- 11.10 In addition to ensuring that a release is received under general condition 11.4(a), the vendor must ensure that at or before settlement the purchaser receives a written undertaking from a secured party to register a financing change statement to reflect that release if the property being released includes goods of a kind that are described by serial number in the Personal Property Securities Register.

- 18.4 The vendor must open the electronic workspace ("workspace") as soon as reasonably practicable and nominate a date and time for settlement. The workspace is an electronic address for the service of notices and for written communications for the purposes of any electronic transactions legislation.
- 18.5 This general condition 18.5 applies if there is more than one electronic lodgement network operator in respect of the transaction. In this general condition 18.5 "the transaction" means this sale and purchase and any associated transaction involving any of the same subscribers.

- 18.7 The parties must do everything reasonably necessary to effect settlement:
- (a) electronically on the next business day, or
  - (b) at the option of either party, otherwise than electronically as soon as possible –

- 18.8 Each party must do everything reasonably necessary to assist the other party to trace and identify the recipient of any missing or mistaken payment and to recover the missing or mistaken payment.
- 18.9 The vendor must before settlement:
- (a) deliver any keys, security devices and codes ("keys") to the estate agent named in the contract,
  - (b) direct the estate agent to give the keys to the purchaser or the purchaser's nominee on notification of settlement by the vendor, the vendor's subscriber or the electronic lodgement network operator;

- (c) deliver all other physical documents and items (other than the goods sold by the contract) to which the purchaser is entitled at settlement, and any keys if not delivered to the estate agent, to the vendor's subscriber or, if there is no vendor's subscriber, confirm in writing to the purchaser that the vendor holds those documents, items and keys at the vendor's address set out in the contract, and

  - (c) the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on and the supply (or part of it) does not satisfy the requirements of section 38-480 of the GST Act; or
  - (d) the particulars of sale specify that the supply made under this contract is of a going concern and the supply (or a part of it) does not satisfy the requirements of section 38-325 of the GST Act.
- 19.3 The purchaser is not obliged to pay any GST under this contract until a tax invoice has been given to the purchaser, unless the margin scheme applies.
- 19.4 If the particulars of sale specify that the supply made under this contract is of land on which a 'farming business' is carried on:

- 19.7 In this general condition:
  - (a) 'GST Act' means *A New Tax System (Goods and Services Tax) Act 1999 (Cth)*; and
  - (b) 'GST' includes penalties and interest.

  - (a) immediately applied for the loan; and
  - (b) did everything reasonably required to obtain approval of the loan; and
  - (c) serves written notice ending the contract, together with written evidence of rejection or non-approval of the loan, on the vendor within 2 clear business days after the approval date or any later date allowed by the vendor; and

  - (b) gives the vendor a copy of the report and a written notice ending this contract; and
  - (c) is not then in default.
- 22.3 All money paid must be immediately refunded to the purchaser if the contract ends in accordance with this general condition.
- 22.4 A notice under this general condition may be served on the vendor's legal practitioner, conveyancer or estate agent even if the estate agent's authority has formally expired at the time of service.
- 22.5 The pest control operator may inspect the property at any reasonable time for the purpose of preparing the report.

  - (e) any other provision in this contract to the contrary.
- 24.7 The representative is taken to have complied with the requirements of general condition 24.6 if:
- (a) the settlement is conducted through an electronic lodgement network; and

- (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
- 24.8 Any clearance certificate or document evidencing variation of the amount in accordance with section 14-235(2) of Schedule 1 to the *Taxation Administration Act 1953* (Cth) must be given to the purchaser at least 5 business days before the due date for settlement.
- 24.9 The vendor must provide the purchaser with such information as the purchaser requires to comply with the purchaser's obligation to pay the amount in accordance with section 14-200 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The information must be provided within 5 business days of request by the purchaser. The vendor warrants that the information the vendor provides is true and correct.

## 25. GST WITHHOLDING

- 25.1 Words and expressions defined or used in Subdivision 14-E of Schedule 1 to the *Taxation Administration Act 1953* (Cth) or in *A New Tax System (Goods and Services Tax) Act 1999* (Cth) have the same meaning in this general condition unless the context requires otherwise. Words and expressions first used in this general condition and shown in italics and marked with an asterisk are defined or described in at least one of those Acts.
- 25.2 The purchaser must notify the vendor in writing of the name of the recipient of the \*supply for the purposes of section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) at least 21 days before the due date for settlement unless the recipient is the purchaser named in the contract.
- 25.3 The vendor must at least 14 days before the due date for settlement provide the purchaser and any person nominated by the purchaser under general condition 4 with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth), and must provide all information required by the purchaser or any person so nominated to confirm the accuracy of the notice.
- 25.4 The remaining provisions of this general condition 25 apply if the purchaser is or may be required to pay the Commissioner an \*amount in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) because the property is \*new residential premises or \*potential residential land in either case falling within the parameters of that section, and also if the sale attracts the operation of section 14-255 of the legislation. Nothing in this general condition 25 is to be taken as relieving the vendor from compliance with section 14-255.
- 25.5 The amount is to be deducted from the vendor's entitlement to the contract \*consideration and is then taken to be paid to the vendor, whether or not the vendor provides the purchaser with a GST withholding notice in accordance with section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The vendor must pay to the purchaser at settlement such part of the amount as is represented by non-monetary consideration.
- 25.6 The purchaser must:
  - (a) engage a legal practitioner or conveyancer ("representative") to conduct all the legal aspects of settlement, including the performance of the purchaser's obligations under the legislation and this general condition; and
  - (b) ensure that the representative does so.
- 25.7 The terms of the representative's engagement are taken to include instructions to have regard to the vendor's interests relating to the payment of the amount to the Commissioner and instructions that the representative must:
  - (a) pay, or ensure payment of, the amount to the Commissioner in the manner required by the Commissioner and as soon as reasonably and practicably possible, from moneys under the control or direction of the representative in accordance with this general condition on settlement of the sale of the property;
  - (b) promptly provide the vendor with evidence of payment, including any notification or other document provided by the purchaser to the Commissioner relating to payment; and
  - (c) otherwise comply, or ensure compliance, with this general condition;
 despite:
  - (d) any contrary instructions, other than from both the purchaser and the vendor; and
  - (e) any other provision in this contract to the contrary.
- 25.8 The representative is taken to have complied with the requirements of general condition 25.7 if:
  - (a) settlement is conducted through an electronic lodgement network; and
  - (b) the amount is included in the settlement statement requiring payment to the Commissioner in respect of this transaction.
- 25.9 The purchaser may at settlement give the vendor a bank cheque for the amount in accordance with section 16-30 (3) of Schedule 1 to the *Taxation Administration Act 1953* (Cth), but only if:
  - (a) so agreed by the vendor in writing; and
  - (b) the settlement is not conducted through an electronic lodgement network.
 However, if the purchaser gives the bank cheque in accordance with this general condition 25.9, the vendor must:
  - (c) immediately after settlement provide the bank cheque to the Commissioner to pay the amount in relation to the supply; and

