CERTIFICATE OF EMERGENCY SERVICES LEVY PAYABLE

The Emergency Services Levy working for all South Australians

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

OFFICIAL: Sensitive

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

DEPARTMENT OF TREASURY AND FINANCE

Land Tax Act 1936

CERTIFICATE OF LAND TAX PAYABLE**PAYMENT REMITTANCE ADVICE****No payment is required on this Certificate**

OFFICIAL: Sensitive

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

NOTICE OF ENCUMBRANCE

You are hereby notified that an encumbrance has been placed on the following property:
LT 380 D81284 SAND ST SEAFORD MEADOWS

Recycled Water Supply Agreement

Terms and Conditions of Supply

Section 37 of the Waterworks Act 1932 entitles SA Water to enter into a Recycled Water Supply Agreement with the owner or occupier of land (the Customer) for the supply of water at rates which are different to the water rates set by the Minister under the Act and on such terms and subject to conditions determined by SA Water from time to time.

Under this Agreement, we offer to supply you with recycled water from the Recycled Water System for approved uses on your property, and you agree to accept that supply subject to the terms and conditions determined by or under this Agreement and the Waterworks Act 1932.

You may accept the terms and conditions of this Agreement by:

- Taking recycled water from a metered connection; or
- Paying your recycled water use account

If you do not wish to accept these terms and conditions then you may choose not to receive any recycled water onto your property and request SA Water to supply your property only with drinking water. In that case you must:

- Advise SA Water to cut off the supply of recycled water to your land;
- Once that supply is cut off, at your own expense alter your internal pipework so that a supply of drinking water is available to all parts of your property.

You will be charged for any recycled water which you have taken at the price applicable to such supplies (see below).

**Government of
South Australia**

South Australian Water Corporation
250 Victoria Square/Tarntanyangga
Adelaide SA 5000
GPO Box 1751 Adelaide SA 5001

1300 SA WATER
(1300 729 283)
ABN 69 336 525 019
sawater.com.au

Recycled Water and Approved Uses

1. SA Water will supply you with recycled water to meet your reasonable needs except that we may interrupt your supply:

- To maintain our infrastructure or meter;
- In circumstances of unusual drought or other unavoidable cause or accident;
- If the supply or use of recycled water would be contrary to law or give rise to a material risk of harm, or breach of a regulatory approval or licence.

We will endeavour to minimise the impact of any interruptions by contacting you in advance of planned interruptions.

2. SA Water agrees to supply you with recycled water that complies with relevant health and quality guidelines issued by the Department of Health and the Environment Protection Authority.

3. Upon supply of recycled water to your property, you are responsible for the use of the recycled water and SA Water has no liability for the use of recycled water on your property.

4. Permanent Water Conservation Measures apply to the use of recycled water on your property for irrigation purposes. Information on Permanent Water Conservation Measures may be found by calling 1800 130 952 or visiting our website www.sawater.com.au.

5. Information on the uses for which you may use your recycled water may be found by calling 1300 650 950 or visiting our website www.sawater.com.au.

These uses are approved by the Department of Health and may change from time to time. The site also contains important information about the requirements for safe use of recycled water.

Prices and your Account

6. SA Water has determined that the price of recycled water offered to be supplied to you under this Agreement will be calculated such that a price of 75% of the mains drinking water for volumes used between 30 and 130 kL per quarter (as in force from time to time) applies in respect of every kilolitre of recycled water supplied to your property. The price of recycled water will be rounded down to the nearest whole cent for prices calculated up to and including 0.5 of a cent and rounded up to the nearest whole cent for figures above 0.5 of a cent. This price will continue to apply unless and until the Corporation elects to apply water rates determined in an alternative manner by or under the Waterworks Act 1932 to your recycled water supply.

7. We may also charge you other fees and charges for services including on property audits related to your recycled water supply where we are entitled to do so under the Waterworks Act or where you have requested ancillary services.

8. Recycled water use on your property will be measured through a recycled water meter (purple) located on your property. The recycled water meter is owned and maintained by SA

Water.

9. SA Water will send you an invoice for recycled water supplied to your property as measured by the recycled water meter.
10. You must pay the amount of your invoice by the date specified and in accordance with the terms and conditions set out on your invoice.
11. Any fee or charge payable in respect of this Agreement may be recovered in accordance with the provisions of the Waterworks Act

Audits and Connections

12. You must not take recycled water from the Recycled Water System other than in accordance with a Recycled Water Supply Agreement.
13. You must at all times use recycled water lawfully for the intended uses and unless you obtain SA Water's prior written consent, you may only use the recycled water on your own property and not supply any recycled water to any other person or property.
14. All internal pipework and connections to the recycled water system on your property must, at your cost, comply at all times with all provisions and directions under the Waterworks Act and Regulations or any other law relating to standards of work, materials and plumbing.
15. You must ensure your drinking water system is independent of the recycled water system and any other alternate water system (e.g. rain water).
16. If your internal pipework or other on-property plumbing infrastructure does not meet the standards required by SA Water, SA Water may suspend your supply of recycled water until SA Water is satisfied that the defects are remedied.
17. To ensure independence of the drinking water, recycled water and other alternate water systems, the Customer agrees to be responsible for ongoing self checks of plumbing on their property. SA Water will periodically conduct inspections and audits of your plumbing infrastructure and, without limiting any powers under the Waterworks Act, you agree to permit SA Water to enter your land and other property owned by you to access your plumbing infrastructure for any purposes related to the supply of recycled water. Periodic inspections and audits will continue to be required if recycled water is not used within your property. Where a periodic inspection or audit is planned we will provide you with at least two days notice of our intentions.

General

18. This Agreement is made under section 37 of the Waterworks Act 1932. The provisions of these terms and conditions are in addition to and do not derogate from the Waterworks Act.
19. Under section 37 of the Waterworks Act, each owner and occupier of a property to which

a section 37 agreement applies and each subsequent owner and occupier of the property is bound as a party to this Agreement.

