

Form 1 - Vendor's statement

(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

(being the vendor's last known address); or
- (c) transmitted by fax or email to the following fax number or email address:

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

being the agent's address for service under the *Land Agents Act 1994*

an address nominated by the agent to you for the purpose of service of the notice

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule - Division 1 - Particulars of mortgages charges and prescribed encumbrances affecting the land
(section 7(1)(b))

Note -

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
 - (i) is 1 of the following items in the table:
 - (A) under the heading 1. General -
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges -
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Prescribed notice to be given to purchaser

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services (CBS) recommends you check the website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (e.g. electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit www.cbs.sa.gov.au

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have, we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

Land and Business (Sale and Conveyancing) Act 1994 - section 24B

*Land and Business (Sale and Conveyancing) Regulations 2010 -
regulation 21*

Warning notice

Financial and investment advice

A land agent or sales representative who provides financial or investment advice to you in connection with the sale or purchase of land or a business is obliged to tell you the following;

You should assess the suitability of any purchase of the land or business in light of your own needs and circumstances by seeking independent financial and legal advice.

NOTE: For the purposes of section 24B of the Act, an agent or sales representative who provides financial or investment advice to a person in connection with the sale or purchase of land or a business must:

- a) in the case of oral advice - immediately before giving the advice, give the person warning of the matters set out in this Form orally, prefaced by the words "I am legally required to give you this warning"; or
- b) in the case of written advice - at the same time as giving the advice or as soon as reasonably practicable after giving the advice, give the person this Form, printed or typewritten in not smaller than 12-point type.

Notices

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

CONDITION (THAT CONTINUES TO APPLY) OF A DEVELOPMENT AUTHORISATION GRANTED UNDER THE DEVELOPMENT ACT 1993.

Application Number: 110/00027/04

Application Description: Two Storey Detached Dwelling On Portion Of Site Facing Cecelia Street

Decision Date: 02 Feb 2005

1. That the design and siting of all buildings and structures and site works shall be as shown on the amended plans marked "scheme 5" submitted to and approved by Council unless varied by any subsequent conditions imposed herein.
2. That the premises shall be maintained, kept tidy, free of graffiti and in good repair and condition to the reasonable satisfaction of Council at all times.
3. That the premises shall not be used, directly or indirectly, for the purpose now approved until all work has been completed in accordance with the plan approved and the conditions of consent have been complied with, except those conditions that continue to apply.
4. That upstairs windows on the side and rear elevations shall have minimum window sill heights of 1.7 metres above finished floor level, or any glass below 1.7 metres shall be manufactured obscure glass

(chosen from the list of glass types in the relevant Council policy or equivalent to one of those glass types), fixed shut other than by a wind out mechanism (to no greater than 200mm) and hinged at the top of the window panel, or as otherwise approved by Council. Further details of this requirement shall be provided at Building Rules Assessment stage.

5. That the applicants or other persons, for the time being, making use of the development now approved, shall cultivate, tend and nurture the trees, shrubs and lawns intended to be established upon the subject land, replacing from time to time, any trees, shrubs or lawns which shall die or become diseased with others of the same respective varieties or of such varieties as the Council shall approve in writing.
6. That any front fencing shall either be a low front fence, or if higher than 1.2 metres, a grill type fence be provided along the front property boundary other than for driveway. Where the subject land is located on a corner allotment, fencing shall not exceed one metre in height within six (6) metres of the intersection of two boundaries of land where those boundaries both face a road.
7. All new residential dwellings shall comply with Council's Policy on stormwater retention.
8. That the provision for vehicle crossovers and inverts, and reinstatements of existing crossovers not required by the development, be constructed at the owners expense.
9. Any change in levels along external site boundaries of 200mm or more shall be retained to suitable engineering standards and any fencing shall be erected on top of such retaining walls. Construction of all retaining walls shall be undertaken and completed prior to the commencement of construction of the dwelling(s) herein approved.
10. That construction shall take place between 7am and 7pm Monday to Saturday and not on Sundays or public holidays. All such work shall be undertaken in such a manner so as not to, in the reasonable opinion of Council, cause any nuisance or annoyance to any of the occupiers of buildings within the locality. Any work outside of these hours requires the written approval of Council.
11. That dust emissions from the site shall be controlled by a dust suppressant or by watering regularly to the reasonable satisfaction of Council.
12. That the builder shall at all times provide and maintain a waste receptacle to the reasonable satisfaction of Council on the site in which and at all times all builders waste shall be contained for the duration of the construction period and the receptacle shall be emptied as required.
13. That all hard building materials, waste and litter on site be stored in a manner that secures it on site during the construction works.
14. That no solid or liquid trade wastes be discharged to the stormwater system.
15. **PUBLIC SAFETY**