- (d) give the purchaser a receipt for the bank cheque which identifies the transaction and includes particulars of the bank cheque, at the same time the purchaser gives the vendor the bank cheque.
- 25.10 A party must provide the other party with such information as the other party requires to:
- (a) decide if an amount is required to be paid or the quantum of it, or
- (b) comply with the purchaser's obligation to pay the amount,
- in accordance with section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth). The information must be provided within 5 business days of a written request. The party providing the information warrants that it is true and correct.
- 25.11 The vendor warrants that:
- (a) at settlement, the property is not new residential premises or potential residential land in either case falling within the parameters of section 14-250 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) if the vendor gives the purchaser a written notice under section 14-255 to the effect that the purchaser will not be required to make a payment under section 14-250 in respect of the supply, or fails to give a written notice as required by and within the time specified in section 14-255; and
- (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953* (Cth) is the correct amount required to be paid under section 14-250 of the legislation.
- 25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that:
- (a) the penalties or interest arise from any failure on the part of the vendor, including breach of a warranty in general condition 25.11; or
- (b) the purchaser has a reasonable belief that the property is neither new residential premises nor potential residential land requiring the purchaser to pay an amount to the Commissioner in accordance with section 14-250 (1) of Schedule 1 to the *Taxation Administration Act 1953* (Cth).
- The vendor is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount if either exception applies.

# Due diligence checklist

## What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](http://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

## Urban living

### Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

### Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

## Growth areas

### Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

## Flood and fire risk

### Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

## Rural properties

### Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

### Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

### Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

## Soil and groundwater contamination

### Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

## **Land boundaries**

### **Do you know the exact boundary of the property?**

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

## **Planning controls**

### **Can you change how the property is used, or the buildings on it?**

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

### **Are there any proposed or granted planning permits?**

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

## **Safety**

### **Is the building safe to live in?**

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

## **Building permits**

### **Have any buildings or retaining walls on the property been altered, or do you plan to alter them?**

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

### **Are any recent building or renovation works covered by insurance?**

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

## **Utilities and essential services**

### **Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?**

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

## **Buyers' rights**

### **Do you know your rights when buying a property?**

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

**I'M A PENSIONER. CAN I GET A CONCESSION ON MY RATES?**

If you hold a current Pensioner Concession Card or Veteran Affairs Gold Card (War Widow or TPI) you may be eligible for a rebate on your main residence. Health Care Card holders are not eligible for a rebate.

**NEED TO CHANGE YOUR ADDRESS?**

You need to let us know in writing if you have changed your postal address. A formal Notice of Acquisition is required for any ownership changes.

**CAN I SET UP A PAYMENT PLAN FOR MY RATES?**

Payment plans are available for your rates and charges if you are unable to provide payment of the four instalments by the due dates. Please contact Council as soon as possible to discuss your situation and set up a payment plan to avoid extra costs. Interest is charged at 10% pa on any overdue amounts until they are paid in full or have a formalised payment plan in place. We may refer overdue balances that don't have an up to date payment plan to a debt collection agency and begin legal action for recovery. This may result in legal costs being added to your account.

You can also make an early payment, schedule payments throughout the year or apply for a Direct Debit. As long as you have a \$0 balance when each instalment payment is due, you won't be charged interest.

The *Local Government Act 1989* permits Council to waive or defer the payment of any rate, charge or interest if a person can demonstrate that the payment would cause financial hardship.

**HOW ARE MY PAYMENTS ALLOCATED TO MY RATES?**

All payments are allocated in the following order:

1. Legal costs (if any)
2. Interest owing (if any)
3. Arrears owing (if any)
4. Current rates and charges owing

## Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

## Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
  - Land tax that has been assessed but is not yet due,
  - Land tax for the current tax year that has not yet been assessed, and
  - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

## Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

## Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

## Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

## Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

## General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
  - The request is within 90 days of the original Certificate's issue date, and
  - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

## For Information Only

LAND TAX CALCULATION BASED ON SINGLE OWNERSHIP

Land Tax = \$1,560.00

Taxable Value = \$370,000

Calculated as \$1,350 plus ( \$370,000 - \$300,000) multiplied by 0.300 cents.

## Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

## Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:

  - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

## Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

## Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser by the Commissioner is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.
5. If the certificate states that a windfall gains tax is yet to be assessed, note 4 does not apply.
6. A purchaser cannot rely on a Certificate obtained by the vendor.

## Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

## Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. This prohibition does not apply to a contract of sale entered into before 1 January 2024, or a contract of sale of land entered into on or after 1 January 2024 pursuant to the exercise of an option granted before 1 January 2024.

## General information

9. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.
10. An updated Certificate may be requested free of charge via our website, if:
  - The request is within 90 days of the original Certificate's issue date, and
  - There is no change to the parties involved in the transaction for which the Certificate was originally requested.
11. Where a windfall gains tax liability has been deferred, interest accrues daily on the deferred liability. The deferred interest shown overleaf is the amount of interest accrued to the date of issue of the certificate.

## **STATEMENT OF ADVICE AND INFORMATION FOR PROSPECTIVE PURCHASERS AND LOT OWNERS**

### **What is an Owners Corporation?**

The lot you are considering buying is part of an Owners Corporation. Whenever a plan of subdivision creates common property, an Owners Corporation is responsible for managing the common property. When purchasing a lot that is part of an Owners Corporation, buyers automatically become members of the Owners Corporation. If you buy into an Owners Corporation, you will be purchasing not only the individual property, but also ownership of, and the right to use, the common property as set out in the plan of subdivision. This common property may include driveways, stairs, paths, passages, lifts, lobbies, common garden areas and other facilities set up for use by owners and occupiers. In order to identify the boundary between the individual lot you are purchasing (for which the owner is solely responsible) and the common property (for which all members of the Owners Corporation are responsible), you should closely inspect the plan of subdivision.

### **How are decisions made by an Owners Corporation?**

As an owner, you will be required to make financial contributions to the Owners Corporation, in particular for the repair, maintenance and management of the common property. Decisions as to the management of this common property will be the subject of collective decision making. Decisions as to these financial contributions, which may involve significant expenditure, will be decided by a vote.

### **Owners Corporation rules**

The Owners Corporation rules may deal with matters such as car parking, noise, pets, the appearance or use of lots, behaviour of owners, occupiers or guests and grievance procedures. You should look at the Owners Corporation rules to consider any restrictions imposed by the rules.

