 - (ii) give either vacant possession or receipt of rents and profits in accordance with the particulars of sale.
- 17.2 Settlement must be conducted between the hours of 10.00 am and 4.00 pm unless the parties agree otherwise.
- 17.3 The purchaser must pay all money other than the deposit in accordance with a written direction of the vendor or the vendor's legal practitioner or conveyancer.

18. ELECTRONIC SETTLEMENT

- 18.1 Settlement and lodgement of the instruments necessary to record the purchaser as registered proprietor of the land will be conducted electronically in accordance with the Electronic Conveyancing National Law. This general condition 18 has priority over any other provision of this contract to the extent of any inconsistency.
- 18.2 A party must immediately give written notice if that party reasonably believes that settlement and lodgement can no longer be conducted electronically. General condition 18 ceases to apply from when such a notice is given.
- 18.3 Each party must:
- (a) be, or engage a representative who is, a subscriber for the purposes of the Electronic Conveyancing National Law,
 - (b) ensure that all other persons for whom that party is responsible and who are associated with this transaction are, or engage, a subscriber for the purposes of the Electronic Conveyancing National Law, and
 - (c) conduct the transaction in accordance with the Electronic Conveyancing National Law.
- 18.4 The vendor must open the electronic workspace ("workspace") as soon as reasonably practicable and nominate a date and time for settlement. The inclusion of a specific date and time for settlement in a workspace is not of itself a promise to settle on that date or at that time. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.
- 18.5 This general condition 18.5 applies if there is more than one electronic lodgement network operator in respect of the transaction. In this general condition 18.5 "the transaction" means this sale and purchase and any associated transaction involving any of the same subscribers.
- To the extent that any interoperability rules governing the relationship between electronic lodgement network operators do not provide otherwise:
- (a) the electronic lodgement network operator to conduct all the financial and lodgement aspects of the transaction after the workspace locks must be one which is willing and able to conduct such aspects of the transaction in accordance with the instructions of all the subscribers in the workspaces of all the electronic lodgement network operators after the workspace locks;
 - (b) if two or more electronic lodgement network operators meet that description, one may be selected by purchaser's incoming mortgagee having the highest priority but if there is no mortgagee of the purchaser, the vendor must make the selection.
- 18.6 Settlement occurs when the workspace records that:

- (a) there has been an exchange of funds or value between the exchange settlement account or accounts in the Reserve Bank of Australia of the relevant financial institutions or their financial settlement agents in accordance with the instructions of the parties; or
 - (b) if there is no exchange of funds or value, the documents necessary to enable the purchaser to become registered proprietor of the land have been accepted for electronic lodgement.
- 18.7 The parties must do everything reasonably necessary to effect settlement:
- (a) electronically on the next business day, or
 - (b) at the option of either party, otherwise than electronically as soon as possible –
- if, after the locking of the workspace at the nominated settlement time, settlement in accordance with general condition 18.6 has not occurred by 4.00 pm, or 6.00 pm if the nominated time for settlement is after 4.00 pm.
- 18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment.
- 18.9 The vendor must before settlement:
- (a) deliver any keys, security devices and codes (“keys”) to the estate agent named in the contract,
 - (b) direct the estate agent to give the keys to the purchaser or the purchaser’s nominee on notification of settlement by the vendor, the vendor’s subscriber or the electronic lodgement network operator;
 - (c) deliver all other physical documents and items (other than the goods sold by the contract) to which the purchaser is entitled at settlement, and any keys if not delivered to the estate agent, to the vendor’s subscriber or, if there is no vendor’s subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor’s address set out in the contract, and
- give, or direct its subscriber to give, all those documents and items and any such keys to the purchaser or the purchaser’s nominee on notification by the electronic lodgement network operator of settlement.