Precautions shall be taken to ensure the safety of the public during construction, and demolition where relevant. As a minimum requirement, the site shall be provided with suitable fencing to restrict access by the general public to the work area.

Roadways and footpaths adjacent to the site shall be kept clean and free of dirt and debris at all times, and any damage occurring to council roadways or footpaths as a result of the work shall be repaired to the satisfaction of council, at the applicant's expense.

Precautions shall be taken to prevent dust, noise or other nuisance from affecting nearby properties.

Building rubbish shall be suitably retained on the site and disposed of at regular intervals.

Note: Any asbestos must be removed by an accredited tradesperson and adequate precautions taken in accordance with relevant government guidelines.

16. NOTIFICATIONS OF CERTAIN STAGES OF WORK - DEVELOPMENT REGS PART 12

Decision Date: 02 Feb 2005

1. That the design and siting of all buildings and structures and site works shall be as shown on the amended plans marked "scheme 5" submitted to and approved by Council unless varied by any subsequent conditions imposed herein.
2. That the premises shall be maintained, kept tidy, free of graffiti and in good repair and condition to the reasonable satisfaction of Council at all times.
3. That the premises shall not be used, directly or indirectly, for the purpose now approved until all work has been completed in accordance with the plan approved and the conditions of consent have been complied with, except those conditions that continue to apply.
4. That upstairs windows on the side and rear elevations shall have minimum window sill heights of 1.7 metres above finished floor level, or any glass below 1.7 metres shall be manufactured obscure glass (chosen from the list of glass types in the relevant Council policy or equivalent to one of those glass types), fixed shut other than by a wind out mechanism (to no greater than 200mm) and hinged at the top of the window panel, or as otherwise approved by Council. Further details of this requirement shall be provided at Building Rules Assessment stage.
5. That the applicants or other persons, for the time being, making use of the development now approved, shall cultivate, tend and nurture the trees, shrubs and lawns intended to be established upon the subject land, replacing from time to time, any trees, shrubs or lawns which shall die or become diseased with others of the same respective varieties or of such varieties as the Council shall approve in writing.
6. That any front fencing shall either be a low front fence, or if higher than 1.2 metres, a grill type fence be provided along the front property boundary other than for driveway. Where the subject land is located on a corner allotment, fencing shall not exceed one metre in height within six (6) metres of the intersection of two boundaries of land where those boundaries both face a road.
7. All new residential dwellings shall comply with Council's Policy on stormwater retention.
8. That the provision for vehicle crossovers and inverts, and reinstatements of existing crossovers not required by the development, be constructed at the owners expense.
9. Any change in levels along external site boundaries of 200mm or more shall be retained to suitable engineering standards and any fencing shall be erected on top of such retaining walls. Construction of all retaining walls shall be undertaken and completed prior to the commencement of construction of the dwelling(s) herein approved.
10. That the development be constructed in accordance with the recommendations contained in the report by Tree Assessment Services dated May 04. 17. That construction shall take place between 7am and 7pm Monday to Saturday and not on Sundays or public holidays. All such work shall be undertaken in such a manner so as not to, in the reasonable opinion of Council, cause any nuisance or annoyance to any of the occupiers of buildings within the locality. Any work outside of these hours requires the written approval of Council.