20. This Agreement will operate as of the date that recycled water is first supplied to your land and will continue until the Corporation or the Minister elects to determine rates for the supply of recycled water pursuant to the Waterworks Act that applies to your property.

21. It is a condition of this agreement that you notify SA Water if at any time you alter your internal pipework and/or cease using recycled water within your property. An audit of your property will be required by SA Water to ensure independence of the drinking water and recycled water systems.

Yours Faithfully,

NOTICE OF ENCUMBRANCE

You are hereby notified that a recycled water notice has been placed on the following property:

2 SAND ST SEAFORD MEADOWS SA 5169

In accordance with the SA Water Standard Customer Contract SA Water may require you to conduct inspections and audits of your plumbing system on a five-yearly basis or at transfer of ownership.

If you are selling the property, prior to settlement you are required to contact the above telephone number to make arrangements for a recycled water plumbing audit to be performed.

Yours Sincerely

| 11. Health Protection Programs – Department for Health and Wellbeing | Health Protection Programs in the DHW has no record of a public health issue that currently applies to this title. |

Notices

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Listed hereafter are the *MORTGAGES, CHARGES AND PRESCRIBED ENCUMBRANCES* in alphabetical order of *SCHEDULE 2*, Division 1 to which Council must respond according to *TABLE 1* of the *REGULATIONS UNDER THE LAND AND BUSINESS (SALE AND CONVEYANCING) ACT 1994*.

In addition, Building Indemnity Insurance details are given, if applicable, pursuant to *SCHEDULE 2*, Division 2 to which Council must respond according to *TABLE 2* of the *REGULATIONS UNDER THE LAND AND BUSINESS (SALE AND CONVEYANCING) ACT 1994*.

The information provided indicates whether any prescribed encumbrances exist on the land, which has been placed/imposed by, or is for the benefit of Council.

All of the prescribed encumbrances listed herein are answered solely in respect to a statutory function or registered interest of the Council, and do not infer any response to an enquiry on behalf of other persons or authorities.

Where a prescribed encumbrance requires a dual response, as described by *TABLE 1*, of *SCHEDULE 2*, of the *REGULATIONS UNDER THE LAND AND BUSINESS (SALE AND CONVEYANCING) ACT, 1994*, the enquirer should also refer a like enquiry to the Department for Transport Energy and Infrastructure.

Pursuant to the provisions of the *REGULATIONS UNDER THE LAND AND BUSINESS (SALES AND CONVEYANCING) ACT, 1994*, Council hereby provides the following information in response to your enquiries:

INFORMATION NOTE

CHANGES TO PLANNING POLICY AFFECTING LAND IN COUNCIL'S AREA

The information provided in this note is additional to, and not in substitution of, any information provided in response to your request for statutory search information. The response to your request, provided with this note, does not reference changes to planning policy affecting all South Australian Councils.

Development Act 1993 (repealed)

Section 42

Condition (that continues to apply) of a development authorisation YES

Application Number	145/3383/2009
Description	Single storey detached dwelling with garage and verandah
Decision	Approved
Decision Date	08 October 2009

Building Rules Consent Conditions

1. All masonry piers adjacent the garage door openings shall be reinforced and concrete filled in accordance with note 13 of the footing plan.

Application Number	145/3554/2011
Description	Verandah
Decision	Approved
Decision Date	05 December 2011

Building Rules Consent Conditions

1. The proposed structure shall not be enclosed at any time without the prior consent of Council.
2. Stormwater shall be diverted away from the building and shall not pond against or near the footings and shall not be discharged onto adjoining land. Where drainage is directed to the street water table, this shall be by way of a Council approved storm water drainage system.
3. The structure shall be constructed in accordance with the manufacturers certified design for the relevant wind speed, and shall be securely braced and tied down to the footings.
4. No part of the structure shall encroach beyond the surveyed boundary.

Planning Act 1982 (repealed)

Condition (that continues to apply) of a development authorisation NO

Building Act 1971 (repealed)

Condition (that continues to apply) of a development authorisation NO

Part 5 – Planning and Design Code

Zones

Housing Diversity Neighbourhood (HDN)

Subzones

NO

Zoning overlays

Overlays

Affordable Housing

The Affordable Housing Overlay seeks to ensure the integration of a range of affordable dwelling types into residential and mixed use development.

Hazards (Flooding - Evidence Required)

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

Native Vegetation

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

Prescribed Water Resources Area

The Prescribed Water Resources Area Overlay seeks to ensure the sustainable use of water in prescribed water resource areas.

Prescribed Wells Area

The Prescribed Wells Area Overlay seeks to ensure sustainable water use in prescribed wells areas.

Regulated and Significant Tree

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

Stormwater Management

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

Signif Retirement Facility Supported Accom Sites

The Significant Retirement Facility and Supported Accommodation Sites Overlay seeks to facilitate the development of supported accommodation and/or retirement facilities on significant retirement facility and supported accommodation sites to provide accommodation for the communities' ageing residents.

Traffic Generating Development

The Traffic Generating Development Overlay aims to ensure safe and efficient vehicle movement and access along urban transport routes and major urban transport routes.

Urban Tree Canopy

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is the land situated in a designated State Heritage Place/Area? NO

Is the land designated as a Local Heritage Place? NO

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is there a tree or stand of trees declared in Part 10 of the Planning and Design Code to be a significant tree or trees on the land?

Council does not have trees listed in Part 10 - Significant Trees of the Planning and Design Code. However, there may be regulated or significant tree(s) on the site as defined by the Planning and Code that would require approval for maintenance pruning or removal.

