporate acts as the Person Conducting a Business or Undertaking, in regard to the common property for the purposes of occupational health and safety legislation. This means, that if the contractor engaged by the Body Corporate does not have the necessary accreditation, an injured party may seek damages from the Body Corporate.

The Corporate Manager will only request quotations from, and instruct works to be undertaken on behalf of the Body Corporate, by accredited contractors. However, non-accredited contractor's invoices will be processed for payment only when instructed to do so by the Body Corporate Chairperson or a person authorised by the Body Corporate to do so.

7 - Annual Compliance Register (Advice)

The *Work Health and Safety Act 2012*, recognises that a Body Corporate's common property is a workplace, as such the Body Corporate is responsible for ensuring the workplace is free from hazard, as far as reasonably practicable. Whittles has established a register to ensure owners are fully aware of their legislative and reporting requirements for the Body Corporate. Many different areas are subject to annual compliance and the Body Corporate Manager may review at the meeting all Body Corporate obligations and where necessary, update any compliance reports required to be held on file.

All legislative compliance reports will be reviewed promptly as required and any maintenance attended to in accordance with Australian Standards or Industry best practice using qualified and reputable practitioners. To ensure that the Body Corporate obligations are met and maintained during the year, the Compliance Register will be updated throughout the year.

8 - Current Insurance Details (Advice)

A copy of the Body Corporate's current certificate of currency is attached to this meeting notice and is also available for viewing at whittles.com.au through your owner portal.

10 - Insurance Renewal

Ordinary Resolution

THAT the Body Corporate Manager is to arrange quotes and/or renewal of the Body Corporate's insurance for a sum insured of \$20,070,000 with the Authorised Representative of MGA Insurance Brokers Pty Ltd, who have an association with Whittles. A Financial Services Guide is available on request.

Owners are reminded that where repairs are carried out under insurance and the repairs benefit a particular unit, the unit owner may be responsible for the payment of any excess subject to any explicit instructions to the contrary by the Body Corporate.

Whittles recommends consideration be given to the following additional cover options if not already included in the policy; office bearers liability, flood or catastrophe, electrical surge, loss of rent and machinery breakdown.

Contents Insurance

The Body Corporate Manager advises members of the necessity for them to arrange individually for adequate insurance for contents of their units, inclusive of carpets, drapes, light fittings, etc., whether or not the unit is occupied by the unit owner or tenant, and it was noted that the Body Corporate's Legal Liability cover applied primarily to common property and that unit owners should be separately insured for cover in relation to their own premises.

Basis of Preparation

The Body Corporate agent has prepared the financial statements on the basis that the Body Corporate is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared to meet the information needs of members.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the Body Corporate agent has determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the prior period unless otherwise stated.

Basis of Accounting

The financial statements have been prepared on a cash basis where income is recorded when received and expenditure is recorded when paid and are based on historical costs.

Cash and cash equivalents

Cash and cash equivalents comprise deposits held on call with banks and other short-term highly liquid investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Goods and Services Tax

Income, expenditure and assets of the Corporation are recognised net of the amount of Goods and Services Tax (GST), except where the GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST payable to, or recoverable from, the ATO represents the unpaid portion of the aggregate of GST on income received and expenditure paid and is presented as the GST Control Account on the Statement of Assets and Liabilities.

Income Tax

Income tax is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, during the financial year.

Only the non-member income of the Corporation is assessable for income tax purposes, as member income is excluded under the principle of mutuality.

The income tax expense recorded in the Statement of Income and Expenditure represent amounts that have been paid to, or recovered from, the ATO.