11. That dust emissions from the site shall be controlled by a dust suppressant or by watering regularly to the reasonable satisfaction of Council.
12. That the builder shall at all times provide and maintain a waste receptacle to the reasonable satisfaction of Council on the site in which and at all times all builders waste shall be contained for the duration of the construction period and the receptacle shall be emptied as required.
13. That all hard building materials, waste and litter on site be stored in a manner that secures it on site during the construction works.
14. That no solid or liquid trade wastes be discharged to the stormwater system.
15. **NOTIFICATIONS OF CERTAIN STAGES OF WORK - DEVELOPMENT REGS PART 12**

Application Number: 110/01144/06

Application Description: Two storey detached dwelling with associated garage on western boundary

Decision Date: 09 Aug 2007

1. That the design and siting of all buildings and structures and site works shall be as shown on the plans submitted to and approved by Council unless varied by any subsequent conditions imposed herein.

2. That construction shall take place between 7am and 7pm Monday to Saturday and not on Sundays or public holidays. All such work shall be undertaken in such a manner so as not to, in the reasonable opinion of Council, cause any nuisance or annoyance to any of the occupiers of buildings within the locality. Any work outside of these hours requires the written approval of Council.

3. That the premises shall be maintained, kept tidy, free of graffiti and in good repair and condition to the reasonable satisfaction of Council at all times.

4. That the premises shall not be used, directly or indirectly, for the purpose now approved until all work has been completed in accordance with the plan approved and the conditions of consent have been complied with, except those conditions that continue to apply.

5. That a landscaping plan and schedule showing all planting proposals in detail, shall be submitted for the approval, in writing, of Council. A minimum of three semi-mature trees with a minimum height of 2.0 metres at the time of planting shall be established in the front yard area of the subject site.

6. That the applicants or other persons, for the time being, making use of the development now approved, shall cultivate, tend and nurture the trees or, shrubs or lawns intended to be established upon the subject land, replacing from time to time, any trees, shrubs or lawns which shall die or become diseased with others of the same respective varieties or of such varieties as the Council shall approve in writing. That the landscaping shall comprise semi mature trees and shrubs. The trees shall have a minimum height of 1500mm and the shrubs a minimum height and breadth of 300mm when planted. Any such vegetation shall be replaced if and when it dies or becomes seriously diseased.

7. That any front fencing shall either be a low front fence, or if higher than 1.2 metres, a grille type fence be provided along the front property boundary other than for driveway. Where the subject land is

located on a corner allotment, fencing shall not exceed one metre in height within six (6) metres of the intersection of two boundaries of land where those boundaries both face a road.

8. That landscaping as detailed in the application for development shall be planted prior to occupation and shall be maintained in good health and condition at all times. Any such vegetation shall be replaced if and when it dies or becomes seriously diseased. Any change in levels along external site boundaries of 200mm or more shall be retained to suitable engineering standards and any fencing shall be erected on top of such retaining walls. Construction of all retaining walls shall be undertaken and completed prior to the commencement of construction of the dwelling(s) herein approved.
9. That the provision for vehicle crossovers and inverts, and reinstatements of existing crossovers not required by the development, be constructed at the owner's expense.
10. That stormwater from each dwelling shall be collected and connected to a 1000 litre (minimum) rainwater tank with a sealed system over flow connection to the street water table. Final details of the location and size of the tank(s) shall be submitted to Council for approval prior to the issue of full Development Approval. Furthermore, all stormwater from the dwelling and the site shall be collected and disposed of in a manner that does not adversely affect any properties adjoining the site or the stability of any building on adjacent sites.

NOTE: Stormwater shall not be disposed of over a vehicle crossing place and any connection to the street water table, including remedial works to footpaths, verges or other Council infrastructure, is subject to any necessary approvals from Council and will be at the applicant's cost.