### **Lot entitlement and lot liability**

The plan of subdivision will also show your lot entitlement and lot liability. Lot liability represents the share of Owners Corporation expenses that each lot owner is required to pay. Lot entitlement is an owner's share of ownership of the common property, which determines voting rights. You should make sure that the allocation of lot liability and entitlement for the lot you are considering buying seems fair and reasonable.

### **Further information**

If you are interested in finding out more about living in an Owners Corporation, you can contact Consumer Affairs Victoria. If you require further information about the particular Owners Corporation you are buying into you can inspect that Owners Corporation's information register.

### **Management of an Owners Corporation.**

An Owners Corporation may be self-managed by the lot owners or professionally managed by an Owners Corporation manager. If an Owners Corporation chooses to appoint a professional manager, it must be a manager registered with the Business Licensing Authority (BLA).

**IF YOU ARE UNCERTAIN ABOUT ANY ASPECT OF THE OWNERS CORPORATION  
OR THE DOCUMENTS YOU HAVE RECEIVED FROM THE OWNERS  
CORPORATION, YOU SHOULD SEEK EXPERT ADVICE.**

## **Australian Addresses**

As of 24th August 2011, **overseas owners are now required to provide an Australian address** for service of notices. I refer you to Section 135 of the Owners Corporation Act, which states:

*“(1) A lot owner who does not occupy the lot or who will be absent from the lot for more than 3 months must advise the owners corporation of the lot owner's mailing address in **Australia** for service of notices and any changes to it as soon as possible.*

*(2) If an address in Australia has not been nominated under subsection (1), service may be effected-*

*(a) By posting the notice to the last known address of the lot owner in Australia; or*

*(b) if an address under paragraph (a) is not known or if a notice sent to that address is returned, in any other manner VCAT considers appropriate”*

It is our suggestion that you arrange for notices to be received either by your Managing Agent or by a relative in Australia. You should then immediately advise us **in writing** of the updated address for service of notices. Please email [ownerupdates@theknight.com.au](mailto:ownerupdates@theknight.com.au). Please note, you may choose to receive all correspondence & levies notices via email.

**Should we not receive notification from you within 28 days, which is your legal requirement, you will be at risk of having your address amended as per the above, which could lead to penalty interest and debts being incurred and legal action being commenced against you.**

### 8. General Business

#### 8.1 Rules and Mandalay Design Guidelines Enforcement

Discussion was had about the Rules of the Owners Corporation and that TK has recently been advised that some of them are not enforceable. TK is waiting on clarification from the solicitor as to which ones are enforceable. For those that are not enforceable by the OC, it is expected that at least some of them will be enforceable by some other entity. TK advised that they are administrators and while they will assist in the enforcement of rules where possible, each owners also has a responsibility to try and resolve issues and for those issues that are civil, council or Vic Roads issues, that the more people that report them to the relevant authority, the more chance there is that something will be done about the issue.

**Resolution:** It was resolved for TK to follow up with the solicitor and advise the COM for direction as to what to communicate to owners. It was further resolved that if it is found that none of the rules are enforceable for TK to seek legal opinion as to whether there is any recourse on the Developer for the rules that were written and the expectation of what the estate will look like.

**Action By:** TK

## 8.2 Security and Neighbourhood watch

Discussion was had about making the estate safer and of each owners responsibility to report all issues that are on council property to the council or the police if appropriate as the OC has no jurisdiction over council property.

**Resolution:** It was resolved that consideration be given to setting up the neighbourhood watch again now that more of the estate has been established and setting up sub-committees.

**Action By:** COM

## 8.3 Solar Update

Discussion was had about the recently held solar information sessions. Discussion has been had about further sessions for those that were not able to attend the previous sessions, and possible initiatives that might be available.

**Resolution:** It was resolved for TK to advise if further sessions will be held and any initiatives available to be sent to owners when the details are known.

**Action By:** COM/TK

## 8.4 Club Mandalay Issues

Several of the items brought up to be discussed related to concerns about Club Mandalay that are not within the jurisdiction of the OC, including that there are no offers for senior members and that the pool can't be used most of the year because it is not heated.

**Resolution:** It was resolved that even though these issues are not OC responsibility for TK to pass on these complaints to Club Mandalay.

**Action By:** TK

## 9. Next Annual General Meeting

**Resolution:** 'It was resolved that the next Annual General Meeting will be held on 10/9/24.'

## 10. Close of Meeting

The meeting closed at 8:20 PM.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF THE OWNERS CORPORATION PS 617320S -  
Mandalay (Camerons Lane BEVERIDGE VIC 3753)**

**Opinion**

I have audited the attached financial information ('financial information') of Owners Corporation PS 617320S - Mandalay, which comprises the Balance Sheet as at 30 June 2022, the Income Statement for the year then ended and Note 1 to the financial information.

In my opinion, the attached financial information presents in all material respects, the financial position of Owners Corporation PS 617320S - Mandalay as at 30 June 2022 and of its financial performance for the year then ended in accordance with the *Owners Corporations Act 2006*, and the measurement and recognition requirements of the Australian Accounting Standards.

**Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Information* section of my report. I am independent of the Owners Corporation in accordance with the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial information in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Emphasis of Matter - Basis of Accounting**

I draw attention to Note 1 to the financial information, which describes the basis of accounting. The financial information has been prepared for the purpose of fulfilling the Committee's financial reporting responsibilities under the *Owners Corporations Act 2006*. As a result, the financial information may not be suitable for another purpose. My opinion is not modified in respect of this matter.

**Responsibility of the Committee of the Owners Corporation for the Financial Information**

The Committee of the Owners Corporation ('the Committee') is responsible for the preparation of the financial information that is prepared in accordance with the *Owners Corporations Act 2006* and have determined that the basis of preparation described in Note 1 to the financial information is appropriate to meet the requirements of the *Owners Corporations Act 2006* and is appropriate to meet the needs of the members of the Owners Corporation. The Committee's responsibility also includes such internal control as the Committee determine is necessary to prepare the financial information and is free from material misstatement, whether due to fraud or error.

In preparing the financial information, the Committee are responsible for assessing the Owners Corporation's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the Owners Corporation or to cease operations, or have no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Owners Corporation financial reporting process.

**Other Information**

Other information comprises the budget numbers included in the Committee's financial information for the year ended 30 June 2022. The Committee is responsible for the other information. My opinion on the financial information does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

**Auditor’s Responsibilities for the Audit of the Financial Report**

My objectives are to obtain reasonable assurance about whether the financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial information .

