Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The home is aged and in fair to poor condition. When considering this and the lot size, the properties best use is likely redevelopment.
The agent is not aware of any recent genuine comparable sales within the relevant stipulations.
Lots of around 700m2-900m2 in the area have achieved a variety of sales prices around the $900k plus minus 10% but the quality of the dwellings have exceeded subject property.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