Open the Online Planning and Design Code to browse the full Code and Part 10 - Significant Trees for more information. <https://code.plan.sa.gov.au/>

Is there a current amendment to the Planning and Design Code released for public consultation by a designated entity on which consultation is continuing or on which consultation has ended but whose proposed amendment has not yet come into operation?

The Property Interest Report available through [Land Services SA](#) provides information necessary for Conveyancers to complete the Vendor's Statement.

Note - For further information about the Planning and Design Code visit <https://code.plan.sa.gov.au>

Particulars relating to environment protection

Further information held by council

Does the council hold details of any development approvals relating to:

NO

(a) commercial or industrial activity at the land; or

(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

General

Easement

NO

Does a Council drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Are you aware of any encroachment on the Council easement?

NO

Lease, agreement for lease, tenancy agreement or licence

(The information does not include the information about sublease or subtenancy.

NO

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.)

Caveat

NO

Other

Charge for any kind affecting the land (not included in another item)

NO

PLEASE NOTE:

The information provided is as required by The Land and Business (Sale and Conveyancing) Act 1994. The information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.

LYNCH MEYER
SCARFORD MEADOWS

THIS DEED is made the 16th day of January

2009.
2008

BETWEEN: CITY OF ONKAPARINGA of Ramsay Place, Noarlunga Centre, SA, 5168 (hereinafter with its successors and assigns called "the Council") of the one part

AND: LANDSA PTY. LTD. ACN 079 317 623 of 4 undivided 10th parts and FAIRMONT HOMES GROUP PTY. LTD. ACN 110 542 553 of 3 undivided 10th parts and MSP PROPERTY HOLDINGS PTY. LTD. ACN 110 753 707 of 3 undivided 10th parts all of 21 North Terrace Adelaide SA 5000 (hereinafter with his or its executors administrators successors and assigns as the case may be called "the Owner") of the other part

RECITALS:

- A. The Owner is the proprietor of an estate in fee simple in the whole of the land comprised in Certificate of Title Register Book VOLUME 6037 FOLIO 421. (hereinafter called "the Land");
- B. The Council along with Willunga Basin Water Company Pty Ltd, SA Water, Flinders University of SA, Department of Health, Environment Protection Authority, Department of Water, Land and Biodiversity Conservation and the Adelaide and Mount Lofty Ranges Natural Resource Management Board has been working on the Water Proofing the South Strategy project for a number of years.
- C. The Water Proofing the South strategy (which includes the proposal for the provision of reclaimed water to the Seaford Meadows Development) was submitted to the Federal Government seeking funding the National Water Initiative in June 2006 and the submission is based on the National Water Initiative guidelines.
- D. The Owner, in accordance with the provisions of the Development Act, 1993 (hereinafter called "the Act"), intends to develop the Land subject to the Owner obtaining development approval for any proposed development (hereinafter called "the proposed Development");
- E. Pursuant to the provisions of Section 57(2) of the Act the Owner has agreed with the Council to enter into this Deed relating to the development management preservation and conservation of the Land and in particular in relation to the application of sustainable principles to the Proposed Development subject to the terms and conditions hereinafter mentioned.

NOW THIS DEED WITNESSES as follows:

1. INTERPRETATION

- 1.1 The parties acknowledge that the matters recited above are true and accurate and agree that they shall form part of the terms of this Deed.

- 1.2 In the interpretation of this Deed unless the context shall otherwise require or admit:
- 1.2.1 "Boundary Access Point" means the point near the intersection of Grand Boulevard and Seaford Road so identified on the plan attached as Annexure C or such other point as is agreed in writing between the parties;
 - 1.2.2 "Consumer Access Point" means the point on the boundary of each allotment forming part of the Land (whether currently in existence or created in the future) at which the Pipeline System is intended to deliver Reclaimed Water to that allotment;
 - 1.2.3 "Energy Efficiency Guidelines" means the guidelines attached as Annexure B;
 - 1.2.4 "EPA" means the Environment Protection Authority constituted under the Environment Protection Act 1993;
 - 1.2.5 "Land" shall include any part or parts of the Land;
 - 1.2.6 "Lilac Reticulation Network" has the meaning given to that term in clause 4;
 - 1.2.7 "Owner's Infrastructure" means any infrastructure on the Land which impacts in any way the Lilac Reticulation Network;
 - 1.2.8 "Pipeline System" means the distribution network which runs through the Boundary Access Point and which is owned by a third party and through which a third party will distribute Reclaimed Water to allotments forming part of the Land (whether currently in existence or created in the future) at the Consumer Access Points;
 - 1.2.9 "Reclaimed Water" means the water treated to an appropriate quality defined in the Reclaimed Water Guidelines for use for toilet flushing and external irrigation on the Land;
 - 1.2.10 "Reclaimed Water Guidelines" means the South Australian Reclaimed Water Guidelines prepared by the Department of Human Service and the Environment Protection Agency published in April 1999;
 - 1.2.11 "Treated Water Licence" means the licence issued by the EPA to a third party in relation to the delivery of Reclaimed Water through the Pipeline System;
 - 1.2.12 Words and phrases used in this Deed which are defined in the Development Act 1993 or in the Regulations made under the Act shall have the meanings ascribed to them by the Act or the Regulations as the case may be;

- 1.2.13 References to any statute or subordinate legislation shall include all statutes and subordinate legislation amending consolidating or replacing the statute or subordinate legislation referred to;
- 1.2.14 The term "the Owner" where the Owner is a company includes its successors, assigns and transferees and where the Owner is a person, includes his heirs, executors, administrators and transferees and where the Owner consists of more than one person or company the term includes each and every one or more of such persons or companies jointly and each of them severally and their respective successors, assigns, heirs, executors, administrators and transferees of the companies or persons being registered or entitled to be registered as the proprietor of an estate in fee simple to the Land or to each and every one of all separate allotments into which the Land may be divided after the date of this Deed subject however to such encumbrances, liens and interests as are registered and notified by memoranda endorsed on the Certificate of Title thereof;
- 1.2.15 The term "person" shall include a corporate body;
- 1.2.16 Any term which is defined in the statement of the names and descriptions of the parties or in the Recitals shall have the meaning there defined;
- 1.2.17 Words importing the singular number or plural number shall be deemed to include the plural number and the singular number respectively;
- 1.2.18 Words importing any gender shall include every gender;
- 1.2.19 Where two or more persons are bound hereunder to observe or perform any obligation or agreement whether express or implied then they shall be bound jointly and each of them severally.
- 1.3 Clause headings are provided for reference purposes only and shall not be resorted to in the interpretation of this Deed.
- 1.4 The requirements of this Deed are at all times to be construed as additional to the requirements of the Act and any other legislation affecting the Land.