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial information , whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis of our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Owners Corporation’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Owners Corporation’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Owners Corporation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial information , including the disclosures, and whether the financial information represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

FOR THE YEAR ENDED 30 JUNE 2022**

**1) Summary of Significant Accounting Policies**

## Brief: Metro Community Power Hub

The Metropolitan Melbourne Community Power Hub (MCPH) is an initiative enabling local communities support, develop and deliver renewable energy projects. The MCPH is led by the not-for-profit Yarra Energy Foundation (YEF) and is funded by the Victorian Government through Sustainability Victoria until 30 June 2022. YEF has engaged numerous community groups and organisations from across the metropolitan region as Roundtable Partners (RTPs), who work with YEF in delivering the MCPH's projects, and welcomes other community groups interested in participating in any capacity.

### Aim and activities

The MCPH's overarching aim is to accelerate Victoria's transition towards a clean energy future by supporting community participation in the energy transition, and is guided by values of respect, collaboration, knowledge sharing and innovation.

To support this aim, the MCPH has initiated several **Foundation Programs** which focus on:

- Enabling households to install solar and transition to all-electric homes
- Assisting low-income and CALD communities to lower their energy expenses via workshops and direct one-on-one assistance
- Leading capacity building activities such as upskilling workshops to foster energy literacy throughout the community.

The MCPH also supports ambitious **Flagship Projects**, which aim to deliver renewable energy, reduced emissions and cost savings through projects tailored to suit the interests and needs of specific communities. This could include:

- Installing rooftop solar on sporting clubs, schools, and places of worship
- Converting a retail strip to a renewable Power Purchase Agreement
- Conducting a scoping study for a community battery.

### How your community or organisation can be involved

The MCPH is enthusiastic about supporting community organisations of all kinds, as well as their members and audiences, to respond to climate change and take the opportunities presented by the energy transition. As centres of social activity with strong platforms for communication, community groups are also well placed to both support and benefit from both Foundation Programs and Flagship Projects. There is no cost for groups to be involved in the MCPH, and groups can participate in several ways:

- Promoting the Foundation Programs among your community, either through social media, at events, or in newsletters.
- Hosting an MCPH event which shows your community what they can do to save money and reduce emissions as both homeowners or renters.
- Pursuing a Flagship Project – a new energy project led by your community, for your community.

The MCPH is keen to partner with additional community groups, councils, and other organisations working towards a clean energy future. For more information or to get involved, contact Pete Mercouriou, MCPH Project Manager: [peter.m@yef.org.au](mailto:peter.m@yef.org.au)

## 1.0 INTRODUCTION

### 1.1 The Mandalay Vision

Mandalay will represent the future of community living in the northern suburbs. Residents will benefit from a well-planned community that will provide a number of lifestyle opportunities centered around a Peter Thomson Signature golf course and a community hub that will boast a clubhouse, restaurant, gym, lap style swimming pool, tennis courts, and other facilities.

The Mandalay master plan has been designed with the environment and its residents in mind. The master plan ensures the best possible access to the surrounding amenities with a network of walking and cycling tracks interlinked with the surrounding parks and community facilities. Mandalay is a lifestyle choice where quality landscape and attention to detail will create a distinctive and quality address for all its residents.

### 1.2 Purpose of the Guidelines

The key purpose of these design guidelines is to achieve a consistently high quality of homes and landscaping that realises the Mandalay Vision.

The guidelines are intended to assist you in considering the design of your home and private garden and how this can contribute to and enhance the overall character of the development. The guidelines will help you through the initial consideration, design process and building of your new home. The guidelines will not only enhance your building experience but will underpin the overall amenity of Mandalay and contribute to creating a vibrant community that you will proudly call home.

These design guidelines may be amended from time to time at the developer's discretion to reflect changes in design and building trends and amendments to legislation affecting building approvals.

### 1.3 Submission Requirements and Development Approval Process

The siting and design of your home is required to be approved by the Mandalay Design Reviewer. **(M.D.R.)** before obtaining building permits. It is mandatory that all plans and other relevant drawings are submitted to the M.D.R. for approval.

To obtain the Developers approval, you must forward the **Mandalay Application for Design Approval Form** (found at the rear of this document) with two (2) legible A3 copies of the documentation listed on the form for approval to:

#### **Mandalay Design Reviewer**

C/- Beveridge Property Developers  
501 Blackburn Road  
Mt. Waverley, Vic 3149

#### **The Submission must include the following in (2 copies) A3 format:**

- A min. 1:200 siting plan including: date and reference number of drawing, north point, lot area calculation, dwelling area calculation, home positioned on the lot with dimensions and setbacks from all boundaries, proposed fencing, crossover and driveway location; clothes line, letter box, water tank, outbuildings and pool position if applicable. Provide the building envelope if applicable to the lot.
- Floor plans at minimum of 1:100 with north point, indicating all rooms, windows, external doors, external fixtures and nominated floor levels; including air conditioning and solar units positions.
- Full elevations indicating wall heights and all external finishes including garage door type; extent of eaves and position of air conditioning and solar units.

- Relevant cross sections showing roof pitches, eaves depth and height of walls along the boundaries; cut and fill including retaining walls where applicable.
- Fence design as per the Mandalay fence template (included) with the client's signature as endorsement or; a plan with all dimensions and materials should be included.
- Schedule of colours and materials to be used externally – provide colour chips or a colour photocopy for reviewing by the M.D.R.

A detailed checklist of submission requirements is provided as part of the Design Approval Application Form included in this document.

The M.D.R. will assess all designs and either provide a notice of approval or specify how the submission conflicts with the guidelines. Designs that substantially comply with the guidelines may be given a notice of approval with conditions requiring the rectification of minor deviations. Furthermore the M.D.R. may make suggestions intended to improve the design.

The M.D.R. will use its best endeavors to assess proposals in the shortest possible time and generally within 10 -14 business days of receipt of a fully completed and compliant application. You must then obtain the approval of the building plans from the local Council or relevant Building Surveyor and/or any other relevant authorities required by the authority approval process. It is the responsibility of the owner that the proposed building works comply with local, state, and Rescode requirements. Neither the Mandalay Design Reviewer nor the developer accepts any responsibility for works that don't comply as noted above.

**Please Note:**

The final decision of all aspects of the Design Guidelines is at the discretion of the M.D.R. and no additional correspondence will be entered into once a decision has been made. The M.D.R. is not liable for any refunds, credit or compensation for its decisions in granting or refusing a submission approval or any discrepancies that may arise from this work.

**Figure 1.1 Design and Approval Process Flow Chart.**

## 2.0 SITING & ORIENTATION

Where possible each dwelling should be designed to maximise the advantages and natural characteristics of the site. Solar angles, views, prevailing breezes, relationship to the street, open space, landscaping and adjoining dwelling type and locations should all be considered to create a responsive design solution in keeping with the intent of the Mandalay vision.

