## FORM 1 - Vendor's Statement

(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

### Contents

- Preliminary
- Part A – Parties and land
- Part B – Purchaser's cooling off rights and proceeding with the purchase
- Part C – Statement with respect to required particulars
- Part D – Certificate with respect to prescribed inquiries by registered agent
- Schedule

### Preliminary

#### To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired. If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

#### Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

*If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.*

*If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.*

\* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

#### 6 Description of the land:

[Identify the land including any certificate of title reference]

The land situated at 10A Ailsa Avenue, Warradale SA 5046 and being whole of the land in Certificate of Title  
Volume 6063 Folio 625 and being whole of Lot 1 on Primary Community Plan 26203 in the Area named  
Warradale in the Hundred of Noarlunga

**PART B – PURCHASER'S COOLING-OFF RIGHTS AND PROCEEDING WITH THE PURCHASE**

**To the purchaser:**

**Right to cool-off (section 5)**

**1 – Right to cool-off and restrictions on that right**

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS–

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

**2 – Time for service**

The cooling-off notice must be served–

- (a) if this form is served on you before the making of the contract– before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract– before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

**3 – Form of cooling-off notice**

The cooling-off notice must be in writing and must be signed by you.

**4 – Methods of service**

The cooling-off notice must be–

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

10a Ailsa Avenue, Warradale SA 5046

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

travis@magain.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

Shop 2, 515 Brighton Road, Brighton 5048

(being \*the agent's address for service under the *Land Agents Act 1994*/an address nominated by the agent to you for the purpose of service of the notice).

**Note–**

Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that –

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing; or
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

**5 – Effect of service**

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than–

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

**Proceeding with the purchase**

If you wish to proceed with the purchase—

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

**SCHEDULE – DIVISION 1**

**PARTICULARS OF MORTGAGES, CHARGES AND PRESCRIBED ENCUMBRANCES AFFECTING THE LAND**

(section 7(1)(b))

Note –

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless—

- (a) there is an attachment to this statement and –
  - (i) all the required particulars are contained in that attachment; and
  - (ii) the attachment is identified in column 2; and
  - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance –
  - (i) is 1 of the following items in the table:
    - (A) under the heading 1. General –
      - 1.1 Mortgage of land
      - 1.4 Lease, agreement for lease, tenancy agreement or licence

**SCHEDULE - DIVISION 3****COMMUNITY LOTS AND STRATA UNITS****Matters to be considered in purchasing a community lot or strata unit**

The property you are buying is on strata or community title. There are **special obligations and restrictions** that go with this kind of title. Make sure you understand these. If unsure, seek legal advice before signing a contract. For example:

**Governance**

You will automatically become a member of the **body corporate**, which includes all owners and has the job of maintaining the common property and enforcing the rules. Decisions, such as the amount you must pay in levies, will be made by vote of the body corporate. You will need to take part in meetings if you wish to have a say. If outvoted, you will have to live with decisions that you might not agree with.

If you are buying into a mixed use development (one that includes commercial as well as residential lots), owners of some types of lots may be in a position to outvote owners of other types of lots. Make sure you fully understand your voting rights, see later.

**Use of your property**

You, and anyone who visits or occupies your property, will be bound by rules in the form of **articles or by-laws**. These can restrict the use of the property, for example, they can deal with keeping pets, car parking, noise, rubbish disposal, short-term letting, upkeep of buildings and so on. Make sure that you have read the articles or by-laws before you decide whether this property will suit you.

Depending on the rules, you might not be permitted to make changes to the exterior of your unit, such as installing a television aerial or an air-conditioner, building a pergola, attaching external blinds etc without the permission of the body corporate. A meeting may be needed before permission can be granted. Permission may be refused. Note that the articles or by-laws **could change** between now and when you become the owner: the body corporate might vote to change them. Also, if you are buying before the community plan is registered, then any by-laws you have been shown are just a draft.

**Are you buying a debt?**

If there are unpaid contributions owing on this property, you can be made to pay them. You are entitled to **know the financial state of the body corporate** and you should make sure you see its records before deciding whether to buy. As a prospective owner, you can write to the body corporate requiring to see the records, including minutes of meetings, details of assets and liabilities, contributions payable, outstanding or planned expenses and insurance policies. There is a fee. To make a request, write to the secretary or management committee of the body corporate.