2. OWNER'S OBLIGATIONS

The Owner hereby agrees that:

2.1 Reclaimed Water

- 2.1.1 The Owner must ensure that the Lilac Reticulation Network is constructed to such standard as is reasonably required by a party acting under statutory or contractual authority or by law or regulations as part of the proposed Development and that all:

- 2.1.1.1 allotments created on the Land; and

- 2.1.1.2 all buildings and structures (except for domestic outbuildings and other structures of such a kind which would not normally incorporate a reticulated water supply) on the Land (as reasonably required by a party acting under statutory or contractual authority or by law or regulations as part of the proposed Development);

are connected to the Pipeline System;

- 2.1.2 The Owner must ensure that any existing or proposed design, construction and installation of the Owner's Infrastructure complies at all times and in all ways with any relevant requirements of SA Water. The Owner must comply with reasonable requests for information by a party acting under statutory authority or by law or regulations as part of the proposed Development about the Owner's Infrastructure;
- 2.1.3 The Owner must repair, maintain and if necessary replace the Owner's Infrastructure to a good quality standard or as otherwise reasonably directed by an appropriately authorised person or by law or regulations and otherwise to comply with any of the requirements of the EPA, or the Department of Health;
- 2.1.4 The Owner must allow any appropriately authorised person to enter the Land at all times to enable the supplier of Reclaimed Water to comply with its obligations under the Treated Water Licence and the Department of Health approval;
- 2.1.5 The Owner must allow any appropriately authorised person to enter the Land for the purposes of an emergency relating to the Lilac Reticulation Network or the Owner's Infrastructure; and
- 2.1.6 The Owner must comply with the relevant Australian Standards by ensuring that upon installation the Owner's Infrastructure is the appropriate colour warning of the use of Reclaimed Water.
- 2.1.7 The Owner acknowledges that there may be a period during which Reclaimed Water is not available to be supplied to the Land through the Pipeline System. If this is the case, potable water will be supplied to the Land through the Pipeline System, but the Owner acknowledges that the Owner will be responsible for the payment of any costs relating to such supply of potable water to the Land through the Pipeline System.

2.2 Energy Efficiency

- 2.2.1 The Owner must ensure that the Proposed Development which occurs on the Land is undertaken in accordance with the Energy Efficiency Guidelines and in any event is designed and installed to such standard as is reasonably required by the Council, a third party or by law or regulations and that all buildings and structures on the Land comply with the said Energy Efficiency Guidelines.

- 2.2.2 The Owner must comply with the relevant Australian Standards in relation to the installation of any electrical componentry or any other item as part of the Owner's compliance with clause 2.2.1.

3. COUNCIL'S OBLIGATIONS

3.1 Reclaimed Water

- 3.1.1 The Council must use its best endeavours to facilitate a third party to construct and install the Pipeline System up to the Boundary Access Point and to repair and maintain the Pipeline System up to the Consumer Access Point.
- 3.1.2 The supplier must procure the supply, through the Pipeline System, of Reclaimed Water to the Consumer Access Point at a retail cost to the Owner of not more than the retail cost of potable water charged by SA Water from time to time.

4. LILAC RETICULATION NETWORK

- 4.1 In this Deed, "Lilac Reticulation Network" means a water reticulation network which is designed and constructed on the Land to enable Reclaimed Water distributed from the Pipeline System to be used for external irrigation and toilet flushing on the Land, while complying with all necessary Australian Standards and regulatory requirements.
- 4.2 For the purposes of this Deed, the Lilac Reticulation Network will only be deemed to be completed when the Owner gives written notice to the Council together with a certificate of completion of works in the form of the certificate set out in Annexure A stating that the relevant engineer is of the view that the Lilac Reticulation Network has been constructed in accordance with the plans and specifications reasonably required by the Council and otherwise complies with the various warranties set out in the certificate set out in Annexure A.
- 4.3 The parties agree that in the event that the Land is developed through the construction of more than one allotment, building or structure on it, then each and every one of those allotments, buildings and structures must, by means of the Lilac Reticulation Network, be connected to the Pipeline System and such infrastructure must be certified in accordance with clause 4.2.

5. FURTHER DEVELOPMENT

5.1 Reclaimed Water

The Owner expressly acknowledges that any development of the Land (other than development which occurs concurrently with the installation of the Lilac Reticulation Network) before the Council has certified that the Lilac Reticulation Network is completed in accordance with clause 4.2 will result in the Owner being in breach of this Deed and, thereby, the Act.

5.2 Energy Efficiency

The Owner expressly acknowledges that any development of the Land must be in accordance with the Energy Efficiency Guidelines.

6. RESTRICTION ON LEASING AND OTHER DEALINGS

The Owner shall not grant any lease licence easement or other right of any nature whatsoever which may give any person the right to possession or control of or entry on to the Land which right would enable such person to breach any of the obligations imposed on the Owner by this Deed unless such grant:

- 6.1 is expressed in writing;
- 6.2 is made with the previous written consent of the Council; and
- 6.3 contains as an essential term a covenant by the grantee not to do or omit to do (or suffer or permit any other person to do or omit to do) any act matter or thing which would constitute a breach by the Owner of the Owner's obligations under this Deed.