### 2.1 All Lots

Building envelopes have been prepared for all lots in the development (refer to the Plan of Subdivision and Notice of Restriction). These building envelopes indicate the area on each lot where a building can be sited.

- A front (primary) boundary is deemed to be that part of the lot with the street frontage being the smallest dimension, unless the Building Envelope Plan indicates otherwise.
- Only one dwelling may be built on any one lot.
- Lots may not be further subdivided unless:
  - (a) they are designated for medium density housing or for further subdivision; or
  - (b) they have an area greater than 500m<sup>2</sup> and the subdivision would not enable a lot of less than 500m<sup>2</sup>.
- All building works must be contained within the building envelope and subject to approved variations; they must also comply with current Planning Controls / ResCode.
- Every dwelling must be set back from the front boundary according to lot size and type.
- Garages located on the primary street frontage must also be located a minimum of 0.5 metres behind the main façade of the dwelling unless otherwise noted or approved to vary this guideline by the M.D.R.
- Decking and pergolas are permissible encroachments and as such may encroach up to 2 metres into selected setbacks pending approval from the Building Surveyor, local Authority / ResCode and Guidelines conditions.
- Verandahs, porticos and entries are also permitted encroachments within the front setback. The maximum encroachment is 0.5 metres which is also dependant on approval from the Building Surveyor, local Authority/ResCode and Guidelines conditions.

### 2.2 Corner Lots - Specific

Corner lots have significant impact on neighborhood character, and therefore, considerable attention is required to ensure that a desirable outcome is achieved for both the home owner and the Mandalay Estate as a whole.

It is important that corner lots address their prominent position in the streetscape while contributing to the creation of an attractive, safe living environment. They form a gateway to adjoining streets, therefore it is essential that the dwelling addresses both street frontages with articulation of the built form including varying materials, window and door openings.

It is important that corner lot homes are articulated to provide an appropriate corner feature to your home that will 'turn the corner' for both single and two storey dwellings. One or more of the following building elements is to be incorporated into the design as a corner feature;

- Windows
- Feature gable, window, etc.
- A return verandah or balcony
- An articulated step back or setback.
- A change of wall finish (material) that assists in softening the mass of the building

- Blank walls of more than 8 metres to the secondary facade (side street) will not be permitted.
- Corner allotments with proposed crossovers intended to be located to the side street frontage may be considered by the M.D.R. on an individual basis.
- A return verandah or balcony

Alternative submissions will be considered on an individual basis by the M.D.R.

Figure 2.2 Examples of encouraged treatments on corner allotments

### 2.3 Front Setbacks

LOT SIZE M <sup>2</sup>	MINIMUM habitable FLOOR AREA M <sup>2</sup> (excludes garages, carports, porches, porticos, verandahs, alfresco areas)	FRONT SET BACK
<300m	120m <sup>2</sup> (12.90sq)	A minimum of 3.0m and a maximum of 3.5m from the front boundary.
300m <sup>2</sup> - 450m <sup>2</sup>	120m <sup>2</sup> (12.90sq)	A minimum of 4.0m and a maximum of 4.5m from the front boundary, except where the front boundary abuts the golf course, in which case a minimum of 3.0m and a maximum of 3.5m from the front boundary.
451m <sup>2</sup> – 600m <sup>2</sup>	150m <sup>2</sup> (16.14sq)	A minimum of 4.5m and a maximum of 5.0m from the front boundary, except where the front boundary abuts the golf course, in which case a minimum of 3.0m and a maximum of 3.5m from the front boundary.
Greater than 600m <sup>2</sup>	180m <sup>2</sup> (19.37sq)	A minimum of 5.0m and a maximum of 5.5m from the front boundary, except where the front boundary abuts the golf course, in which case a minimum of 3.0 and a maximum of 3.5m from the front boundary.

### 2.4 Side Setbacks

Side setbacks need to allow for adequate landscaping and clear pedestrian access around the dwelling. This will ensure that if retaining walls are necessary there will be a sufficient transition between dwellings and their boundaries. Generally single storey dwellings must have a minimum side setback of 1 metre at ground floor level, however zero lot line construction may be considered if it accords with all relevant authority standards including building envelope plans and profiles. This also applies to boundary setbacks on double storey developments.

On corner lots, buildings must be set back a minimum of 2.0 metres from the secondary street frontage (the smaller lot dimension generally defines the primary frontage). Refer Figure 2.3 for details.

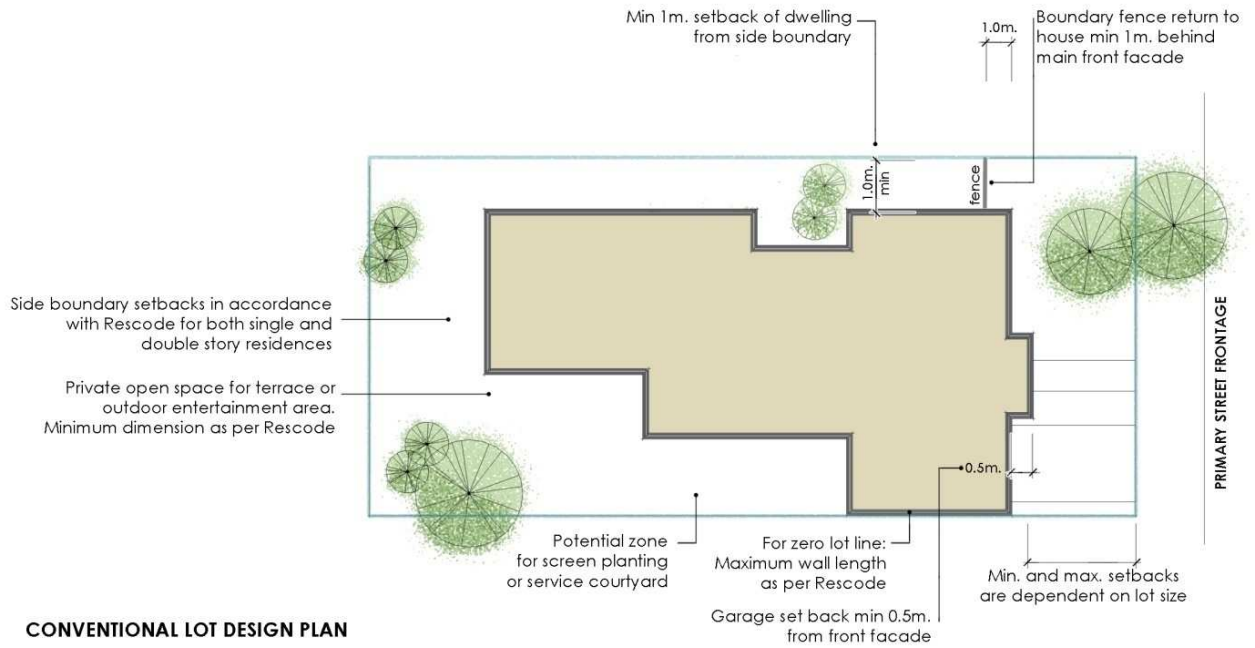

Figure 2.3

Figure 2.4

Figure 2.5

## 2.5 Dwelling Setbacks to Golf Course Boundaries

Dwellings that have a boundary abutting the golf course boundary are required to have a minimum setback of 3.0 metres from that boundary to promote usable external open space whilst minimizing amenity impact on adjoining properties including over shadowing and overlooking.