11. That dust emissions from the site shall be controlled by a dust suppressant or by watering (subject to any relevant water restrictions) regularly to the reasonable satisfaction of Council.
12. That the builder shall at all times provide and maintain a waste receptacle to the reasonable satisfaction of Council on the site in which and at all times all builder's waste shall be contained for the duration of the construction period and the receptacle shall be emptied as required.
13. That all hard building materials, waste and litter on site be stored in a manner that secures it on site during the construction works.
14. That no solid or liquid trade wastes be discharged to the stormwater system.
15. That upstairs windows on the south, east and west elevations shall have minimum window sill heights of 1.7 metres above finished floor level, or any glass below 1.7 metres shall be manufactured obscure glass (chosen from the list of glass types in the relevant Council policy or equivalent to one of those glass types), fixed shut other than by a wind out mechanism (to no greater than 200mm) and hinged at the top of the window panel, or as otherwise approved by Council. Further details of this requirement shall be provided at Building Rules Assessment stage. That privacy screens which prevents direct views into the adjoining dwelling to the immediate south and west shall be erected on the southern and western end of the first floor balcony located on the western side of the dwelling to a minimum height of 1.7 metres above finished floor level, to the reasonable satisfaction of the Council. Further details of the privacy screens shall be provided at the Building Rules Assessment stage.

Decision Date: 01 Feb 2008

1. **TIMBER FRAMING**

Timber framing members and their connections, bracing and tie downs shall be in accordance with the requirements of the National Timber Framing Code, AS 1684.2 1999.

Roof sheeting shall be installed in accordance with the manufacturer's recommendations.

2. **STORMWATER - PART 3.1.2**

The method of drainage of stormwater from the site shall be in accordance with this part and to the satisfaction of council.

Stormwater drainage system must be designed so that any overflow during heavy rain periods is prevented from flowing back into the building and must not enter adjoining properties.

Where stormwater is diverted to the street watertable, the portion of pipework between the property boundary and the kerb shall be in accordance with the manufacturer's specification and laid beneath the existing paving to the satisfaction of council. That the design and siting of all buildings and structures and site works shall be as shown on the plans submitted to and approved by Council unless varied by any subsequent conditions imposed herein.

3. That the structure herein approved be maintained, kept tidy, free of graffiti and in good repair and condition to the reasonable satisfaction of Council at all times.
4. That the structure herein approved shall not be enclosed without the prior consent of Council.
5. That the structure shall be finished in a colour to match the fascia and gutters of the existing building and the colour bonding or paintwork be maintained in good condition at all times.
6. That adequate provision be made for the disposal of stormwater to the reasonable satisfaction of Council. Where possible, stormwater should be retained on site by the use of natural drainage methods.
7. That construction shall take place between 7am and 7pm Monday to Saturday and not on Sundays or public holidays. All such work shall be undertaken in such a manner so as not to, in the reasonable opinion of Council, cause any nuisance or annoyance to any of the occupiers of buildings within the locality. Any work outside of these hours requires the written approval of Council.

Note: Building Indemnity insurance is not required for –

- (a) Domestic building work for which approval under the *Building Act 1971* or a development authorisation under the *Development Act 1993* was not required; or
- (b) Minor domestic building work (*see section 3 of the Building Work Contractors Act 1995*); or
- (c) Domestic building work commenced before 1 May, 1987; or
- (d) Building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* applies under the *Building Work Contractors Regulations 1996*; or
- (e) Building work in respect of which an exemption from the application of division 3 of Part 5 of the *Building Work Contractors Act 1995* has been granted by the Minister under section 45 of that Act.

Does the council hold details of any development approvals relating to –

- (a) **commercial or industrial activity at the land; or**
- (b) **A change in the use of the land or part of the land (within the meaning of the *Development Act 1993*)?**

No

Note:

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

CERTIFICATE OF LAND TAX PAYABLE

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.