7. COUNCIL'S POWERS OF ENTRY, ETC

- 7.1 The Council and any employee or agent of the Council authorised by the Council may at any reasonable time enter the Land for the purpose of:
 - 7.1.1 inspecting the Land and any building or structure thereupon;
 - 7.1.2 exercising any other powers of the Council under this Deed or pursuant to law.
- 7.2 If the Owner is in breach of any provision of this Deed, the Council may, by notice in writing served on the Owner, specify the nature of the breach and require the Owner to remedy the breach within such time as may be nominated by the Council in the notice (being not less than twenty eight (28) days from the date of service of the notice) and if the Owner fails so to remedy the breach, the Council or its servants or agents may carry out the requirements of the notice and in doing so may enter and perform any necessary works upon the Land and recover any costs thereby incurred from the Owner.
- 7.3 If in a notice referred to in Clause 7.2 the Council requires the removal of the building or structure from the Land the Council and its servants or agents are hereby authorised and empowered by the Owner to enter and remove the building or structure from the Land and to dispose of it in any manner determined by the Council provided that if the building or structure shall have any monetary value then the Council shall use its best endeavours to realise that monetary value and shall after the disposal account to the Owner and pay to him the realised value less all expenses incurred.
- 7.4 The Council may delegate any of its powers under this Deed to any person.

8. VARIATION AND WAIVER

- 8.1 This Deed may not be varied except by a Supplementary Deed signed by the Council and the Owner.
- 8.2 The Council may waive compliance by the Owner with the whole or any part of the obligations on the Owner's part herein contained provided that no such waiver shall be effective unless expressed in writing and signed by the Council.

9. NOTICES

Notice shall for the purposes of this Deed be properly served on the Owner if it is:

- 9.1 posted to the Owner's last address known to the Council; or
- 9.2 affixed in a prominent position on the Land.

10. COSTS

The Owner hereby indemnifies the Council and agrees to keep it forever indemnified in respect of the whole of its costs and expenses (including without limitation legal costs and expenses) of and incidental to the negotiation preparation stamping and registration of this Deed.

11. REGISTRATION OF THIS DEED

Each party shall do and execute all such acts documents and things as shall be necessary to ensure that as soon as is possible after the execution of this Deed by all necessary parties this Deed is registered and a memorial thereof entered on the Certificate of Title for the Land pursuant to the provisions of Section 57(5) of the Act in priority to any other registrable interest in the Land save and except for the estate and interest of the Owner therein.

12. GOVERNING LAW

The law governing the interpretation and implementation of the provisions of this Deed shall be the law of South Australia.

13. GENERAL PROVISIONS

- 13.1 If any provision of this Deed shall be found by a court of competent jurisdiction to be invalid or unenforceable in law then and in such case the parties hereby request and direct such court to sever such provision from this Deed.
- 13.2 This Deed contains the whole agreement between the parties in respect of the matters referred to herein.

ANNEXURE A

CERTIFICATE OF COMPLETION

I, _____, engineer _____ (being the engineer engaged by _____ to certify the completion of the construction of the Lilac Reticulation Network in respect of the land comprised in [insert appropriate reference]) hereby issue this Certificate of Completion of Works for the Lilac Reticulation Network envisaged under the Land Management Agreement by Deed dated the # day of # 200__ between the Council and _____ ("the Deed") for the construction of the Lilac Reticulation Network as defined in the Deed. This certificate relates to the construction carried out by # as the contractor of the Owner for the Lilac Reticulation Network. The works comprising the Lilac Reticulation Network are technically sound and capable of being maintained as such over a twenty-five (25) year life. I expressly represent and warrant that:-

1. I am a registered engineer and a member of the Institute of Engineers, Australia.
2. I have assessed the construction of the works comprising the Lilac Reticulation Network (including structurally) and this Certificate of Completion of Works represents my conclusions regarding this assessment.
3. The works comprising the Lilac Reticulation Network have been completed in their final form as envisaged under the Deed and the design documentation and no further work, construction, assembly, laying or modification is required except usual maintenance and repair.
4. The works comprising the Lilac Reticulation Network have been constructed in accordance with the design specifications required by the Council.
5. The works comprising the Lilac Reticulation Network have been constructed in accordance with sound engineering practice and constructors of the works comprising the Lilac Reticulation Network have used due care and skill commensurate with an appropriate standard of professionalism.

I acknowledge that the Council is relying, and is entitled to rely, on the representations and warranties made in this Certificate.

DATED the _____ day of _____ 2008

ANNEXURE B**ENERGY EFFICIENCY GUIDELINES**

- All buildings on the Land must have electrical systems installed with direct load control.
- All residential buildings on the Land must be designed and constructed to meet or exceed 5+ stars rating using the "Accurate System".
- All hot water in non-residential buildings on the Land must be supplied by a solar hot water system.
- All non-residential buildings on the Land must have their electricity supply supplemented by a grid connected photovoltaic cell power plant.

(Note: In this instrument the expression "The Owner" includes the Encumbrancer and each successive registered proprietor of the land comprised in the Certificate of Title being encumbered.)

ENCUMBRANCEE (Full name, address and mode of holding)

LANDSA PTY LTD A.B.N. 47 079 317 623

of 21-24 North Terrace Adelaide SA 5000

OPERATIVE CLAUSE

THE ENCUMBRANCER ENCUMBERS THE ESTATE AND INTEREST IN THE LAND ABOVE DESCRIBED FOR THE BENEFIT OF THE ENCUMBRANCEE SUBJECT TO THE ENCUMBRANCES AND OTHER INTERESTS AS SHOWN HEREON WITH AN ANNUITY OR RENT CHARGE OF

(a) Insert the amount of the annuity or rent charge

(a) Ten cents (.10c)

(b) State the term of the annuity or rent charge.
If for life use the words "during his or her lifetime"

(b) for a term of Three Thousand Nine Hundred and Ninety Nine (3,999) years

(c) State the times appointed for payment of the annuity or rent charge. Any special covenants may be inserted on page 2.