**Expenses**

The body corporate can **require you to maintain your property**, even if you do not agree, or can carry out maintenance and bill you for it.

The body corporate can **require you to contribute** to the cost of upkeep of the common property, even if you do not agree. Consider what future maintenance or repairs might be needed on the property in the long term.

**Guarantee**

As an owner, you are a **guarantor** of the liabilities of the body corporate. If it does not pay its debts, you can be called on to do so. Make sure you know what the liabilities are before you decide to buy. Ask the body corporate for copies of the financial records.

**Contracts**

The body corporate can make contracts. For example, it may engage a body corporate manager to do some or all of its work. It may contract with traders for maintenance work. It might engage a caretaker to look after the property. It might make any other kind of contract to buy services or products for the body corporate. Find out **what contracts the body corporate is committed to and the cost**.

The body corporate will have to raise funds from the owners to pay the money due under these contracts. As a guarantor, you could be liable if the body corporate owes money under a contract.

**Buying off the plan**

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

**Mixed use developments - voting rights**

You may be buying into a group that is run by several different community corporations. This is common in mixed use developments, for example, where a group of apartments is combined with a hotel or a group of shops. If there is more than 1 corporation, then you should not expect that all lot owners in the group will have equal voting rights. The corporations may be structured so that, even though there are more apartments than shops in the group, the shop owners can outvote the apartment owners on some matters. Make enquiries so that you understand how many corporations there are and what voting rights you will have.

## Buyers information notice

Prescribed notice to be given to purchaser

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services (CBS) recommends you check the website: [www.cbs.sa.gov.au](http://www.cbs.sa.gov.au).

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all issues are relevant to each heading.

### Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing** and **appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

## Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

## Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (e.g. electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit [www.cbs.sa.gov.au](http://www.cbs.sa.gov.au)

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have, we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

## Notices

---

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment ( For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email [DEWwaterlicensing@sa.gov.au](mailto:DEWwaterlicensing@sa.gov.au).

Does the council hold details of any development approvals relating to:

- a) commercial or industrial activity at the land; or
- b) a change in the use of the land or part of the land (within the meaning of the repealed Development Act 1993 or the Planning, Development and Infrastructure Act 2016)?

**No**

Description of the nature of the development(s) approved:

*Note—*

*The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.*

*A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.*

*It should be noted that—*

- *the approval of development by a council does not necessarily mean that the development has taken place;*
- *the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.*

The information herein is provided pursuant to the Council's obligations under Section 7 of the Land Business (Sales Conveyancing) Act 1994.

Only that information which is required to be provided has been given and that information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.

I, Harry Gunn, Administration Officer of the City of Marion certify that the information provided in these responses is correct.

## **DEVELOPMENT PLAN CONSENT**

GRANTED

### Reasons For Decision:

Consent is granted as the proposed development is considered to accord sufficiently with the provisions of the Development Plan.

The following conditions have been imposed to reasonably ensure that the development will not impair the orderly and proper planning of the locality or detrimentally affect the amenity of the locality, having particular regard to the Objectives and Principles of Development Control applicable to such a use in the locality.

### Conditions of Consent:

- (1) The development shall be constructed and maintained in accordance with the plans and details submitted with and forming part of Development Application No.100/2690/2009 (being the amended site plan received by Council on 21 January 2010 and the floor plans and elevations received by Council on 21 December 2009 that were prepared by Format Homes) except when varied by the following conditions of consent.
- (2) All areas nominated as landscaping or garden areas on the approved plans shall be planted and maintained with a suitable mix and density of native trees, shrubs and groundcovers prior to the occupation of the premises to the reasonable satisfaction of the Council.
- (3) All car parking areas, driveways and vehicle manoeuvring areas must be constructed, sealed and drained in accordance with recognised engineering practices prior to the occupation of the premises or the use of the development herein approved.