Figure 2.5a

## 3.0 DWELLING DESIGN

Figure 3.1 Examples of preferred dwelling types

### 3.1 Architectural Character Mandatory Standards

- No dwelling may exceed two storeys in height. With a maximum height not exceeding ResCode.
- Ceiling heights for all dwellings must not be less than 2.4 metres above floor level.
- All dwellings must have a verandah, portico, porch or other similar entrance feature surrounding the front entrance.
- Entry porches, verandahs and pergolas must be sympathetic to the overall dwelling design.
- Kit homes and dwellings constructed of second hand materials are not permitted, except with the approval of the M.D.R.
- The main pedestrian entry (front door) or access way to the main pedestrian entry must be visible from the primary street frontage.
- Roof pitches are to be a minimum of 22 degrees. Alternate roof forms including combinations will be considered by the M.D.R. provided it can be demonstrated that they comply with the overall objective and intent of the guidelines.
- Unless otherwise specified or considered as meeting the overall objectives of the guidelines by the MDR, all roofs must be designed having a minimum eaves width of 450mm. Eaves to the frontage of a dwelling must return and continue a minimum distance of 500mm along the connecting return wall and or walls from the said frontage.  
Note. Walls constructed on side boundaries will be exempt from the eaves requirements unless otherwise directed by the MDR.  
Corner lot dwellings must continue the 450mm eaves profile to both street frontages, then returning the minimum 500mm as noted above unless otherwise approved by the MDR.
- Dwellings designed on golf course lots must have a minimum eaves width of 450mm which is continuous to all elevations unless otherwise approved by the M.D.R.
- Roofing materials must complement the design and style of the proposed dwelling. Roof sheeting is to be non-reflective. (muted tones are preferred) Untreated galvanised or zinc finished, tray deck or fibre cement roof materials will not be approved with the intent to minimise reflection issues caused by light coloured or untreated roof surfaces.

### 3.2 Building Materials and Colour Palette

An important element in maintaining a high quality of residential neighborhood character is the control of external building materials, colours and other related finishes. Natural colours are encouraged as they enhance the architecture and landscaping vision for Mandalay.

External walls of each dwelling must be constructed of either:

- Face brickwork
- Rendered or bagged brickwork/ concrete block but must be painted or coloured
- Weatherboards, composite cladding materials and cement sheeting (painted rendered or similar textured finish).
- Selected stone.
- Muted colours and finishes shall be used to blend with the natural setting of Mandalay.
- External windows and doors other than those utilized in an entrance situation are not to contain reflective, frosted, coloured or patterned film on glass unless governed by authority and/or ResCode requirements or approved by the M.D.R.

Figure 3.2 Examples of preferred external colours, materials and finishes.

### 3.3 Identical Façade Assessment

In order to protect your and your neighbor's investment, two dwellings of the same front facade design shall not be built within 5 dwelling lots of the subject property, this would include lots either side, opposite and other street frontages where applicable (Refer Figure 3.3). No concept designs and or façade only submissions will be accepted. I.e. submissions must include all information as requested on the Design Approval Application form to initiate the approval process.

**The final facade assessment decision will be at the discretion of the M.D.R.**

Figure 3.3 Facade Assessment

### 3.4 Environmentally Sustainable Design

This development encourages good environmental design as it positively contributes to the reduction of greenhouse gases, biodiversity, conservation and water cycle management and we encourage good environmentally sustainable design. Mandalay has been designed with a “Third Pipe” recycled water network that will provide each property with the opportunity of reducing demand on potable water resources.

### 3.5 Garages and Carports

It is preferred that where practicable, garages and carports be designed to minimise their visual impact to the streetscape. All garages must be constructed in harmony with the main dwelling by using materials and colours which reflect the overall architectural theme and vision of Mandalay. In assisting to minimise the visual impact of the garage as a dominant feature to the dwelling façade, the guidelines encourage roof construction of either garage or carport to be incorporated within the main roof form of the dwelling. This intention also extends to the appearance and materials proposed for the garage door to ensure it too reflects the visual connectivity with the proposed dwelling.

- The garage or carport must be constructed at the same time as the dwelling.
- Garages or carports located on the primary street frontage must be located either on the side boundary or within 1.5 metres of that side boundary unless otherwise noted or approved to vary this guideline by the M.D.R.
- Garages or carports located on the primary street frontage of a corner lot (excluding a dual frontage lot) must also be located a minimum of 0.5 metres behind the primary frontage façade of the dwelling unless otherwise noted or approved to vary this guideline by the M.D.R.
- Where garages or carports are located on the secondary street frontage of a corner lot (unless otherwise shown on the plan of subdivision), they must be Setback 5.0 metres from that secondary street boundary and located on or within 1.5 metres of the rear boundary.
- Swing in garages or carports may be permitted subject to special consideration by the M.D.R. The standard front setbacks will still apply. All garage or carport walls addressing primary street frontage must be designed to address the said street frontage. i.e. with the inclusion of windows, first floor construction directly over, building articulation, combined roof forms and material finishes that compliment the adjoining dwelling. (Refer Figure 3.4)
- Unenclosed sides of garages or carports are not permitted to face a street frontage but may be located behind garages and residences. The M.D.R. reserves the right to limit the area of an unenclosed garage or carport under roof.
- Garage or carport design must match or complement the home in respect to materials, roof pitch, design, colour, external appearance and quality of construction.
- Individual garage doors shall not be more than 6 metres in width. Roller doors are not permitted.
- The garage or carport must be capable of accommodating a minimum of two vehicles. Golf carts must be parked in a garage, carport or a specific storage area to ensure that the cart is out of public view whenever not being used.
- 3 car garages will be assessed on their merits; and should be integrated into the body of the dwelling, with a door of not more than 5M to the double car accommodation incorporating an additional single door to the single garage element and setback a minimum of 500mm from the face of the adjacent garage.

SWING IN GARAGE LOT DESIGN PLAN

Figure 3.5

Figure 3.5a Examples of approved garage doors.

