Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the Due diligence checklist page on the Consumer Affairs Victoria website (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

Docusign Envelope ID: 9B39DF4E-FB3C-8661-81D7-AC5F12CFC415

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

PLANNING PROPERTY REPORT

Designated Bushfire Prone Areas

This property is not in a designated bushfire prone area.
No special bushfire construction requirements apply. Planning provisions may apply.

Where part of the property is mapped as BPA, if no part of the building envelope or footprint falls within the BPA area, the BPA construction requirements do not apply.

Note: the relevant building surveyor determines the need for compliance with the bushfire construction requirements.

Designated Bushfire Prone Areas

Designated BPA are determined by the Minister for Planning following a detailed review process. The Building Regulations 2018, through adoption of the Building Code of Australia, apply bushfire protection standards for building works in designated BPA.

Designated BPA maps can be viewed on VicPlan at https://mapshare.vic.gov.au/vicplan/ or at the relevant local council.

Create a BPA definition plan in VicPlan to measure the BPA.

Information for lot owners building in the BPA is available at https://www.planning.vic.gov.au.

Further information about the building control system and building in bushfire prone areas can be found on the Victorian Building Authority website https://www.vba.vic.gov.au. Copies of the Building Act and Building Regulations are available from http://www.legislation.vic.gov.au. For Planning Scheme Provisions in bushfire areas visit https://www.planning.vic.gov.au.

Native Vegetation

Native plants that are indigenous to Victoria and important for biodiversity might be present on this property. This could include trees, shrubs, herbs, grasses or aquatic plants. There are a range of regulations that may apply including need to obtain a planning permit under Clause 52.17 of the local planning scheme. For more information see Native Vegetation (Clause 52.17) with local variations in Native Vegetation (Clause 52.17) Schedule

To help identify native vegetation on this property and the application of Clause 52.17 please visit the Native Vegetation Regulations Map (NVR Map) https://mapshare.vic.gov.au/nvr/ and Native vegetation (environment.vic.gov.au) or please contact your relevant council.

You can find out more about the natural values on your property through NatureKit NatureKit (environment.vic.gov.au)

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
   - Land tax that has been assessed but is not yet due,
   - Land tax for the current tax year that has not yet been assessed, and
   - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge and Vacant Residential Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax including vacant residential land tax, interest and penalty tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than $10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.

8. An updated Certificate may be requested free of charge via our website, if:
   - The request is within 90 days of the original Certificate's issue date, and
   - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Commercial and Industrial Property Tax

Certificate No: 10196482

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997,* the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any commercial and industrial property tax (including interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue.

Australian Valuation Property Classification Code (AVPCC)

3. The Certificate may show one or more AVPCC in respect of land described in the Certificate. The AVPCC shown on the Certificate is the AVPCC allocated to the land in the most recent of the following valuation(s) of the land under the *Valuation of Land Act 1960:*
   - a general valuation of the land;
   - a supplementary valuation of the land returned after the general valuation.
4. The AVPCC(s) shown in respect of land described on the Certificate can be relevant to determine if the land has a qualifying use, within the meaning given by section 4 of the *Commercial and Industrial Property Tax Reform Act 2024* (CIPT Act). Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
   - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
   - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
   - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
   - the date on which the land became tax reform scheme land;
   - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
   - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification must be given to the Commissioner within 30 days of the change of use.

Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than $10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to www.sro.vic.gov.au/CIPT.
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
    - the request is within 90 days of the original Certificate's issue date, and
    - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Windfall Gains Tax

Certificate No: 10196482

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:
   - Windfall gains tax that is due and unpaid, including any penalty tax and interest
   - Windfall gains tax that is deferred, including any accrued deferral interest
   - Windfall gains tax that has been assessed but is not yet due
   - Windfall gains tax that has not yet been assessed (i.e. a WGT event has occurred that rezones the land but any windfall gains tax on the land is yet to be assessed)
   - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser by the Commissioner is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.
5. If the certificate states that a windfall gains tax is yet to be assessed, note 4 does not apply.
6. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. This prohibition does not apply to a contract of sale entered into before 1 January 2024, or a contract of sale of land entered into on or after 1 January 2024 pursuant to the exercise of an option granted before 1 January 2024.

General information

9. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.
10. An updated Certificate may be requested free of charge via our website, if:
    - The request is within 90 days of the original Certificate's issue date, and
    - There is no change to the parties involved in the transaction for which the Certificate was originally requested.
11. Where a windfall gains tax liability has been deferred, interest accrues daily on the deferred liability. The deferred interest shown overleaf is the amount of interest accrued to the date of issue of the certificate.