- (4) Where the driveway crosses the front boundary, the finished ground level shall be between 50mm and 150mm above the top of kerb.
- (5) All hard waste must be stored on-site in such a manner so as to prevent any materials entering the stormwater system either by wind or water action.
- (6) All buildings and paved areas shall be connected to a stormwater collection and disposal system that is connected to the street watertable or, where relevant, back of block drainage pipes.
- (7) Stormwater from the structure approved herein shall be collected and directed into a detention tank (or tanks) which are sized and installed in accordance with the specifications contained in Council's Information Sheet "Stormwater Detention" to the reasonable satisfaction of the Council (copies of relevant documents are attached).
- (8) All stormwater from buildings and paved areas shall be disposed of in accordance with the approved plans and details prior to the occupation of the premises to the reasonable satisfaction of the Council.
- (9) The stormwater collection and disposal system shall be connected to the street watertable (inclusive of any system that connects to the street watertable via detention or rainwater tanks) immediately following roof completion and gutter and downpipe installation.

## **BUILDING RULES CONSENT**

GRANTED

### Conditions of Consent:

Please refer to the attached copy of your Private Certifier's Building Rules Consent for Conditions of Consent (if applicable).

### **NOTES:**

#### General:

- (1) Noise from devices and/or activities on the subject site should not impair or impinge on the amenity of neighbours at any time. The Environment Protection Authority has restrictions relating to the control of noise in the urban environment. Further information is available by phoning the Environment Protection Authority on 8204 2000.

- (2) Dust emissions from the site during construction shall be controlled by a dust suppressant or by watering regularly to the reasonable satisfaction of the Council.
- (3) All runoff and stormwater from the subject site during the construction phase must be either contained on site or directed through a temporary sediment trap or silt fence, prior to discharge to the stormwater system, to the reasonable satisfaction of the Council. (Acceptable ways of controlling silt and runoff during construction can be found in the Stormwater Pollution Prevention Code of Practice issued by the Environment Protection Authority).
- (4) Measures to prevent silt and mud from vehicle tyres and machinery being transported onto the road shall be installed and maintained at all times during the construction phase of the development, to the reasonable satisfaction of the Council. (A suggested measure is to install a gravelled construction exit with wash down facilities).
- (5) Before commencing any site works, a temporary vehicular access to the property for machinery, delivery of building materials and general vehicles should be provided. In the case where no driveway invert exists, the kerb can be saw cut and removed at the intended location for the new driveway invert to provide the necessary temporary access. In addition, if a paved Council footpath exists, this should also be removed in alignment with the removed section of kerb. The applicant should also take note of other information provided regarding use of, damage to and construction on Council owned land.
- (6) In assessing your application it has been determined that it is likely that you will be undertaking work that may affect the stability of adjoining land. Section 60 of the Development Act 1993 and Regulation 75 of the Development Regulations 2008, prescribe that your neighbour has a right to be notified by you 28 days prior to you undertaking that work. This is to enable your neighbour to obtain a report for which you are obliged to pay, that specifies any work that is required to be undertaken to ensure the stability of your neighbour's property is maintained during and following the undertaking of the work you propose. You should make yourself aware of these requirements before proceeding.
- (7) Council requires at least one business days notice of the following stages of building work:-
  - a) prior to the placement of any concrete for footings or other structural purposes (Note - Where an engineer carries out an inspection, Council will also require a copy of the inspection certificate); and
  - b) at the completion of wall and roof frames prior to the fixing of any internal linings.
- (8) On completion of building work, the Development Act requires that a signed Statement of Compliance from the licensed builder be provided to the relevant authority declaring that the building work carried out is in accordance with the relevant approvals (pursuant to Regulation 83AB of the Development Regulations 1993).

Appeal Rights:

- (1) If you are not satisfied with this decision, there may be a right of appeal to you. Applicants have the right to appeal against a refusal or the imposition of any conditions or requirements on any consent issued, unless the application was for a non-complying kind of development. An appeal by an applicant must be lodged within two (2) months of receiving notice of the decision. Where Category Three public notification was involved, persons who lodged written representations during the formal consultation period, have the right to appeal against any decision made on that application. An appeal by a third party must be lodged within fifteen (15) business days of the date of the decision. All appeals are lodged with the Environment, Resources and Development Court, Sir Samuel Way Building, Victoria Square, Adelaide, telephone: 8204 0300.

Approval Timeframes:

- (1) The proposed development must:
- be substantially commenced within twelve months from the date full Development Approval is granted; and
  - be completed within three years of full Development Approval being granted noting that the operative date of any consent or approval, is subject to any appeal where applicable being finally determined.