19. GST

- 19.1 The purchaser does not have to pay the vendor any amount in respect of GST in addition to the price if the particulars of sale specify that the price includes GST (if any).
- 19.2 The purchaser must pay to the vendor any GST payable by the vendor in respect of a taxable supply made under this contract in addition to the price if:
- (a) the particulars of sale specify that GST (if any) must be paid in addition to the price; or
 - (b) GST is payable solely as a result of any action taken or intended to be taken by the purchaser after the day of sale, including a change of use; or
 - (c) the particulars of sale specify that the supply made under this contract is of land on which a ‘farming business’ is carried on and the supply (or part of it) does not satisfy the requirements of section 38-480 of the GST Act; or
 - (d) the particulars of sale specify that the supply made under this contract is of a going concern and the supply (or a part of it) does not satisfy the requirements of section 38-325 of the GST Act.
- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser.
- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a ‘farming business’ is carried on:
- (a) the vendor warrants that the property is land on which a farming business has been carried on for the period of 5 years preceding the date of supply; and
 - (b) the purchaser warrants that the purchaser intends that a farming business will be carried on after settlement on the property.
- 19.5 If the particulars of sale specify that the supply made under this contract is a ‘going concern’:
- (a) the parties agree that this contract is for the supply of a going concern; and
 - (b) the purchaser warrants that the purchaser is, or prior to settlement will be, registered for GST; and
 - (c) the vendor warrants that the vendor will carry on the going concern until the date of supply.
- 19.6 If the particulars of sale specify that the supply made under this contract is a ‘margin scheme’ supply, the parties agree that the margin scheme applies to this contract.
- 19.7 In this general condition:
- (a) ‘GST Act’ means *A New Tax System (Goods and Services Tax) Act 1999* (Cth); and
 - (b) ‘GST’ includes penalties and interest.

20. LOAN

- 20.1 If the particulars of sale specify that this contract is subject to a loan being approved, this contract is subject to the lender approving the loan on the security of the property by the approval date or any later date allowed by the vendor.
- 20.2 The purchaser may end the contract if the loan is not approved by the approval date, but only if the purchaser:
- (a) immediately applied for the loan; and
 - (b) did everything reasonably required to obtain approval of the loan; and
 - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and
 - (d) is not in default under any other condition of this contract when the notice is given.
- 20.3 All money must be immediately refunded to the purchaser if the contract is ended.

21. BUILDING REPORT

- 21.1 This general condition only applies if the applicable box in the particulars of sale is checked.
- 21.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser:
- (a) obtains a written report from a registered building practitioner or architect which discloses a current defect in a structure on the land and designates it as a major building defect;
 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 21.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 21.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 21.5 The registered building practitioner may inspect the property at any reasonable time for the purpose of preparing the report.

22. PEST REPORT

- 22.1 This general condition only applies if the applicable box in the particulars of sale is checked.
- 22.2 The purchaser may end this contract within 14 days from the day of sale if the purchaser:
- (a) obtains a written report from a pest control operator licensed under Victorian law which discloses a current pest infestation on the land and designates it as a major infestation affecting the structure of a building on the land;
 - (b) gives the vendor a copy of the report and a written notice ending this contract; and
 - (c) is not then in default.
- 22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 22.5 The pest control operator may inspect the property at any reasonable time for the purpose of preparing the report.

23. ADJUSTMENTS

- 23.1 All periodic outgoings payable by the vendor, and any rent and other income received in respect of the property must be apportioned between the parties on the settlement date and any adjustments paid and received as appropriate.
- 23.2 The periodic outgoings and rent and other income must be apportioned on the following basis:
- (a) the vendor is liable for the periodic outgoings and entitled to the rent and other income up to and including the day of settlement; and
 - (b) the land is treated as the only land of which the vendor is owner (as defined in the *Land Tax Act 2005*); and
 - (c) the vendor is taken to own the land as a resident Australian beneficial owner; and
 - (d) any personal statutory benefit available to each party is disregarded in calculating apportionment.
- 23.3 The purchaser must provide copies of all certificates and other information used to calculate the adjustments under general condition 23, if requested by the vendor.