(c) Payable (if demanded by the Encumbrancee) on the 1st day of January in each year (starting on 1st day of January in the next calendar year immediately following the date of execution of this instrument) to the intent:

- that the Encumbrancee will hold the annuity for the Term to secure the compliance by the Owner with the covenants contained in this instrument; and
- that the Encumbrancee will not demand payment of the annuity if, and so long as, the Owner complies with all of the covenants.

IT IS COVENANTED BETWEEN THE ENCUMBRANCER AND ENCUMBRANCEE as follows:

IT IS COVENANTED by the Owner with the Encumbrancee and with all other persons claiming under the Encumbrancee as purchasers of any land in the Development Zone (as defined on the front page of this instrument) as follows to the intent:

- that the covenants in this instrument will run with and bind the land; and
- that the benefit of each of the covenants will be annexed to, and pass to future owners of, each and every part of the Development Zone.

1. Not to use the land other than for residential or other approved purposes

Subject to clause 6, the land must not be used for any purpose other than:

- 1.1 residential use; or
- 1.2 such other use as has received the prior written approval of the Encumbrancee.

2. No building without Encumbrancee's approval

2.1. Subject to clauses 3 and 4, the Owner must not do (or cause, suffer or permit to be done) any of the following on the land except in strict accordance with plans and specifications that have received the prior written approval of the Encumbrancee -

- 2.1.1. erect a building or structure;
- 2.1.2. carry out any siteworks;
- 2.1.3. erect a fence or wall;
- 2.1.4. erect any external sign, hoarding, tank, mast, pole, television antenna, satellite dish or radio aerial, either freestanding or fixed to any other building or structure;
- 2.1.5. erect or place any external floodlights or spotlights;
- 2.1.6. construct or create a driveway or parking area, or otherwise set aside any area for the parking of vehicles; or
- 2.1.7. carry out any landscaping or planting (unless the land has been designated by the Encumbrancee as a residential allotment). (But see clause 7.3.)

2.2. The Owner must not submit any plans of building works to the Council for its approval until it has obtained the approval of the Encumbrancee.

2.3. Any application that is lodged by the Owner for approval pursuant to clause 2.1 must be accompanied by such plans, specifications and other information as is reasonably required by the Encumbrancee. In addition each application must be accompanied by payment of any applicable fees set by the Encumbrancee to cover the Encumbrancee's reasonable administrative costs for processing of applications. The application fees:

- 2.3.1. may be varied by the Encumbrancee from time to time;
- 2.3.2. but are not applicable to any application relating to the initial development of the land.

3. Design Guidelines

3.1. The Encumbrancee will not act unreasonably in refusing any approval or imposing any condition of approval under clause 2. But a refusal or a condition cannot be deemed unreasonable if -

- 3.1.1. the proposal as submitted is contrary to any provision in the Design Guidelines; or
- 3.1.2. a corporate member of the Planning Institute of Australia certifies that the proposed works would have an adverse effect upon the development, appearance, health or amenity of the locality in which the land is situated or upon any part of that locality.

3.2. If the land is used for residential purposes, the following items do not require approval under clause 2, but nevertheless must comply with the applicable requirements as set out in the Design Guidelines:

- 3.2.1 clotheslines;

- 3.2.2 solar water heaters;
- 3.2.3 airconditioners;
- 3.2.4 antennae (including satellite dishes);
- 3.2.5 letterboxes;
- 3.2.6 driveways;
- 3.2.7 rainwater tanks.

4. **Dual Reticulation Network**

4.1. The Owner:

- 4.1.1. must not erect (or cause, suffer or permit the erection of) a building or structure (except for a domestic outbuilding or other structure of such a kind as would not normally incorporate a reticulated water supply) unless a dual reticulation network is constructed on the land and is connected to the building or structure; and
- 4.1.2. must not permit the dual reticulation network to be removed or disconnected, or to fall into disrepair.

4.2. In this clause, "dual reticulation network" means a water reticulation network which is designed and constructed:

- 4.2.1. so as to enable reclaimed water to be distributed from the boundary of the land for use for external irrigation and toilet flushing on the land; and
- 4.2.2. in accordance with all relevant Australian Standards and regulatory requirements; and
- 4.2.3. in accordance with the requirements of any Land Management Agreement which may be noted on the Certificate of Title to the land pursuant to the provisions of the Development Act 1993.

5. **No land division without Encumbrancee's approval**

The Owner must not divide the land except with the prior written approval of the Encumbrancee.

6. **Planning laws**

6.1. The land must not be used or developed except in accordance with -

- 6.1.1. any laws relating to planning from time to time in force; and
- 6.1.2. the conditions of any relevant consent or approval given by any Council or other relevant planning authority.

6.2. Any approval granted by the Encumbrancee does not constitute an agreement or representation as to adequacy, suitability or fitness of the proposal, plans or specifications so approved, nor that the Council will grant its approval. The Owner acknowledges that the Owner will not place any reliance on the Encumbrancee's approval, whether for the purposes of planning or zoning laws or otherwise.

7. **No delay**

7.1. The Owner must not permit any undue delay to occur in the commencement or completion of any works approved under clause 2;

7.2. The Owner must not permit the commencement or the completion of the construction of a dwelling (or, if the Encumbrancee has approved a non-residential use, a building consistent with the approved use), approved by the Encumbrancee in accordance with clause 2, on the land to be delayed beyond time limits of:

- 7.2.1. twelve (12) months (for commencement); and
- 7.2.2. three (3) years (for completion),

after the date of this instrument (or such further time as the Encumbrancee in its absolute discretion may agree in writing with the Owner).