### 3.6 Driveways and Paving

- Driveways must be fully constructed prior to occupying the dwelling.
- A colour sample of the proposed driveway material must be provided with the application submission. Plain colour concrete driveways will not be permitted. Exposed aggregate drives are encouraged as they integrate well within the landscape.
- Driveways shall not exceed 4.5 metres in width at the street crossover and can taper to the maximum width of the garage door or doors.
- Driveways will have a minimum 0.4 metres setback from the side boundary for landscaping irrespective of whether the side boundary is fenced or not.

The incorporation of cart storage and vehicle parking as part of the garage design is recommended. Cart dimensions will vary between manufactures.

It is recommended that you install a 0.1 metre diameter PVC conduit under the driveway to accommodate future irrigation requirements for the garden bed required between the driveway and side boundary.

Driveways must be constructed of:

- Brick and/or concrete pavers;
- Coloured concrete;
- Saw-cut coloured concrete;
- Concrete with exposed aggregate;
- Asphalt with brick borders.

**Exposed aggregate**

**Concrete pavers/Saw-cut coloured concrete**

**Figure 3.6 Examples of approved driveway finishes.**

### **3.7 Letterboxes**

Letterboxes should be designed to compliment and match the dwelling, using the similar materials, colours and finishes. Single post supporting letterboxes will not be permitted.

**Figure 3.7 Examples of approved letterboxes.**

## **4.0 FENCING**

The fencing of your home and that of your neighbour will affect the overall aesthetics of the Mandalay Estate as it plays an important role in the general definition of the streetscape and transition between public and private spaces. Whilst fencing is intended to provide privacy and a sense of security between dwellings it will not be permitted along main street frontages and within the main front setback of the proposed dwelling.

### **4.1 Front Fencing**

Unless constructed by the Developer or with the prior approval of the M.D.R. no fences shall be constructed along the front or street boundary, or within primary frontage setback.

#### 4.2 Typical Side and Rear Fencing (unless otherwise specified)

Unless otherwise specified in these guidelines, fence construction between adjoining lots must be in general accordance with figure 4.2 below, and must finish a minimum of 1 metre behind the primary street frontage façade.

Fences between adjoining lots must be constructed from timber palings and must have timber capping with timber posts exposed to both sides of the fence as per Figure 4.2.

Adjoining owners are solely responsible for the construction and maintenance or replacement of fencing between adjoining lots.

No side fences are to occur within the front garden.

Subject to the approval of the M.D.R., retaining walls or courtyard defining walls may be acceptable in the zone between the front boundary and the front of the dwelling, but must be complimentary in material finish and design to the main dwelling.

For screening and service yards, additional timber fences are acceptable if setback not less than 1 metre from the relevant front corner of the dwelling and are to be in accordance with the Mandalay timber fencing details.

Figure 4.2 typical side & rear fencing

#### 4.3 Corner Lot Fencing

Corner timber fencing (abutting a road reserve or park) will be provided by the developer, constructed in accordance with Mandalay fencing options and will;

- Not exceed 1.8 metres in height and constructed in accordance with the approved Mandalay timber fencing details. Figure 4.3.
- Remain at least 1 metre behind the front facade and return to abut the dwelling. This fencing must also be setback behind the corner treatment.
- Wherever permitted, gates (constructed at expense of purchaser) must be consistent with the adjoining fencing details.

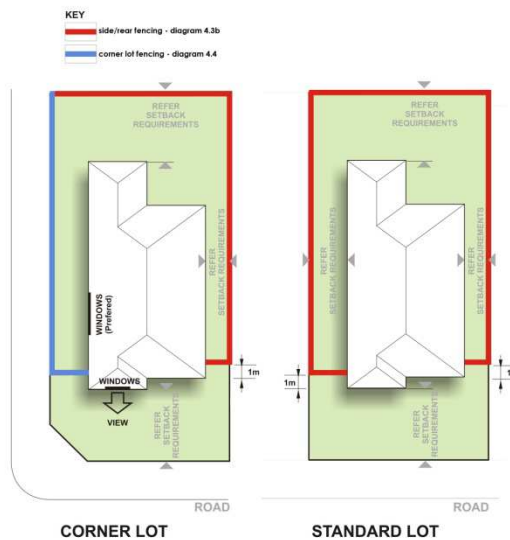

Figure 4.3 corner lot fencing

#### 4.4 Fencing Template

Corner and standard lot fencing plan can be adopted by the owner by signing and attaching this plan and those of diagrams 4.2, 4.3 and 4.4 with the application form submission as an endorsement that the fencing will be carried out as per the Mandalay fencing requirements

4.4 Fencing (template) locations for standard and corner lots

#### 4.5 Golf Lot Fencing

All fencing to the boundaries of golf lots that adjoin the golf course will be installed by the developer at no expense to the purchaser. The fencing will be no higher than 1.5m above the natural finished surface level and constructed using post and rail framework infilled with black PVC coated steel fencing. The bottom rail of the fence construction will be used as the plinth runner.

The developer will also provide gate access to selected allotments that are connected with paths accessing the golf course. No gates will be allowed in fences addressing the golf course unless they open onto a designated pedestrian path. Wherever allowed, gates must be consistent with fence details and subject to the M.D.R. approval.

If a lot already has a fence or wall being part of a fence or wall erected by the developer, the owner must not remove, damage or disfigure it and must maintain it in good condition.

**Figure 4.5 Typical Golf Lot Fencing Detail**

Notes for construction/materials:  
2 Metre spacing for posts  
Overall fence height is not to exceed 1500mm from natural ground level  
Posts are to be black powder coated (50X50 square section steel)

## **5.0 PLUMBING & ANCILLARY EQUIPMENT**

### **5.1 Plumbing**

Mandalay has been designed with a "Third Pipe" recycled water network that will enable each property to reduce the demand of potable water resources. Dwellings must connect all toilets to the "Third Pipe" recycled water network and provide a minimum of two garden tap outlets, one to the frontage area of the site and the other in the rear area of the site. All garden tap outlets must be connected to the "Third Pipe" recycled water network and colour coded accordingly.

- All external plumbing including spa pumps/motors are to be concealed from public view. Downpipes and gutters are exempt from this requirement.
- No exposed plumbing waste piping is permitted.
- Gutters and downpipe treatment must compliment the house colour.
- Taps, including recycled water taps are not to be free standing and are to be wall or fence mounted.

### **5.2 Rain Water Tanks**

Rain water tanks are encouraged as an environmental initiative however they must be positioned and or screened to restrict them from public view.

### **5.3 Air Conditioning Units**

- Air-conditioning units and exposed components thereof are to be located below the roof ridge line and towards the rear of the property to minimise visual impact. They are to be colour toned to match adjoining wall or roof colour. The units shall be of low profile type and wherever appropriate, be fitted with noise baffles.
- Final position of units to be considerate of lot location i.e. golf course, park land etc. In these areas air-conditioning units should be positioned to minimise visual impact.