24. FOREIGN RESIDENT CAPITAL GAINS WITHHOLDING

- 24.1 Words defined or used in Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* have the same meaning in this general condition unless the context requires otherwise.
- 24.2 Every vendor under this contract is a foreign resident for the purposes of this general condition unless the vendor gives the purchaser a clearance certificate issued by the Commissioner under section 14-220 (1) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*. The specified period in the clearance certificate must include the actual date of settlement.
- 24.3 The remaining provisions of this general condition 24 only apply if the purchaser is required to pay the Commissioner an amount in accordance with section 14-200(3) or section 14-235 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* ("the amount") because one or more of the vendors is a foreign resident, the property has or will have a market value not less than the amount set out in section 14-215 of the legislation just after the transaction, and the transaction is not excluded under section 14-215(1) of the legislation.
- 24.4 The amount is to be deducted from the vendor's entitlement to the contract consideration. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
- 24.5 The purchaser must:
- (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
 - (b) ensure that the representative does so.
- 24.6 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests and instructions that the representative must:
- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition if the sale of the property settles;
 - (b) promptly provide the vendor with proof of payment; and
 - (c) otherwise comply, or ensure compliance, with this general condition;
- despite:
- (d) any contrary instructions, other than from both the purchaser and the vendor; and
 - (e) any other provision in this contract to the contrary.
- 24.7 The representative is taken to have complied with the requirements of general condition 24.6 if:
- (a) the settlement is conducted through an electronic lodgement network; and
 - (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
- 24.8 Any clearance certificate or document evidencing variation of the amount in accordance with section 14-235(2) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* must be given to the purchaser at least 5 business days before the due date for settlement.
- 24.9 The vendor must provide the purchaser with such information as the purchaser requires to comply with the purchaser's obligation to pay the amount in accordance with section 14-200 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*. The information must be provided within 5 business days of request by the purchaser. The vendor warrants that the information the vendor provides is true and correct.
- 24.10 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of late payment of the amount.

25. GST WITHHOLDING

- 25.1 Words and expressions defined or used in Subdivision 14-E of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* or in *A New Tax System (Goods and Services Tax) Act 1999 (Cth)* have the same meaning in this general condition unless the context requires otherwise. Words and expressions first used in this general condition and shown in italics and marked with an asterisk are defined or described in at least one of those Acts.
- 25.2 The purchaser must notify the vendor in writing of the name of the recipient of the *supply for the purposes of section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* at least 21 days before the due date for settlement unless the recipient is the purchaser named in the contract.
- 25.3 The vendor must at least 14 days before the due date for settlement provide the purchaser and any person nominated by the purchaser under general condition 4 with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*, and must provide all information required by the purchaser or any person so nominated to confirm the accuracy of the notice.
- 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an *amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* because the property is *new residential premises or *potential residential land in either case falling

within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.

- 25.5 The amount is to be deducted from the vendor's entitlement to the contract *consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*. The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
- 25.6 The purchaser must:
- (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
 - (b) ensure that the representative does so.
- 25.7 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests relating to the payment of the amount to the Commissioner and instructions that the representative must:
- (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition on settlement of the sale of the property;
 - (b) promptly provide the vendor with evidence of payment, including any notification or other document provided by the purchaser to the Commissioner relating to payment; and
 - (c) otherwise comply, or ensure compliance, with this general condition;
- despite:
- (d) any contrary instructions, other than from both the purchaser and the vendor; and
 - (e) any other provision in this contract to the contrary.
- 25.8 The representative is taken to have complied with the requirements of general condition 25.7 if:
- (a) settlement is conducted through an electronic lodgement network; and
 - (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
- 25.9 The purchaser may at settlement give the vendor a bank cheque for the amount in accordance with section 16-30 (3) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*, but only if:
- (a) so agreed by the vendor in writing; and
 - (b) the settlement is not conducted through an electronic lodgement network.
- However, if the purchaser gives the bank cheque in accordance with this general condition 25.9, the vendor must:
- (c) immediately after settlement provide the bank cheque to the Commissioner to pay the amount in relation to the supply; and
 - (d) give the purchaser a receipt for the bank cheque which identifies the transaction and includes particulars of the bank cheque, at the same time the purchaser gives the vendor the bank cheque.
- 25.10 A party must provide the other party with such information as the other party requires to:
- (a) decide if an amount is required to be paid or the quantum of it, or
 - (b) comply with the purchaser's obligation to pay the amount,
- in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*. The information must be provided within 5 business days of a written request. The party providing the information warrants that it is true and correct.
- 25.11 The vendor warrants that:
- (a) at settlement, the property is not new residential premises or potential residential land in either case falling within the parameters of section 14-250 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* if the vendor gives the purchaser a written notice under section 14-255 to the effect that the purchaser will not be required to make a payment under section 14-250 in respect of the supply, or fails to give a written notice as required by and within the time specified in section 14-255; and
 - (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* is the correct amount required to be paid under section 14-250 of the legislation.
- 25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that:
- (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11; or

- (b) the purchaser has a reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250 (1) of Schedule 1 to the *Taxation Administration Act 1953 (Cth)*.