ISSUED BY:	CITY OF MARION

### CONDITION(S)

1..The engineer shall inspect and certify that the footings have been founded on a suitable foundation for the proposed construction prior to the placement of reinforcement.

BCA-P2.1

#### Notes

The certified drawings/ documents will be issued by the Council with the notification of development approval.

The Certificate from Ginos Engineers Pty Ltd (Job Nos F2919, F2920 & F2921; SBS Job Nos.83923, 83924, & 83925; dated 4 February 2010) certifying that the "Steel Building Systems Australia" materials and form of construction will comply with the provisions of Building Code of Australia P2.1/Part 3. has been accepted and relied upon pursuant to Regulations 85 & 88.

The person proposing to undertake building work on land (or who is in charge of such work) is warned of their obligation to give the Council notice at stages prescribed in Regulation 74.

A person must not occupy a Class 1a building under the Building Code (or an addition to a Class 1a building) that has been completed in accordance with the development authorisation insofar as it relates to the performance of building work unless it complies with the requirements prescribed in Regulation 83A.

Regulation 83AB requires a *Statement of Compliance* for Class 1a buildings to be provided upon completion to the relevant authority by the licensed building work contractor who has carried out the relevant work, or who was in charge of carrying out the relevant work, to which the statement relates (or if there is no such licensed building work contractor- a registered building work supervisor or private certifier) all in accordance with the attached pro-forma, which must also be signed by the owner of the relevant land, or by someone acting on his or her behalf.

This consent is issued on the understanding that the proprietary type materials and products as specified either on the architectural plans or specification are to be selected and installed in accordance with the manufacturers recommendations and relevant standards

Set-off dimensions shall be from the allotment boundaries and not necessarily the fence lines.

No portion of the building or structure (including footings and drainage) shall extend over the property boundary **A boundary survey by a licensed land surveyor is recommended when building to the boundary**

A retaining wall less than 1000 mm high on the site boundary is pursuant to Schedule 3 deemed *not* to be *development* however under the provisions of Section 60 and Regulation 75 the associated excavation/ filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

The location, design and capacity of the stormwater discharge at the property alignment should be approved by council prior to siteworks commencing. The drainage system should be completed by the finish of construction of the building. (Clause 5.5.3 of AS 2870)

The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.

A sealed stormwater system will require inspection points at strategic locations to allow for ease of ongoing maintenance. The location and design of the points should be discussed with the design engineer to ensure maximum efficiency.

Any box gutter, rainhead and overflow shall be constructed in accordance with AS/NZS 3500.3.2 – Stormwater drainage. The hydraulic capacity of the overflow device shall be not less than the design flow of the associated gutter outlet.

The required rainwater tanks to be plumbed into the dwelling in accordance with AS3500 must be provided with an overflow device connected into the stormwater disposal system and mosquito proof, non-degradable screens on the inlet and overflow. Supporting structures must be a proprietary product and / or comply with relevant Australian Standards

AS3660.1- 'Termite Management - New Building Work', sets out methods for minimising the risk to new buildings from damage to their structural members by subterranean termites by deterring concealed entry by termites from the soil to the building. A termite barrier system constructed in accordance with this standard can not prevent termite attack, as barriers may be bridged or breached. Where termites bridge barriers the evidence may be detected during inspections which need to be carried out at intervals not exceeding 12 months to reduce the risk of termite damage.

A durable notice shall be permanently fixed to the building in a prominent location such as a meter box or the like indicating the method of protection; and the date of installation of the system; and where a chemical barrier is used, its life expectancy as listed on the National Registration Authority label; and the need to maintain and inspect the system on a regular basis. The owner may also wish to seek advice regarding the potential for attack by termites to non-primary structural elements of the building and the precautions available.

Building work adjacent to a property boundary is proposed and this may compromise the effectiveness of the termite barrier. Documentation on the limitations of the termite barrier installed in this regard should be provided to the building owner.

The footings have not been designed to take into account the effect of planted trees located within a distance less than their zone of influence from the building whether they are on or outside of the allotment. If clarification is required, refer to the footing construction report or seek advice from the engineer.

The owners attention should be drawn to Appendix B of AS 2870 'Performance Requirements and Foundation Maintenance'

Particular care should be exercised to ensure that the plumbing and perimeter paving is installed in accordance with the requirements of AS 2870 and engineers details.

