

# WHY WE LOVE LIVING AT.....

No matter where you are in your journey as a family, our home has been designed with you in mind and is perfect for families at all stages of life; from a young family to a family with older children.

Our home offers an indulgent lifestyle opportunity within an extremely private and peaceful pocket. Positioned in a sought-after location, we are just a stroll to the beach, shops, restaurants and transport.

We're close by a number of fantastic options for walks and a particular favourite of ours is going for early morning strolls around the headlands and watching the sunrise.

We love the layout of the property with the bedrooms all in separate areas to one another and each fitted with built-ins. Four of the bedrooms also connect to outdoor spaces. The large master is complete with walk through robe, dressing room, and opulent ensuite, providing a perfect retreat.

Flawlessly designed across three impressive levels, it promises a high standard of contemporary comfort and effortless entertaining.

Our gourmet kitchen is a joy to cook in and has the added bonus of being easy to clean with stainless steel benchtops and premium inclusions.

With an extensive balcony complete with a spa and servery window to the kitchen, we have the facilities to either throw large, glamorous parties or just as easily hold intimate, elegant dinner parties.

We love having stunning views of the ocean from every room and the background sound of the waves breaking.

The balcony offers a prime position to sit back, have a glass of champagne and enjoy the surrounding scenery, whether that be whale and dolphin watching or the spectacular vantage point for electrical storms over the ocean.

We feel like we have own little climate in our happy abode. Being north facing, we are bathed in warm sun all year round. Our home also features ducted air conditioning and ceiling fans for extra comfort.

We hope you will love our home as much as we have!