The vendor is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount if either exception applies.

Sale of Land Act 1962; and

- (b) the deposit and all other money payable under the contract (other than any money payable in excess of the amount required to so discharge the mortgage) must be paid to a legal practitioner or conveyancer or a licensed estate agent to be applied in or towards discharging the mortgage.

- 34.2 The default notice must:

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](http://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

GENERAL

In these conditions the terms,

- (a) 'You' and 'Your' refer to the owner of a property connected (or about to be connected) to Yarra Valley Water assets
- (b) 'We', 'Us' and 'Our' refer to Yarra Valley Water.

Section 145 of the Water Act 1989 details the legislative rights and responsibilities of both the applicant and Yarra Valley Water in relation to connection, alteration or removal and discharging to the works of Yarra Valley Water. These Conditions of Connection set out the terms and conditions to be satisfied for connecting a property to sewer, potable and recycled water.

These conditions are binding on successor-in-title of the person who applied for that consent, under section 145 of the Water Act 1989. If you are not the owner of the property, please provide a copy of this letter to the owner.

The Conditions of Connection must be handed to the Licensed Plumber. Any work which these Conditions of Connection require you to undertake must be done by a Licensed Plumber, engaged by you, at your cost. It is the Licensed Plumber's responsibility to ensure that the plumbing and drainage work is completed in accordance with the relevant plumbing regulations and to the satisfaction of the Plumbing Industry Commission.

Any sewer connection branch and the connecting works must be installed so that they comply, in all respects, with the:

- Plumbing Regulations 1998 (Vic);
 - Water Industry Regulations 2006 (Vic);
 - Building Act 1993 (Vic);
 - Relevant AS/NZS series of standards applicable to sewer connection branch and connecting works from time to time,
- and any other technical requirements which we reasonably specify.

If your property is subject to flooding you should contact Melbourne Water to confirm any actual recorded flood level and assess this information for any impact to the proposed development.

It is the responsibility of the person performing any excavation in a road reserve to obtain a Road Opening Permit from the relevant Authority before any excavation work commences. All traffic management requirements contained in the permit must be complied with.

WATER

General water supply(s) are to be installed as referenced in the table of approval details of this document as required services. The table includes water main and connection details. In a mandated recycled water area recycling connections also apply and are referenced in the same table.

For 20mm and 25mm services and all services where a manifold is to be installed, the service pipe, including a meter assembly with a temporary spacer pipe and any relevant backflow device must be installed by the plumber, prior to the time of the tapping or meter installation. Meters are installed by Yarra Valley Waters plumbing contractor. For 32mm and larger services, the meter will be delivered to you and must be installed on the property prior to the tapping. The service pipe must also be installed prior to the tapping. All manifolds are to be located below ground and must be left exposed for Yarra Valley Water's plumbing contractor to inspect prior to installation of the meters. Failure to comply will result in the tapping being cancelled. A rebooking fee will be applicable when rebooking the tapping.

All tapplings, pluggings and metering products must be arranged by contacting the easyACCESS outlet where the application was made.

Work is to be carried out in accordance with the Water Metering & Servicing Guidelines available on our website.

All meters are supplied by Yarra Valley Water after payment of the relevant fees.

If the tapping and/or plugging is required to be performed outside of business hours, either at your request or as determined by Yarra Valley Water's plumbing contractor, an additional after hours fee will apply.

Meters are not permitted to be installed inside units/dwellings. In all situations where the meter is deemed inaccessible, either by your advice, or as determined by Yarra Valley Water plumbing contractor, remote read meters must be fitted at your cost. Remote read meters must be installed in the following circumstances: high rise developments; any water meter which is located where Yarra Valley Water will have to enter a building to read the meter; where access to the meter will be restricted by gates/fences. If you are aware that remote read meters will be required, please inform the easyACCESS staff at the time of booking.

For all tapplings and/or pluggings, it is the responsibility of the person performing the excavation to obtain a Road Opening Permit from the local municipal authority before any excavation work commences. All traffic management requirements contained in the Road Opening permit must be complied with. The excavation must expose the main at the tapping/plugging point and be made safe prior to the tapping / plugging appointment time. If you choose to have Yarra Valley Water's plumbing contractor carry out the excavation, Yarra Valley Water will organize the necessary permit. Failure to comply with any of these requirements will result in the booking being cancelled and a rebooking fee will apply.