The articulation or control joints in the masonry walls shall be installed in accordance with the Site Investigation and Footing Construction Report

All glazing shall be glazed in accordance with AS1288- 2006, including safety glass for full height windows, glazed doors, side panels and windows located over or adjacent to a bath/shower

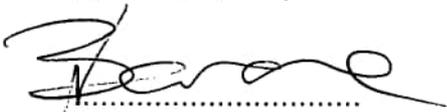

The hot water system/heated water service must be designed and installed in accordance with the Waterworks Act 1932, the Waterworks Regulations 1996 and Directions issued by SA Water Corp. This requires a solar water heater or heat pump water heater that achieves 22 Renewable Energy Certificates (in Zone 3) where more than 3 bedrooms, or 14 Renewable Energy Certificates (in Zone 3) where less than 3 bedrooms, or a gas water heater complying with AS4552 with an energy rating label of 2.5 stars or better

Flexible ductwork used for the transfer of products initiating from a heat source that contains a flame must comply with the fire hazard properties set out in AS4254.

Heating appliances shall be installed in accordance with Part 3.7.3 of the BCA.

This report does not imply compliance with the Electricity Act, 1996 as amended or the regulations thereunder (including Regulations prescribed for purposes of Section 86). It is the responsibility of the applicant, owner and the person erecting the building to ensure compliance with same.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

**OFFICIAL: Sensitive**

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

**COMMUNITY TITLES ACT 1996**

**BY-LAWS**

**10 AILSA AVENUE WARRADALE SA 5046**

**1. INTERPRETATION**

In these by-laws:

"Act" means the Community Titles Act 1996, or as it may be amended from time to time

"a lot" means land divided into a Community Lot or a Development Lot, under the Act

"community parcel" means the land divided by a plan of community division but does not include a street, road, thoroughfare, reserve or other similar open space vested in a council or prescribed authority or that has reverted to the Crown

"corporation" means the community corporation established when the plan of community division was deposited in the Lands Titles Office and entitled Community Corporation No. 26203 Incorporated

"council" means the municipal council or the district council within which the lot and community parcel is located

"motor vehicle" means a vehicle as defined under the Road Traffic Act 1961

"occupier" of a lot means a person who occupies the lot on a temporary or permanent basis (either solely or jointly with the other persons) and includes

- (a) a person who is unlawfully in occupation of a lot
- (b) an invitee of the owner or occupier
- (c) if the lot is unoccupied, the owner of the lot

"ordinary resolution" of a community corporation means a resolution passed at a properly convened meeting of the corporation by a simple majority of the votes of members present and voting on the resolution

"person" means an occupier, the owner, residents, invitees and any member of the public

Except where otherwise appears, words shall have the same meanings as are set out in the Act.

By-Laws

**2. ADMINISTRATION, MANAGEMENT AND CONTROL OF COMMON PROPERTY**

The corporation is responsible for the administration management and control of the common property.

**3. USE AND ENJOYMENT OF THE COMMON PROPERTY**

The common property is, subject to the Act and these by-laws, for the common use and enjoyment of residents in the community parcel and their visitors, for access to and egress from each lot and for the provision of services.

**4. USE AND ENJOYMENT OF COMMUNITY LOTS**

A person must only use a lot for residential purposes and for purposes which are normally incidental to the use of land for residential purposes and must not use a lot for any other purpose.

**5. OWNERS' OBLIGATIONS TO MAINTAIN AND REPAIR**

The owner of a lot must maintain and keep in good repair buildings and structural improvements on the lot including but not limited to paintwork and external finishes.

**6. OCCUPIERS' OBLIGATIONS TO MAINTAIN THE LOT**

The occupier of a lot must:

- 6.1 keep the lot in a clean and tidy condition and free from rodents, pests and vermin;
- 6.2 develop and properly maintain all landscaping on the lot;
- 6.3 store garbage in an appropriate container that prevents the escape of unpleasant odours, and attend to the expeditious disposal thereof in the manner designated by the corporation and in compliance with any disposal requirements of the council;
- 6.4 keep plumbing fixtures, all pipes, any water tank and the whole of the drainage system in a clean and sanitary condition free from obstruction;

- 6.5 not overload any electrical wirings and fittings or gas, sewer or water pipes and fittings.

