## **For your information:**

### **Section 187 certificate update request free of charge (One Update):**

Penalties and interest, property charges, payments or dishonoured payments can impact account balances daily.

To assist with financial adjustments as close as practicable to the date of settlement, your Section 187 certificate will now be valid for 90 days. Within this period we will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: The above 90 day extension is applicable only to Section 187 certificates. Section 7 certificates still remain valid for a 30 day period only.

### **BPAY biller code added to searches to enable electronic settlement of funds**

Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to us electronically. Please note that this is our preferred method payment and we request that you cease the use of cheques to affect settlement.

### **How to advise us of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office (LTO), we are advocating that the Purchaser's Conveyancer to advise the change of ownership by following the below:

If you are using e-conveyancing to affect a sale, please only issue advice to us if the mail service address is different to what was lodged via the transfer at the LTO. We update ownership details including the mailing address in accordance with the advice provided by the Valuer General. We have amended this change to align with SA Water practices and to provide an improved customer experience overall.

If lodging in person at the LTO – Please send the change of ownership advice to us via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au).

Electronic settlement of funds is still preferred.

## Overlays

### **Airport Building Heights (Regulated) (All structures over 30 metres)**

The Airport Building Heights (Regulated) Overlay seeks to ensure building height does not pose a hazard to the operation and safety requirements of commercial and military airfields.

### **Affordable Housing**

The Affordable Housing Overlay seeks to ensure the integration of a range of affordable dwelling types into residential and mixed use development.

### **Hazards (Flooding - Evidence Required)**

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

### **Native Vegetation**

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

### **Prescribed Wells Area**

The Prescribed Wells Area Overlay seeks to ensure sustainable water use in prescribed wells areas.

### **Regulated and Significant Tree**

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

### **Stormwater Management**

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

### **Urban Tree Canopy**

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is the land situated in a designated State Heritage Place/Area? NO

Is the land designated as a Local Heritage Place? NO

*Further information held by council*  
Does the council hold details of any development approvals relating to: NO  
(a) commercial or industrial activity at the land; or  
(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

## **General**

*Easement* YES  
Does a Council drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Easements over private land may show on a certificate of title and indicate that council or another authority have some form of infrastructure within them, such as stormwater drainage pipes or other services. Refer to [Encroachment over council easements](#) on our website for further information.

Are you aware of any encroachment on the Council easement? YES

## **Shed**

Important information to the owner about Council's rights when there is an approved or unapproved encroachment in, on or above a drainage easement:

Council requires free, unrestricted and unobstructed access to the drainage easement for construction, maintenance and operational purposes;

Council will endeavour to provide one months' notice for any planned work that requires access to the easement.

In an emergency Council will require immediate access to the easement;

Approved encroachments do not diminish Council's rights to the easement and may be removed (if required) at the owners cost;

Reinstatement of an approved encroachment at the owners cost may be approved or may require modification;

Unapproved encroachments or property improvements in, on or above the easement that do not meet relevant building and engineering standards may be removed at the owners cost and may not be approved to be reinstated.

If you have any further queries, please contact the Permit Officers on 8384 0666.

*Lease, agreement for lease, tenancy agreement or licence*

(The information does not include the information about sublease or subtenancy.

NO

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.)

*Caveat*

NO

## **Other**

*Charge for any kind affecting the land (not included in another item)*

NO

### ***PLEASE NOTE:***

*The information provided is as required by The Land and Business (Sale and Conveyancing) Act 1994. The information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.*

## Overlays

### **Airport Building Heights (Regulated) (All structures over 30 metres)**

The Airport Building Heights (Regulated) Overlay seeks to ensure building height does not pose a hazard to the operation and safety requirements of commercial and military airfields.

### **Affordable Housing**

The Affordable Housing Overlay seeks to ensure the integration of a range of affordable dwelling types into residential and mixed use development.

### **Hazards (Flooding - Evidence Required)**

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

### **Native Vegetation**

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

### **Prescribed Wells Area**

The Prescribed Wells Area Overlay seeks to ensure sustainable water use in prescribed wells areas.

### **Regulated and Significant Tree**

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

### **Stormwater Management**

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

### **Urban Tree Canopy**

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is the land situated in a designated State Heritage Place/Area? NO

Is the land designated as a Local Heritage Place? NO

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is there a tree or stand of trees declared in Part 10 of the Planning and Design Code to be a significant tree or trees on the land?

*Council does not have trees listed in Part 10 - Significant Trees of the Planning and Design Code. However, there may be regulated or significant tree(s) on the site as defined by the Planning and Code that would require approval for maintenance pruning or removal.*

Open the Online Planning and Design Code to browse the full Code and Part 10 - Significant Trees for more information. <https://code.plan.sa.gov.au/>

Is there a current amendment to the Planning and Design Code released for public consultation by a designated entity on which consultation is continuing or on which consultation has ended but whose proposed amendment has not yet come into operation?

*The Property Interest Report available through [Land Services SA](#) provides information necessary for Conveyancers to complete the Vendor's Statement.*

*Further information held by council*  
Does the council hold details of any development approvals relating to: NO  
(a) commercial or industrial activity at the land; or  
(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

## **General**

*Easement* YES  
Does a Council drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Easements over private land may show on a certificate of title and indicate that council or another authority have some form of infrastructure within them, such as stormwater drainage pipes or other services. Refer to [Encroachment over council easements](#) on our website for further information.