### **5.4 TV Antennae and Satellite Dishes**

The Mandalay estate has been equipped with the provision of an optical fibre network enabling the supply of free to air digital and pay television. Therefore TV antennae and other related receivers will generally not be required.

In the unlikely event that an antennae and satellite dish installation (maximum 1 metre diameter) is required, it is to be located toward the rear of the dwelling and below the ridgeline. The intent is to minimize the visual impact from adjoining streetscape and general public areas.

- CB radio antennae will not be permitted.

### **5.5 Solar Water Heating**

The Victorian Government supports the installation of solar hot water heaters through the Victorian Government Solar Hot Water Rebate Program. This is an efficient method of energy conservation and is highly encouraged. For more information visit the Sustainability Victoria website at [www.sustainability.vic.gov.au](http://www.sustainability.vic.gov.au).

Solar hot water piping for dwellings or swimming pools are permitted provided they are located on the roof and installed at the same pitch angle as the roof and where practical they are to be located at the rear of the property to minimise visual impact from public viewing. Tanks for such systems are not permitted to be located on the roof and must be screened from public view.

### **5.6 Water Efficiency**

Water re-use and conservation in today's climate are very important considerations when designing your home. Solutions may include the use of rainwater tanks; low water use plants in the garden, water re-use systems and the use of low water use shower heads and toilets, etc. More information on these important issues can be obtained from Mitchell Shire Council, [www.mitchellshire.vic.gov.au](http://www.mitchellshire.vic.gov.au), or Yarra Valley Water, [www.yvw.com.au](http://www.yvw.com.au).

### **5.7 Smart Wiring**

Recognizing technological advancement in home communications and automation systems, the Mandalay estate has been equipped with an advanced Fibre to the premises (FTTP) network. Initially however it will be necessary for all dwellings to be provided with a lead in communications cable from the title boundary to the enclosure housing the network termination device (NTD). This is to be installed by an accredited electrician in accordance with OptiComms cable entry guidelines. Information in relation to the installation guidelines can be obtained by contacting the OptiComm help desk on 1300 137 800 or accessing the following link <http://www.opticomm.net.au/html/services.htm> Depending on your personal budget and lifestyle requirements, smart wiring will enable you to combine phone and fax lines, pay TV cabling, sound, computer and internet, intelligent lighting, security, home automation and much more at the one time and it gives the flexibility to add and change in the future without expensive re-wiring costs.

## **6.0 GENERAL DWELLING INFORMATION**

### **6.1 Screening**

To avoid detracting from the visual quality or the character of the streetscape unsightly items and equipment should be screened from the street and public view.

Ground mounted equipment such as heating and cooling units, hot water services including rubbish disposal containers etc shall be screened from public view and shall not be visible from the street, golf course or parkland.

### **6.2 Clothes Lines & Drying Areas**

Clothes lines and drying areas shall be located so that they are not visible to public viewing. Consideration should be given to using an extend-a-line which can be stored when not in use.

### **6.3 Parking of Heavy Vehicles and Caravans etc.**

Trucks or commercial vehicles (exceeding 1.5 tones), recreational vehicles, golf carts and caravans shall be screened from public view when parked or stored.

### **6.4 Property Settlement and Timing of Works**

Construction of all dwellings must commence within twenty four (24) months of settlement and construction must be completed within twelve (12) months of work commencing.

Builders / Developers must settle within twelve (12) months of the Contract of Sale being signed. They must also lodge drawings of the proposed display home to the MDR for review within ninety (90) days of the Contract of Sale being signed. Construction of the dwelling must be completed within 300 calendar days after receiving developer's approval of the proposed display home.

These conditions can be varied by specific terms in the Contract of Sale.

### **6.5 Aluminium Roller Shutters to Windows**

The use of aluminium roller shutters to windows is prohibited.

### **6.6 Window Furnishings**

Internal window furnishings which can be viewed by the public must be fitted within three (3) months of occupancy. Sheets, blankets, or similar materials for which window furnishing is not their primary use, will not be permitted.

### **6.7 Maintenance of Lots**

The Purchaser shall not allow any rubbish including site excavations and building materials to accumulate on a lot (unless the rubbish is neatly stored in a suitably sized industrial bin or skip) or allow excessive growth of grass or weeds upon the lots.

The Purchaser shall not place any rubbish including site excavations and building materials on adjoining land, reserves or in any waterway.

The Developer or its agents may enter upon and have access over a lot at any time without creating any liability for trespass or otherwise to remove for rubbish, maintain, slash or mow a lot and the Purchaser agrees to meet the Developer's reasonable costs of doing so.

### **6.8 Signage**

Signage is not permitted on residential lots with the following exceptions:

- Display home signage with the written approval of M.D.R.

- Builders or tradespersons identification (maximum 600mm x 600mm) required during dwelling construction. These signs must be removed within 10 days of the issue of the Certificate of Occupancy.
- One sign only advertising the sale of a complete dwelling is permitted. These signs must be removed within 10 days of the property being sold.
- There are to be strictly no signs erected for the purposes of advertising the sale of a vacant lot other than any sign that relates to the sale of such lot by the Developer.
- Other signs may be permitted with approval of the M.D.R.

## 7.0 LANDSCAPING

The Developer will provide Mandalay residents with high quality landscaping to both the streetscapes and also individual lots. This investment in quality public and private landscaping adds significant value to any community. It not only promotes an attractive neighborhood but also improves the value of your dwelling. Appropriately designed gardens contribute in a positive way to the quality of the built environment.

Gardens will be environmentally responsive by utilizing appropriate drought tolerant sensitive plants, organic or mineral mulches and drip irrigation systems.

Included in the purchase of your land is a landscaped front garden where you will be given the opportunity to work with our landscape team to design a garden that is specifically tailored to meet your individual tastes. In order to commence construction of your garden you will need to contact the Mandalay Design Reviewer once you have requested Certificate for Occupancy from Council.

- You must contact the Mandalay Design Reviewer prior to obtaining CFO and advise that you are ready to meet with the landscape consultant.
- The Mandalay Design Reviewer will contact the nominated landscape Consultant and advise them of your position
- The Landscape consultant will contact you and make an appointment with you to go over the available options and tailor them to be more specific to your tastes.
- Once the plans have been drawn and approved by you the Developer will have a maximum of 6 months in which they must carry out those works to your front garden. This is to allow for specific periods of the year in which planting is not desirable.
- It will be your responsibility to keep the plants and shrubs / trees alive and establish the grass and maintain the garden once complete.