## 7. OWNERS' AND OCCUPIER'S OBLIGATIONS

### 7.1 Disturbance

7.1.1 The occupier of a lot must not engage in conduct that unreasonably disturbs the occupier of another lot or others who are lawfully on a lot or the common property;

7.1.2 The occupier of a lot must ensure, as far as practicable, that persons who are brought or allowed onto the lot or the common property by the occupier do not engage in conduct that unreasonably disturbs the occupier of another lot or others who are lawfully on a lot or the common property.

### 7.2 Fire safety

The owner and any occupier of a lot shall at all times comply with any fire safety direction or evacuation procedures given by the corporation or the local Fire Service.

## 8. THE COMMON PROPERTY

A person must not, without the written authorization of the corporation:

- 8.1 damage or interfere with a building, structure, tree, lawn or garden on the common property;
- 8.2 deposit any rubbish or waste material on the common property;
- 8.3 deposit any object or material on the common property if it is likely to:
- 8.3.1 obstruct the movement of vehicular or pedestrian traffic;
  - 8.3.2 be hazardous or offensive to other persons using the common property;
  - 8.3.3 place or display any advertisement, sign, placard, banner or other item of this nature on any part of the common property;
- 8.4 obstruct the lawful use of the common property by any person, or interfere

with others in the enjoyment of their rights in relation to the common property, or obstruct or allow obstructions to the common property;

8.5 use the common property in a manner that unreasonably interferes with the use and enjoyment of the common property by other persons;

8.6 make or allow others to make undue noise in or about the common property;

8.7 use the common property for business or display.

#### 9. STATUTORY SERVICES

9.1 The service lines in respect of water, sewerage, storm-water, electricity, gas and telephone services to the community parcel shall be as detailed in the plan of community division (if any). The corporation shall be responsible for the maintenance, repair and replacement of those services within the common property.

9.2 The corporation shall not in any circumstances be liable to the owner or occupier of a lot for any loss or damage suffered by that person as the result of any malfunction, failure to function or interruption of or to the water, gas, electricity, telephone or other services to the lot or any blockage of any sewers, drains, gutters, downpipes or storm-water drains from any cause whatsoever.

#### 10. BUILDING WORK ON LOTS

A person must not, without the written permission of the corporation, carry out any prescribed work on, or in relation to, a lot.

In this by-law, "prescribed work" means:

10.1 the demolition or removal of a building on the lot;

10.2 the erection or placing of any building on the lot;

10.3 the alteration of the external appearance of any building on the lot (including, but without limiting the foregoing, a change in the colour of the external finishes of any building on the lot).

**11. INTERNAL FENCING**

The Fences Act 1975 (as amended) applies as between the owners of adjoining lots.

**12. PETS**

The owner or occupier of a lot may keep one pet, being a small dog or a cat, on the lot provided that:

12.1 where the owner or occupier of a lot or any other person who is on the common property with the consent (express or implied) of the owner or occupier of a lot brings or keeps a pet on the lot or any part of the common property, that owner, occupier or other person is:

12.1.1 liable to the owners or occupiers of the lots and all other persons lawfully on the common property for any noise which is disturbing to an extent which is unreasonable and for damage to or loss of property or injury to any person caused by the pet; and

12.1.2 responsible for cleaning up after the pet has used any part of another lot or any part of the common property.

12.2 if the pet is a small dog, the lot has been fenced so that the dog is contained within the boundaries of the lot.

12.3 nothing in this by-law shall prevent an owner or occupier of a lot or a visitor to the lot, who suffers from a disability, from keeping or bringing on to the lot a dog which is trained to assist in respect of that disability.

**13. TRAFFIC AND PARKING**

A person must:

13.1 not park, or allow persons to park, a motor vehicle in a parking space allocated for others or on a part of the common property on which parking is not authorised by the corporation;

13.2 not obstruct vehicular or pedestrian traffic on the common property unless authorised to do so by the corporation;

- 13.3 not drive a motor vehicle on the common property except on a road established for use by motor vehicles;
- 13.4 comply with rules and laws applicable under the Road Traffic Act 1961 or any substitute legislation when driving or parking a vehicle on common property including any roads or driveways on the common property.