- 7.3. The Owner must not permit the completion of landscaping on the land to be delayed beyond the applicable time limit as set out below (or such longer period as the Encumbrancee allows, by notice in writing to the Owner):

- 7.3.1. if the land has been designated by the Encumbrancee as a residential allotment, then the time limit for the establishment, to the reasonable satisfaction of the Encumbrancee, of a garden (including landscaping and associated pavements) between the front of the dwelling and the adjacent road boundary is a period of twelve (12) months after the completion of the dwelling;
- 7.3.2. in any other case the time limit for completion of landscaping, to the reasonable satisfaction of the Encumbrancee, on the land is 30 days following the date of occupancy or substantial completion of any building on the land, whichever first occurs (provided that the Owner also must comply with the obligations in clause 2.1.7).

8. Option to buy back

If the construction of a dwelling (or other building as referred to in clause 7.2) approved by the Encumbrancee is not commenced on the land before the expiry of the time limit stated in clause 7.2.1 or, having been commenced, is not completed within the time limit stated in clause 7.2.2 (or within such further times as the Encumbrancee may agree in writing with the Owner), then the following provisions will apply:-

- 8.1 The Encumbrancee may request the Owner to transfer the land to the Encumbrancee or its nominee. The request may be made at any time after the expiry of the time limit, unless by that time the construction of a dwelling has commenced.
- 8.2 The Encumbrancee may, in its sole discretion, determine a price for the transfer of the land (being not less than the gross sale price of the land to the Owner less 10%).
- 8.3 The Owner must, within one calendar month after the date of a request under clause 8.1, transfer an estate in fee simple in the land in accordance with the request, subject only to this encumbrance.
- 8.4 The Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee for the purpose of giving effect to the transfer.
- 8.5 Rates, taxes and all other outgoings relating to of the land will be adjusted to the date of settlement of the transfer. All costs associated with the transfer will be borne by the Encumbrancee or its nominee.
- 8.6 The price fixed by the Encumbrancee will be payable to the Owner on settlement.

9. No sale or lease before building is completed

- 9.1 Subject to clause 16 and this clause, the Owner must not lease, sell, advertise for lease or sale, or transfer the land unless:
- 9.1.1 a dwelling (or, if the Encumbrancee has approved a non-residential use, a building consistent with the approved use), approved by the Encumbrancee under clause 2.1, has been completed upon the land; or
- 9.1.2 the Encumbrancee has consented in writing to the lease, sale, advertising or transfer.
- 9.2 If a dwelling (or other building referred to in clause 9.1), approved by the Encumbrancee under clause 1.1, has not been completed on the land and the Owner desires to transfer the land, then the following provisions will apply-
- 9.2.1 The Encumbrancee has the option of re-purchasing the land, subject only to this Encumbrance, for a price fixed by the Encumbrancee in the same manner as set out in clause 8.2.

9.2.2 The Owner must make an offer in writing to the Encumbrancee to sell the land to the Encumbrancee or its nominee for the price fixed by the Encumbrancee. The offer will remain open for acceptance for one calendar month after the date of service of the offer.

9.2.3 If the offer is accepted then –

- the Owner must sell the land to the Encumbrancee or its nominee upon the terms stated in this clause;
- settlement will be effected within one calendar month from the date of acceptance;
- the Owner must promptly execute all relevant documentation submitted to it by the Encumbrancee;
- rates, taxes and all other outgoings relating to the land will be adjusted to the date of settlement;
- all costs associated with the transfer will be borne by the Encumbrancee or its nominee; and
- the price fixed by the Encumbrancee will be payable on settlement.

9.2.4 Until the expiry of the period stated in clause 9.2.2, the Owner must not transfer or agree to transfer the land to any other person (unless in the meantime the Encumbrancee, in writing, unconditionally declines the offer).

9.2.5 This clause does not prevent a transfer of the land, upon the death of the Owner, to a person entitled to land under the will or upon the intestacy of the Owner.

9.3 If a dwelling (or other building as referred to in clause 9.1), approved by the Encumbrancee under clause 2.1 has not been completed on the land and the Owner causes or permits the land to be advertised for sale without first complying with clause 8.2, then the following provisions will apply:-

9.3.1 The Encumbrancee may exercise its option to purchase the land for a price fixed by the Encumbrancee in the same manner as set out in clause 8.2 on the same terms and conditions as set out in clause 9.2.

9.3.2 The option must be exercised by notice in writing served on the Owner within one calendar month of the date on which the Encumbrancee becomes aware that the land has been advertised for sale. (A certificate under the hand of a manager or secretary or other senior officer of the Encumbrancee shall be conclusive evidence of such date).

9.3.3 Settlement must be effected within two calendar months of the exercise of the option.

10. Not to fail to maintain

10.1 The Owner must not allow:

10.1.1 the state of repair of the land, any building, structure or improvement on the land or of any painted surface; or

10.1.2 the general state of tidiness or cleanliness of the land or of any building, structure or improvement on the land; or

10.1.3 the maintenance of the landscaping, paving and car parking areas on the land,

to fall below a standard that is acceptable to the Encumbrancee.

10.2 The Encumbrancee must act in good faith in determining the standard acceptable to it for the purposes of this clause.

10.3 The Owner must not permit any carparking area to be used other than for vehicle parking.

- 10.4 The Owner must not permit any rubbish bin or similar receptacle to be placed between the front of any building erected on the land and the street alignment (except that a bin may be so placed immediately before being emptied or removed).