Are you aware of any encroachment on the Council easement? YES

## **Shed**

Important information to the owner about Council's rights when there is an approved or unapproved encroachment in, on or above a drainage easement:

Council requires free, unrestricted and unobstructed access to the drainage easement for construction, maintenance and operational purposes;

Council will endeavour to provide one months' notice for any planned work that requires access to the easement.

In an emergency Council will require immediate access to the easement;

Approved encroachments do not diminish Council's rights to the easement and may be removed (if required) at the owners cost;

Reinstatement of an approved encroachment at the owners cost may be approved or may require modification;

Unapproved encroachments or property improvements in, on or above the easement that do not meet relevant building and engineering standards may be removed at the owners cost and may not be approved to be reinstated.

If you have any further queries, please contact the Permit Officers on 8384 0666.

*Lease, agreement for lease, tenancy agreement or licence*

(The information does not include the information about sublease or subtenancy.

NO

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.)

*Caveat*

NO

## **Other**

*Charge for any kind affecting the land (not included in another item)*

## Notices

---

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment ( For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email [DEWwaterlicensing@sa.gov.au](mailto:DEWwaterlicensing@sa.gov.au).

**Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

**Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

7. The encumbrancer shall not upon the said land or in respect thereof:-
  - (a) erect or permit to be erected upon the said land any board sign or hoarding of any description whatsoever without the prior consent in writing of the Company;
  - (b) re-subdivide the land without the consent in writing of the Company;

.....contd.

## 7. contd.

- (c) use or permit the use of any dwelling house on the said land other than for use as a single unit for private residence.
- (d) allow to remain parked or left any motor vehicle boat or caravan forward of the building alignment of the dwelling house erected upon the said land. In this sub-clause "motor vehicle" shall include semi-trailer.
8. The encumbrancer shall as soon as reasonably practicable after the execution hereof construct or cause to be constructed upon the said land a driveway from the building line directed by the Company to the kerb side of the roadway or street which the said land abuts and such driveway shall be constructed of concrete or such other materials as the Company shall from time to time approve.
9. The encumbrancer shall as soon as reasonably practicable after the execution hereof and subject to the provisions of Clause 2 hereinabove construct or erect or cause to be constructed or erected sufficient dividing and other fences on and along the boundaries of the said land PROVIDED ALWAYS that such fence or fences as shall be constructed or erected pursuant to this clause shall be of a type and style and in accordance with the specifications more particularly set out in the First Schedule hereto.
10. Contemporaneously with the execution of this encumbrance or so soon thereafter as is reasonably practicable the encumbrancer shall enter into a contract in writing with ALAN HICKINBOTHAM PTY. LTD. 105 North Terrace College Park in the said State or with such other company as the said Alan Hickinbotham Pty. Ltd. shall nominate for the erection upon the said land of a dwelling house to be constructed in accordance and in compliance with the Building Act or any other relevant statute or any regulations made thereunder and respectively applicable for the time being in force and in the event of the encumbrancer failing to comply with the foregoing requirements of this clause within the space of fourteen (14) days after the date of the execution of this encumbrance or in the event of the encumbrancer (whether or not he shall have complied with the foregoing provisions of this clause) not having prior to the **30th** day of **July** 1980 commenced the erection on the said land of a dwelling house in accordance with the requirements of the Building Act and/or any other statute or regulation made thereunder respectively applicable thereto for the time being in force pursuant to a contract for the erection of such dwelling house made between the encumbrancer and Alan Hickinbotham Pty. Ltd. as builder the Company shall have the option to repurchase the said land from the encumbrancer and the said option shall contain the terms and conditions and be in the form set out in the Second Schedule hereto.

11. The encumbrancer shall pay all the costs legal and otherwise of and incidental to the preparation execution stamping and registration of the encumbrance.

AND IT IS HEREBY AGREED AND DECLARED between the Company and the encumbrancer that:-

- (a) The Company reserves the right to modify waive or release any covenants conditions restrictions or stipulations relating to the said land or adjoining or neighbouring land whether imposed or entered into before or at the same time as or after the date hereof and whether they are the same as the covenants conditions restrictions and stipulations hereinbefore set out or not and notwithstanding that such neighbouring or adjoining land forms part of the same subdivision including any covenants conditions restrictions and stipulations which may become binding on the Company by virtue of this Memorandum of Encumbrance or the contract note or other agreement pursuant to which this Memorandum of Encumbrance is executed including without limiting the generality of the foregoing the right to permit a mortgage or mortgages to be registered in priority to any Memorandum of Encumbrance over any such neighbouring or adjoining land.
- (b) The encumbrancer and the successive assigns of the encumbrancer shall be respectively released and discharged from the payment of the said rent charge and from the observance and performance of the covenants conditions restrictions and stipulations hereinbefore contained forthwith upon the encumbrancer and such respective successive assigns respectively ceasing to be registered as the proprietors of the said land to the intent that the said rent charge and covenants conditions restrictions and stipulations shall be binding on the registered proprietor or proprietors for the time being of the said land or any part thereof: and subject as aforesaid the said Company shall be entitled to all powers and remedies given to an encumbrance by the Real Property Act 1886-1971.