Yarra Valley Water's plumbing contractor can be contacted on 1300 724 858.

The dry tapping will be completed within 4 working days of your booking. Please note that if the location of the dry tapping is not suitable, a plug and retap will be required and a fee will apply. Should you wish to reschedule the booking, Yarra Valley Water's plumbing contractor can be contacted on 1300 724 858. If you wish to cancel the booking you will need to return to the easyACCESS store where the booking was made (if applicable) to seek a refund. A cancellation fee may apply.

METER ASSEMBLIES & POSITIONING

It is the responsibility of the private plumber to ensure that containment, zone and individual backflow

prevention is provided.

Water meter assemblies:

- a) Must be within 2 metres of the title boundary that abuts the water main
- b) Must be fitted at right angles to the water main, in line with the tapping
- c) Must be fully supported with minimum ground clearance of 150mm and should not be >300mm from the finished ground level to the base of the assembly
- d) Must not be encased in concrete surrounds
- e) Must be readily accessible for reading, maintenance and replacement. If Yarra Valley Water deem meters to be inaccessible, remote meters may be required at additional cost to the customer
- f) Can be installed in utility rooms or meter cabinets located within a common access area and must be readily accessible, subject to Yarra Valley Water's approval

If meters need to be moved >600mm a plugging and re-tapping must be booked and the relevant fee paid.

Meters which are in a public space such as a reserve or school must be protected by an appropriate cage to prevent tampering.

Meters are not permitted to be installed in pits unless prior approval has been given by Yarra Valley Water.

Meter assemblies must adhere to the meter installation diagrams available on the Yarra Valley Water website (www.yvw.com.au) to ensure the installations meet the required standard.

REMOVAL OF WATER METERS

Only Yarra Valley Water's plumbing contractor is permitted to remove water meters.

If redevelopment of the site is occurring and the meter is no longer required, a plugging of the service must be arranged and the meter will be collected by our contractor at the time of the plugging.

DAMAGED OR STOLEN METERS

If the builder/plumber damage a meter or meter assembly, it is the responsibility of the builder/plumber to rectify these assets back to the same condition as at time of installation by Yarra Valley Water. This will be done by arranging a new booking at your cost.

- Failure to do so will result in Yarra Valley Water making the necessary amendments and recovering these costs from the property owner
- Repeat offences may result in the services being plugged and re-booking fees will apply to have the services reinstated

Stolen meters are to be reported to Yarra Valley Water faults and emergencies: Call **13 2762** (24 hrs).

Replacement of stolen meters can take up to 10 days. If replacement is required more urgently, please advise the operator at the time of the call.

SEWER

Following the completion of new or altered property sewerage drain, a copy of the updated Property Sewerage Plan must be returned within 7 days to Yarra Valley Water. The plan can be uploaded for you at one of the easyACCESS outlets, emailed to easyACCESS@yvw.com.au or faxed to 9872 1413.

Any unused sewer connection branches at the site must be cut and sealed.

AMENDMENTS

We may amend these conditions by writing to you. We may do so if we consider that any change, or proposed change, to relevant laws or our regulatory obligations require an amendment to be made.

We may also amend these conditions from time to time if we consider that it is necessary to:

- ensure that we are able to continue to comply with any law relating to health, safety or the environment, or our agreement with our bulk supplier of sewage transfer and treatment services; or
- the health or safety of anyone; or
- any part of the environment; or
- any of our works.

INDEMNITY

You must indemnify Yarra Valley Water against:

- all damages, losses, penalties, costs and expenses whatsoever, which we suffer or incur; and
- all proceedings, prosecutions or demands brought or made against us by anyone, as a result of you failing to perform any of our obligations under these conditions, except to the extent that the failure has been caused by our negligence.

You must not bring any proceeding or make any demand against us for any damage, loss, cost or expense of any kind whatsoever which you incur, directly or indirectly, as a result of Yarra Valley Water amending these conditions.

You must pay us any costs we reasonably incur in:

- making good any damage to our assets or works directly or indirectly caused by your failure to comply with these conditions; and