11. Vehicle Parking

The Owner must not cause, suffer or permit any vehicle of a recreational nature (eg caravan, boat, campervan, etc) or a commercial nature (eg truck, bus, van, etc) to be parked between the front building line of any dwelling on the land and the road boundary (or boundaries) of the land (except on an irregular and infrequent basis) or to be parked anywhere else on the land so as to be visible from the street or from any other public place.

12. Notice to rectify breach

- 12.1 The Encumbrancee, or a servant, agent or contractor of the Encumbrancee, may enter the land at any time, (after giving at least 24 hours notice to the Owner), for the purpose of inspecting the land to determine whether any of the Owner's obligations under this instrument has been breached. The Owner must not do (nor cause nor permit the doing of) anything to obstruct or hinder such entry or inspection.
- 12.2 If the Encumbrancee serves a written notice upon the Owner specifying a breach of any of the Owner's obligations under any of the foregoing clauses; and
- 12.3 the Owner fails to remedy the breach within one calendar month from the date of service of the notice, then
- 12.4 the Encumbrancee its servants, agents and contractors may enter the land and may take such action as the Encumbrancee deems necessary to remedy the breach; and
- 12.5 the Encumbrancee may recover from the Owner, in any court of competent jurisdiction, the costs incurred in remedying the breach.

13. Acknowledgment of building scheme

The Owner acknowledges for the Owner and the Owner's successors in title –

- 13.1 that the foregoing covenants are entered into and undertaken for the purposes of the Encumbrancee's scheme of development for the lands comprised in the Development Zone; and
- 13.2 that the Encumbrancee has warranted that it has required, and will continue to require, each purchaser of land in the Development Zone, as a condition of its sale, to execute an instrument in substantially similar form to this instrument and containing substantially similar covenants and other stipulations.

14. Waiver

- 14.1 The Encumbrancee, in its absolute discretion, may at any time modify, waive or release:-
- 14.1.1 any of the foregoing covenants; or
- 14.1.2 any covenants or stipulations contained in the Encumbrance Building and Development Requirements or in any other instrument relating to the land; or
- 14.1.3 any of the covenants contained in any similar instrument relating to any other land in the said Development Zone (regardless of whether the instrument was entered before or after this instrument).
- 14.2 A modification, waiver or release under clause 14.1.3 does not release the Owner from any of the covenants or stipulations referred to in clause 14.1.1 or 14.1.2.

15. Release of Owner upon sale

Once a building has been completed on the land in accordance with the terms of the approval required under clause 1.1, the following provisions will apply –

- 15.1 The rent charge and covenants contained in this instrument will be binding only upon the registered proprietor for the time being of the land.
- 15.2 Subject to clause 15.3, each successive registered proprietor of the land will be released from the payment of the rent charge and from the performance of the covenants immediately upon transferring the fee simple in the land to another person.
- 15.3 Despite a transfer as referred to in clause 15.2, the rights of the Encumbrancee will be preserved against any former registered proprietor, in relation to a breach of this Encumbrance which occurred either before the transfer or by reason of the transfer.

16. Sunset clause

The rights and obligations of the Encumbrancee (but not those of any person claiming under the Encumbrancee as purchasers of any land in the Development Zone) will cease from whichever of the following dates occurs first:-

- 16.1 a date two years after the practical completion of an approved building upon the last remaining vacant allotment in the Development Zone (excluding any allotment upon which no building is permitted to be erected); or
- 16.2 the 1st day of January 2013.

17. Service of notices

- 17.1 A notice may be served on the Owner either:
 - 17.1.1 by posting the notice in a prepaid envelope to the last known address of the Owner; or
 - 17.1.2 if a building has been erected on the land, by leaving the notice at or attached to the dwelling.
- 17.2 A Notice may be served on the Encumbrancee by being left at or posted in a prepaid envelope addressed to the Encumbrancee at its registered office in South Australia.
- 17.3 A notice served by post is deemed to have been served two (2) business days after posting.

18. Interpretation

- 18.1 In this instrument:-
 - 18.1.1 a reference to any gender includes all genders;
 - 18.1.2 the singular includes the plural and vice versa;
 - 18.1.3 a reference to a person includes a body corporate and vice versa;
 - 18.1.4 a reference to a party includes the heirs, executors, successors or assigns of that party;
 - 18.1.5 "the Owner" includes the Encumbrancer and each successive registered proprietor of the land (and, if there are two or more Owners at any time, the liability of those persons is joint and several);
 - 18.1.6 "the Development Zone" means the whole of the land comprised, or previously comprised, in allotment 1001 in Deposited Plan DP71340;
 - 18.1.7 "the land" means the land subject to this instrument and includes any part of the land;
 - 18.1.8 "Design Guidelines" means the Design Guidelines for Seaford Meadows (including precincts within Seaford Meadows) published by the Encumbrancee, which may include provisions reflecting the desired characters of particular precincts and may be varied from time to time by the Encumbrancee;
 - 18.1.9 "Council" means the local government body for the area in which the land is situated;

18.1.10 the construction of a building on the land will not be deemed to have commenced until footings for the building have been completed in accordance with an approval given by the Encumbrancee under clause 1.1;

18.1.11 a reference to the completion of a building or similar expression used in this Encumbrance means the Stage where the building work is complete except for minor omissions and minor defects:-

- which do not prevent the building from being reasonably capable of being used for its intended purpose; and
- rectification of which will not prejudice the convenient use of the building; and
- all work on the external facade and other external surfaces of the building is complete and all defects and minor omissions have been rectified.

18.2 Nothing in this instrument prejudices:-

18.2.1 the entitlement of the Encumbrancee to all the powers, rights and remedies given to Encumbrancees under statute law or common law; or

18.2.2 the rights of the Encumbrancee (or of any other person) to an injunction or to damages in respect of a breach of any covenant by the Owner (or a previous Owner).

18.3 The burden of proving compliance with the covenants in this instrument lies on the Owner.
