Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired. If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

2 – Time for service

The cooling-off notice must be served–

- (a) if this form is served on you before the making of the contract– before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract– before the end of the second clear business day from the day on which this form is served.

- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 – Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than–

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase—

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and

- (4) For a brief description of some of the matters that need to be considered before purchasing a strata unit, see Division 3 of this Schedule.

**SCHEDULE - DIVISION 3****COMMUNITY LOTS AND STRATA UNITS****Matters to be considered in purchasing a community lot or strata unit**

The property you are buying is on strata or community title. There are **special obligations and restrictions** that go with this kind of title. Make sure you understand these. If unsure, seek legal advice before signing a contract. For example:

Governance

You will automatically become a member of the **body corporate**, which includes all owners and has the job of maintaining the common property and enforcing the rules. Decisions, such as the amount you must pay in levies, will be made by vote of the body corporate. You will need to take part in meetings if you wish to have a say. If outvoted, you will have to live with decisions that you might not agree with.

If you are buying into a mixed use development (one that includes commercial as well as residential lots), owners of some types of lots may be in a position to outvote owners of other types of lots. Make sure you fully understand your voting rights, see later.

Use of your property

You, and anyone who visits or occupies your property, will be bound by rules in the form of **articles or by-laws**. These can restrict the use of the property, for example, they can deal with keeping pets, car parking, noise, rubbish disposal, short-term letting, upkeep of buildings and so on. Make sure that you have read the articles or by-laws before you decide whether this property will suit you.

Depending on the rules, you might not be permitted to make changes to the exterior of your unit, such as installing a television aerial or an air-conditioner, building a pergola, attaching external blinds etc without the permission of the body corporate. A meeting may be needed before permission can be granted. Permission may be refused. Note that the articles or by-laws **could change** between now and when you become the owner: the body corporate might vote to change them. Also, if you are buying before the community plan is registered, then any by-laws you have been shown are just a draft.

Are you buying a debt?

If there are unpaid contributions owing on this property, you can be made to pay them. You are entitled to **know the financial state of the body corporate** and you should make sure you see its records before deciding whether to buy. As a prospective owner, you can write to the body corporate requiring to see the records, including minutes of meetings, details of assets and liabilities, contributions payable, outstanding or planned expenses and insurance policies. There is a fee. To make a request, write to the secretary or management committee of the body corporate.

Expenses

The body corporate can **require you to maintain your property**, even if you do not agree, or can carry out maintenance and bill you for it.

The body corporate can **require you to contribute** to the cost of upkeep of the common property, even if you do not agree. Consider what future maintenance or repairs might be needed on the property in the long term.

Guarantee

As an owner, you are a **guarantor** of the liabilities of the body corporate. If it does not pay its debts, you can be called on to do so. Make sure you know what the liabilities are before you decide to buy. Ask the body corporate for copies of the financial records.

Contracts

The body corporate can make contracts. For example, it may engage a body corporate manager to do some or all of its work. It may contract with traders for maintenance work. It might engage a caretaker to look after the property. It might make any other kind of contract to buy services or products for the body corporate. Find out **what contracts the body corporate is committed to and the cost**.

The body corporate will have to raise funds from the owners to pay the money due under these contracts. As a guarantor, you could be liable if the body corporate owes money under a contract.

Buying off the plan

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

Mixed use developments - voting rights

You may be buying into a group that is run by several different community corporations. This is common in mixed use developments, for example, where a group of apartments is combined with a hotel or a group of shops. If there is more than one corporation, then you should not expect that all lot owners in the group will have equal voting rights. The corporations may be structured so that, even though there are more apartments than shops in the group, the shop owners can outvote the apartment owners on some matters. Make enquiries so that you understand how many corporations there are and what voting rights you will have.

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommend that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?

- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

BRIGHTON SA 5048

Attention Conveyancers

○ **Section 187 certificate update request free of charge (One Update):**

- Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: Section 7 certificates remain valid for a 30 day period only.

○ **BPAY biller code added to searches to enable electronic settlement of funds**

- Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method payment and we request that you cease the use of cheques to affect settlement.

○ **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

- If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
- If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via mail@onkaparinga.sa.gov.au. Electronic settlement of funds is still preferred.

Yours sincerely

Does the council hold details of any development approvals relating to: NO

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

For your information:

Section 187 certificate update request free of charge (One Update):

Penalties and interest, property charges, payments or dishonoured payments can impact account balances daily.

To assist with financial adjustments as close as practicable to the date of settlement, your Section 187 certificate will now be valid for 90 days. Within this period we will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: The above 90 day extension is applicable only to Section 187 certificates. Section 7 certificates still remain valid for a 30 day period only.

BPAY biller code added to searches to enable electronic settlement of funds

Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to us electronically. Please note that this is our preferred method payment and we request that you cease the use of cheques to affect settlement.

How to advise us of change of ownership?

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office (LTO), we are advocating that the Purchaser's Conveyancer to advise the change of ownership by following the below:

If you are using e-conveyancing to affect a sale, please only issue advice to us if the mail service address is different to what was lodged via the transfer at the LTO. We update ownership details including the mailing address in accordance with the advice provided by the Valuer General. We have amended this change to align with SA Water practices and to provide an improved customer experience overall.

If lodging in person at the LTO – Please send the change of ownership advice to us via mail@onkaparinga.sa.gov.au.

Electronic settlement of funds is still preferred.

When applying for this Policy

You must take reasonable care not to make a misrepresentation to Us. This responsibility applies until We issue You with a Policy for the first time or agree to renew, extend, vary/change, or reinstate Your Policy.

You must answer Our questions honestly, accurately and to the best of Your knowledge. A misrepresentation includes a statement that is false, partially false, or which does not fairly reflect the truth. It is not misrepresentation if You do not answer a question or if Your answer is obviously incomplete or irrelevant to the question asked.

The responsibility to take reasonable care not to make a misrepresentation applies to everyone who will be insured under the Policy. If You are answering questions on behalf of anyone, We will treat Your answers or representations as theirs.

Whether or not You have taken reasonable care not to make a misrepresentation is to be determined having regard to all relevant circumstances, including the type of insurance, who it is intended to be sold to, whether You are represented by a broker, Your particular characteristics and circumstances We are aware of.

If You do not meet the above duty, We may reject or not fully pay Your claim and/or cancel Your Policy. If the misrepresentation was deliberate or reckless, this is an act of fraud, and We may treat Your Policy as if it never existed.

When You renew Your Policy

You must take reasonable care not to make a misrepresentation to Us. This responsibility applies until We renew Your Policy so if anything changes prior to Your Policy's renewal date You need to tell Us.

You must answer any of Our additional questions honestly, accurately and to the best of Your knowledge. Also, You must review Your responses to previous questions, replayed in the Renewal Invitation document, and advise Us immediately if any information is inaccurate or has changed. You have the same duty before You renew, extend, vary or reinstate an insurance contract.

You do not need to tell Us anything that:

- reduces the risk We insure You for; or
- is common knowledge; or
- We know or should know as an insurer; or
- We waive Your duty to tell Us about.

If You do not tell Us something
