(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

45 STUART ROAD DULWICH SA 5065

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

stephen.ong@sinova.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

68 Halifax Street Adelaide SA 5000

(being ~~*the agent's address for service under the *Land Agents Act 1994* / an address nominated by the agent to you for the purpose of service of the notice).~~

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2025 regulation 16

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the Consumer and Business Advice section on the following website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Associated Development Authorisation Information

A Development Application cannot be enacted unless the Development Authorisation for Development Approval has been granted.

Application ID: 24021022

Development Description: Two single storey detached dwellings with associated earthworks, retaining walls and fencing with a total combined height not exceeding 2.8 metres

Site Address: 23 MOORLANDS RD HECTORVILLE SA 5073

Development Authorisation: Planning Consent

Date of authorisation: 17 October 2024

Name of relevant authority that granted authorisation: Assessment Manager at City of Campbelltown

Condition 1

That except where minor amendments may be required by other relevant Acts, or by conditions imposed by this application, the development is to be established in strict accordance with the endorsed stamped details and plans submitted in Development Application number 24021022 and all works shall be completed to the reasonable satisfaction of Council prior to the occupation and/or use of the development.

Condition 2

The external finishes to the building or structure herein approved shall be in accordance with the materials as specified in the application and be of a non reflective finish.

Condition 3

All scarring or physical disturbances of the land surface during any excavation work shall be restricted to only that which is shown on the approved plan as required for building work and/or access purposes. All exposed faces around such scarred areas and spoil shall be screened with trees and shrubs and covered with suitable ground cover to the reasonable satisfaction of Council.

Condition 4

Tree(s) must be planted and/or retained in accordance with DTS/DPF 1.1 of the Urban Tree Canopy Overlay in the Planning and Design Code (as at the date of lodgement of the application). New trees must be planted within 12 months of occupation of the dwelling(s) and maintained.

Condition 5

Rainwater tank(s) must be installed in accordance with DTS/DPF 1.1 of the Stormwater Management Overlay in the Planning and Design Code (as at the date of lodgement of the application) within 12 months of occupation of the dwelling(s).

Condition 6

The control, retention, detention and/or disposal of all stormwater from the building(s), the subject of this application shall be in accordance with the Siteworks and Drainage Plan by Bentley Consulting Engineers with overflow directed to the street water table, unless otherwise approved by Council. Stormwater infrastructure and all stormwater connections internal and external to property boundaries shall be completed within two months of the first occupation of the dwelling and must be maintained in good working order at all times.

Condition 7

Any additional excavated material not required as fill for the site shall be removed immediately after excavation to prevent bogging and soil washing away.

Condition 8

Landscaping consisting of grasses, groundcovers, shrubs and small trees shall be provided within areas not comprising driveways, parking and manoeuvring areas, paths and perimeter pavement (in accordance with the approved Plan/s hereby approved). All planting and landscaping must be completed within 12 months following the occupation of the dwelling(s) and maintained.

Condition 9

External lighting and security lighting shall be directed in such a manner so as to not, in the opinion of Council, create unreasonable overspill onto any adjoining property or roadway which may create a nuisance to any neighbour or road user.

ADVISORY NOTES

Planning Consent

Advisory Note 1

Appeal rights – General rights of review and appeal exist in relation to any assessment, request, direction or act of a relevant authority in relation to the determination of this application, including conditions. Section 19 of the Planning, Development and Infrastructure Act 2016 provides for a right of appeal to the Environment, Resources and Development Court against the imposition of conditions attaching to the decision **within two months** after receipt of this notice.

Please note that any appeal has to be lodged with the Court and **not** the Council.

For assistance in lodging an appeal it is suggested that you contact the Court which is located in the Sir Samuel Way Building, Victoria Square, Adelaide (phone 8204 2444, email - erdcourt@courts.sa.gov.au).

Advisory Note 2

This consent or approval will lapse at the expiration of 24 months from its operative date, subject to the below.

Advisory Note 3

An approved development must be substantially commenced within 24 months of the date of Development Approval, and completed within 3 years from the operative date of the approval. Should work not be substantially commenced after 24 months, a new development application will be required to be lodged, unless this period has been extended by the relevant authority.