**14. INSURANCE BY COMMUNITY CORPORATION**

- 14.1 The corporation shall effect such insurance as is required by Sections 103 and 104 of the Act, but, subject to the provisions of By-Law 11, shall not be responsible for insuring the buildings and other improvements on a lot.
- 14.2 The occupier of a lot must not, except with the written approval of the corporation, do anything that might:
  - 14.2.1 void or prejudice insurances effected by the corporation; or
  - 14.2.2 increase any insurance premium payable by the corporation.

**15. BUILDING INSURANCE**

- 15.1 The owner of each lot shall insure all buildings and other improvements on the lot in accordance with the owner's requirements and the corporation shall not have any responsibility in respect thereof.
- 15.2 The insurance effected by the owner must be against all risks that a normally prudent person would insure against; and
  - 15.2.1 must be for the full cost of replacing the building or improvements with new materials; and
  - 15.2.2 must cover incidental costs such as demolition, site clearance and architects' fees.
- 15.3 The owners of adjoining lots with a building or buildings or other improvements on them which have party walls must endeavour to use the same insurer for insurance against the risks referred to in this By-Law.
- 15.4 The owner of each lot must provide the corporation, as requested by the corporation from time to time, evidence of a current policy of insurance effected by the owner in terms of this by-law.

**16. PUBLIC LIABILITY INSURANCE**

The owner of each lot shall effect and keep current in respect of the lot a Public Risk Policy in a sum not less than the amount prescribed by law and must provide the corporation, as requested by the corporation from time to time, evidence of a current policy of insurance effected by the owner in the terms of this By-law.

**17. ASSIGNMENT OF INSURANCE RESPONSIBILITIES**

17.1 Notwithstanding the provisions of By-Laws 15 and 16, the function of acting as agent for the owners for the purposes of effecting insurance on the buildings and other improvements erected on the lots and for effecting Public Risk insurance may be assigned to the corporation under Section 75 (1) (e) of the Act by a special resolution of the corporation.

17.2 If the corporation decides to exercise the function or functions referred to in By-Laws 15 and 16, the corporation will insure the buildings and other improvements on all of the lots up to a limit determined by the corporation and will take out Public Risk insurance in respect of all of the lots up to a limit determined by the corporation.

17.3 If the owner of a lot requests the corporation to insure the buildings and other improvements on that lot for more than the limit determined under By-Law 17.2, and pays any additional premium, the corporation may effect insurance for the higher amount.

**18. EXEMPTION FROM COMPLIANCE WITH CERTAIN PROVISIONS OF THE ACT**

The corporation shall not be required:

- 18.1 to hold annual general meetings (except for the first general meeting);
- 18.2 to prepare accounting records of the corporation's receipts and expenditure and to prepare an annual statement of account;
- 18.3 to have the annual statement of accounts audited;
- 18.4 to establish administrative and sinking funds;
- 18.5 to maintain a register of the names and addresses of the owners of the lots.

**19. AUTHORISATION OF THE CORPORATION**

Where authorisation of the corporation is required under these by-laws, such authorisation shall be by way of ordinary resolution unless specified otherwise in the Act.

**20. CORPORATION'S RIGHT TO RECOVER MONEY**

- 20.1 The corporation may recover money owing to it under the by-laws as a debt.
- 20.2 An owner or occupier of a lot must pay to or reimburse the corporation on demand for the costs, charges and expenses of the corporation in connection with contemplated or actual enforcement or preservation of any rights under the by-laws in relation to the owner or occupier.
- 20.3 The costs, charges and expenses recoverable by the corporation shall include, without limitation, those expenses incurred in retaining any independent consultant or other person to evaluate any matter or concern and its administration costs in connection with those events.
- 20.4 The corporation may charge interest on any overdue monies owed by an owner or occupier of a lot to the corporation in accordance with Section 114 (4) (b) and Regulation 20 of the Act.

**21. EASEMENTS PURSUANT TO SECTION 24 OF THE ACT**

Without limiting the application of Section 24 of the Act to the community parcel, the following rights and easements exist between the lots themselves and between the lots and the common property:

Rights of access to and easements for the maintenance, repair and replacement of service infrastructure whether used in common by, or servicing in common, the lots, or only used by, and only servicing, an individual lot.

**22. OFFENCE**

A person who contravenes or fails to comply with a provision of these by-laws is guilty of an offence.

Maximum penalty: \$500.00