Advisory Note 4

No works, including site works can commence until a Development Approval has been granted.

Advisory Note 5

During construction of the development hereby approved, the following shall be observed:

- (a) Dust from any work undertaken on the site shall be reasonably controlled at all times by daily watering or other method deemed satisfactory by Council.
- (b) Noise generated at the site shall be kept to a minimum and in accordance with the policies adopted under the Environment Protection Act.
- (c) Vehicles owned by the employees of contractors and sub-contractors working on the development shall not be parked on the footpath and shall be parked within the site where possible.
- (d) Any dirt or debris from the site deposited onto existing roadways and watertable by the applicant's contractors or subcontractors shall be cleared immediately.
- (e) All earthworks shall be confined to and contained entirely within the property boundaries and must not encroach on or over adjoining properties or the roadside verge/reserve.
- (f) Any refuse on the site shall be controlled by the use of a refuse container of a size and type to the reasonable satisfaction of Council.
- (g) A fence or other barrier shall be erected on the subject land to ensure that all vehicular access to the site is restricted to the invert in the kerb and watertable.
- (h) Any damage to Council infrastructure, street furniture or trees as a direct result of the construction of the development hereby approved shall be immediately made good by the applicant in a manner to the reasonable satisfaction of Council.
- (I) Any stormwater runoff and wastewater or washdown water shall be managed in accordance with the Environment Protection Agency's Code of Practice for the Building and Construction Industry to the reasonable satisfaction of Council.
- (j) Care shall be taken to ensure that no trespass occurs with regard to adjoining properties without the prior consent of the relevant property owner.

Advisory Note 6

Allotment boundaries will not be certified by Council staff. The onus of ensuring that the building is sited in the approved position on the current allotment is the responsibility of the owner. This may necessitate a survey being carried out by a licensed land surveyor.

Advisory Note 7

The owner(s), applicant, builders and contractors should be aware that Council has standards in relation to the design of work involving or affecting Council infrastructure. These details can be found online at: <https://www.campbelltown.sa.gov.au/services/footpaths-and-driveways>

The following Standard Details should be adopted in relation to this project as a reference:

- Standard Detail 1 (SD1) - Barrier and Kerb Detail
- Standard Detail 4 (SD4) - Invert and Crossover Detail
- Standard Detail 8 (SD8) - Standard Stormwater Detail
- Standard Detail 10 (SD10) - Property Access Grades Detail
- Standard Detail 11 (SD11) - Private Underground Electrical Service Detail
- Standard Detail 12 (SD12) - Stormwater Retention and Detention Detail
- Standard Detail 13 (SD13) - Street Furniture and Service Distance Requirements

Work must also be conducted in accordance with relevant Australian Standards.

Prior to undertaking any works on Council land, please contact Council's Assets and Engineering Services on 8366 9219.

Please note that Council is entitled to pursue costs for rectification work that may be required on Council land as a result of works conducted that are unsatisfactory, in accordance with the provisions of the Local Government Act 1999.

Before any work is conducted on site or within road reserve, the location of underground service infrastructure should be identified by calling 1100 "Dial Before You Dig" or visiting <http://www.1100.com.au>

Advisory Note 8

Replacement boundary fencing and/or retaining walls which in the opinion of Council result from the development shall be erected at the applicant's expense but this condition does not negate the rights at common law of the owners of adjoining land in respect to any boundary fence. In accordance with the Fences Act 1975, appropriate consultation with the owners of adjoining land should be undertaken prior to the commencement of any construction.

Advisory Note 9

Excavations for footpath crossovers or any other work undertaken on the public road reserve must not be commenced until approval has been given by Council.

The driveway crossovers are to be constructed in accordance with Council Standards SD4 and SD10 with a maximum gradient of 2.5% over the council verge area. The crossover shall not exceed 4.2 metres in width. Any redundant crossovers shall be reinstated at the applicant's expense and in accordance with Council specifications prior to occupation of the dwellings herein approved.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

OFFICIAL: Sensitive

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.
